RE: Request for Applications ("RFA") to Administer the Community Services Block Grant ("CSBG") in Dallas County

The Texas Department of Housing and Community Affairs (the "Department") is seeking interested organizations to apply to administer the CSBG in Dallas County and be designated as the CSBG Eligible Entity for Dallas County. An organization that submits an application must be willing to administer the program throughout the entire county. In accordance with the CSBG Act, the Department will give preference in awarding the funding to a qualified nonprofit; however, Public Organizations are welcome to apply, and may be awarded if no eligible private nonprofit organizations achieve the minimum threshold score.

The Department's Governing Board has approved pursuing termination of the current CSBG Eligible Entity in Dallas County and that process, which is ongoing, is nearing completion. Per the process described in federal law (42 USC §9915 and U.S. Department of Health and Human Services ("USHHS") Information Memorandum ("IM") 116) CSBG funds will not be reduced or terminated until and unless this termination process is completed. The only remaining step is for the Secretary of USHHS to complete the review required under 42 USC §9915(b). It is possible that the current Eligible Entity may not ultimately be terminated; however, in order to limit the period of time that Dallas County residents go without robust services, the Department is releasing this RFA and requesting responses from interested and qualified applicants so that an alternate eligible entity can have been identified in anticipation of the possibility of the current recipient being terminated. More information on the existing eligible entity's termination can be found in the October 13, 2016, Board book materials (Item 5a) at:

<http://www.tdhca.state.tx.us/board/meetings.htm>.

Interested applicants must meet the requirements set forth in the RFA and must submit a complete application through the established system described in the RFA by Wednesday, May 10, 2017, 5:00 p.m. Austin local time. An information session will be held at the Oak Lawn Branch Library, 4100 Cedar Springs Road, Dallas, Texas 75219 on Wednesday, March 8, 2017

at 10:00 a.m. Dallas local time to answer questions pertaining to the CSBG Program and the RFA.

The application forms contained in this packet and submission instructions are available on the Department's web site at <http://www.tdhca.state.tx.us/community-affairs/nofas.htm>. The Department looks forward to receiving your completed application. Should you have any related questions, please contact Gavin Reid at (512) 936-7828 or gavin.reid@tdhca.state.tx.us.

Sincerely,

Michael DeYoung

II. GENERAL INFORMATION

A. Background

The CSBG Program provides annual funding support through states to a network of eligible entities to maintain a local program service delivery system on behalf of low-income individuals and families. The CSBG Act requires that 90% of the annual CSBG funds received by the Department from USHHS be passed-through to this network of local organizations for administrative support, direct services to clients, and to facilitate the delivery of services for low-income population groups. Eligible entities, upon Department approval, are designated by the Governor to provide a broad range of services designed to eliminate poverty and foster self-sufficiency. Once such designation by the Governor is made the eligible entity retains the responsibilities under the CSBG Act, as well as the due process rights

under that Act until and unless it either voluntarily relinquishes that status or is terminated in accordance with the requirements of the CSBG Act.

Tex. Gov't Code §2306.097 requires energy services programs that serve low-income individuals, such as Community Energy Assistance Program ("CEAP"), to operate in conjunction with the CSBG. The Department has been designated to administer the CEAP and CSBG for the State of Texas pursuant to Tex. Gov't Code §2306.094. Therefore, the Department will award points to an applicant that currently administers CEAP funds.

The Department is seeking an organization to serve as the eligible entity for and to administer the CSBG in Dallas County. Organizations that submit an application must be willing to administer the program throughout the entire county.

B. Purpose of CSBG

The purpose of the CSBG is to reduce poverty, revitalize low-income communities, and empower low-income individuals and families to become self-sufficient. This is accomplished by using CSBG funds to support local efforts to identify, reduce, or eliminate the causes of poverty and to help solve problems that block the achievement of self-sufficiency among individuals. While use of CSBG funds has broad latitude for creativity in addressing the specific needs of a community, there are specific requirements relating to assessing and identifying those needs; more information of the preparation of a Community Needs Assessment can be found at <http://www.tdhca.state.tx.us/community-affairs/csbg/docs/15-CommNeedsAsmtGuide.pdf>. The program also has an extensive performance management and accountability framework. There are comprehensive National Performance Indicators ("NPIs") that federally govern programming and success; more information on the NPIs can be found at http://www.nascsp.org/data/files/csbg_is_survey/csbgis_npi_instructions_nascsp_2015.pdf.

Eligible Applicant Organizations

Organizations eligible to apply to serve an unserved area must be a private nonprofit organization or a Public Organization. Per the CSBG statute 42 USC §9909(c), a political subdivision of the State will not be considered unless there is no qualified private nonprofit organization, as defined in 10 TAC §6.2(b)(39). The successful applicant will be designated as the eligible entity (as defined in 42 U.S.C. §9902(1)(A)) for the county in the service area. An organization that is eligible to be designated as a new CSBG eligible entity may be:

- a private nonprofit organization (which may include an existing Eligible Entity) that is geographically located in the unserved area, that is capable of providing a broad range of services designed to eliminate poverty and foster self-sufficiency, and that meets the requirements of the CSBG Act;
- a private nonprofit eligible entity that is geographically located in an area contiguous to or within reasonable proximity of the unserved area and that is already providing related services in the unserved area, and is willing to add additional board members to ensure adequate representation of the new service area;
- a Public Organization; or
- if no private nonprofit organization is identified or determined to be qualified to serve the unserved area as an eligible entity, under 42 USC §9909(e) the Governor may designate an appropriate political subdivision of the State to serve as an eligible entity for the area. In

order to serve as the eligible entity for the area, the political subdivision shall have a board or other governing mechanism as required by 42 USC §9910(b), as approved by the Department in writing.

In order to be an eligible applicant, the applicant cannot owe the Department more than \$25,000, and cannot be currently delinquent in their submission of any required Single Audit to the Federal Clearinghouse or the Department, as applicable.

D. Eligible Use of Funds

CSBG funds are made available to local organizations under contract with the Department to provide administrative support, to provide direct services to eligible low-income clients, and/or to mobilize resources to provide an array of services to the low-income clientele in the designated service area.

Per requirements of the CSBG Act, CSBG funds are to be used locally to support activities that are designed to assist low-income families and individuals:

- to remove obstacles and solve problems that block the achievement of self-sufficiency;
- to secure and retain meaningful employment;
- to attain an adequate education, with particular attention toward improving literacy;
- to make better use of available income;
- to obtain and maintain adequate housing and a suitable living environment;
- to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent needs;
- to achieve greater participation in the affairs of the communities involved;
- to address the needs of youth in low-income communities through youth development programs. Such programs may include, but are not limited to, after-school child care programs and youth mentoring, mediation, life skills training, and jobs programs; and
- to make more effective use of and to coordinate with other programs in the community.

Case management services must be provided to assist eligible low-income individuals to attain an income above the 125% level of poverty income guidelines. The provision of case management includes: an assessment of the household's needs; a plan of action to meet the client's needs; and regular follow-up to ensure that clients are making progress in meeting established goals.

CSBG funds can be utilized to collaborate with other entities on projects and/or to subcontract for client services. Through the use of subcontracts, a CSBG eligible entity can expand their ability to provide a wide array of services to meet the needs of low-income persons, especially those aimed at enabling families and individuals to work towards the achievement of self-sufficiency. The Department understands that with limited time to apply for funding, plans to subcontract for services may be limited at the time of application. All subcontracts will need to follow the Department's procurement rules and Office of Management and Budget Regulations and Uniform Grant Management Standards.

E. FFY 2017 Funding Estimates for Service Area

The applicant organization chosen through this competitive process will be offered a CSBG contract for Program Year 2017 and for each year that funds are made federally available and in accordance with federal requirements.

The estimates for FFY 2017 funding are based upon the amount of funds provided for the service area in FFY 2016. These estimates are for planning purposes for the release of the RFA. Final allocation amounts may vary. The available funds are to be utilized to cover costs related to administration, direct program staff costs, and for the provision of the services and assistance.

F. Allocation Estimates

The estimated FFY 2017 allocation for the Dallas county CSBG service area is \$3,029,049.

G. Subrecipient Requirements

1. Tripartite Board or “Other Mechanism” Requirements

In order for a private nonprofit entity or Public Organization to be considered to be an eligible entity, the entity shall administer the CSBG through a tripartite board that fully participates in the development, planning, implementation, and evaluation of the program to serve low-income communities. The members of the Board shall be selected by the entity and the Board shall be composed so as to assure that: 1/3 of the members are elected public officials or their representatives; not fewer than 1/3 of the members are persons that are democratically selected to assure that these members are representative of low-income individuals and families in the neighborhood served; and, the remainder of the members are officials or members of business, industry, labor, religious, law enforcement, education, or other major groups and interests in the community served.

The rules governing the CSBG entity’s board requirements are found in 10 TAC Chapter 6, Subchapter B, §§6.209 – 6.214. An entity must be fully prepared to bring its board into compliance with these board requirements within 180 days of selection as the new Eligible Entity. Department staff will also be willing to provide the successful Applicant technical assistance on compliance with this and other requirements of the CSBG Act and the Department’s rules.

2. Service Area Coverage Requirement

The Department is seeking an organization to administer the CSBG in Dallas County. Organizations that submit an application must be willing to administer the program throughout the entire county.

3. Results Oriented Management and Accountability Systems and CSBG Organizational Standards

The applicant awarded funds to serve as the CSBG eligible entity must participate in the Results Oriented Management and Accountability System to report performance to the Department and must meet the requirements of the CSBG Organizational Standards. Information regarding these requirements can be found on the Department’s website at <http://www.tdhca.state.tx.us/community-affairs/csbg/guidance.htm>. Department staff will also be willing to provide the successful Applicant technical assistance on compliance with this and other requirements of the CSBG Act and the Department’s rules.

4. Client Eligibility Requirements

Clients to be served with the support of the CSBG must have an annualized income not to exceed 125% of the poverty income guidelines as provided by the USHHS.

5. Program Administration

CSBG awardees must operate the program in accordance with the CSBG Act, the Texas Administrative Code regulations in Title 10, Part 1, Chapters 1 and 2; Title 10, Part 1, Chapter 6, Subchapters A and B; and in accordance with the Texas Uniform Grant Management Standards (“UGMS”), except where preempted by 2 CFR Part 200.

Applicants should review each of these documents to fully understand all requirements for program administration before making the decision to submit an application. Department staff will also be willing to provide the successful Applicant technical assistance on compliance with this and other requirements of the CSBG Act and the Department’s rules.

6. Ineligible Use of Funds

CSBG funds may not be used to purchase or improve land, or for the purchase, construction, or permanent improvement (other than low-cost weatherization or other energy-related home repairs) of any building or other facility.

Any entity that receives funds from this proposal and assumes responsibility for planning, developing, and coordinating CSBG activities shall be deemed a State or local agency for certain purposes. The funds shall not be used in the provision of services or the employment or assignment of personnel to support the following activities: any partisan or non-partisan political activity or any political activity in an election for public or party office; any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election; or any voter registration activity. Utility and rent deposit refunds from vendors must be reimbursed to the Subrecipient and not the customer. Refunds must be treated as program income, and returned to the Department within ten days of receipt. Any other prohibited uses or activities identified in state or federal statute or rule will also be ineligible.

7. Reporting Requirements

a. Monthly Reporting

Subrecipients must submit monthly financial reports and monthly performance reports for CSBG. The monthly reports are due the 15th of the month following the month being reported. This is a monthly report, submitted electronically to the Department, and contains fiscal expenditures and programmatic performance information.

b. CSBG Community Needs Assessment, Strategic Plan, and Community Action Plan

The Department requires that each CSBG eligible entity conduct and submit a Community Needs Assessment every three years. These assessments serve to redirect service delivery based on gaps in services and new needs for the low-income sector as determined by feedback from local officials, the low-income clientele, and other interest groups.

The Department requires that each CSBG eligible entity conduct and submit an agency strategic plan every five years. During the first year, the awardee must submit their strategic plan as part of documentation for meeting CSBG Organizational Standards. Among other things, the strategic plan serves to re-examine why the organization exists and its aspirations for the future, to produce decisions and actions that guide the organization’s programs and operation, to help prioritize efforts and determine the allocation of resources, and to improve effectiveness and efficiency through agreed upon strategies and goals.

The Department requires that each CSBG eligible entity submit an annual Community Action Plan (“CAP”) for review and approval. Within 45 days of receipt of funding notification, a CAP must be submitted to the Department for approval and before contract execution. The CAP serves to inform the Department of each eligible entity’s intent to use the CSBG funds in accordance with applicable state and federal regulations.

8. Transitioning Persons Out of Poverty

The Department requires each eligible entity to transition persons out of poverty and annually assigns a goal to each CSBG eligible entity. CSBG awardees will be assigned a goal for transitioning persons out of poverty.

9. Auditing Requirements

The Department requires that each subrecipient organization that expends \$750,000 or greater in total federal financial assistance during the organization’s fiscal year arrange for the performance of an annual audit conducted in accordance with the State and Federal Single Audit Act provisions, as applicable. Subrecipient organizations expending less than \$750,000 in state/federal financial assistance shall arrange for an annual audit of their financial statements. Audits must be performed by a qualified, licensed, and properly procured auditor, and audits must be submitted to the Department within 30 days of the completion of the audit, but not more than nine (9) months after the end of the fiscal audit period.

10. Policies and Procedures

The organization shall establish and maintain bylaws and current policies and procedures on items required by 2 CFR Part 200 and Uniform Grant Management Standards (“UGMS”), including but not limited to personnel, travel, financial/accounting, and procurement. The personnel policies and procedures document should include nondiscrimination assurances, grievance procedures, conflict of interest/nepotism provision, and time and leave policies. The organization’s procurement procedures should include information for all purchasing activity relative to equipment, supplies, services, facility rent, leases, etc. Fiscal accountability documentation, including current fidelity bond coverage and a complete copy of the last full fiscal audit for fiscal period indicated must also be maintained. All applicants will be required to obtain and submit to the Department proof of fidelity bond coverage before entering into a contract for CSBG funding as required by 10 TAC §1.406.

The organization shall also establish, maintain, and utilize systems and procedures to prevent, detect, and correct waste, fraud, and abuse in activities. The systems and procedures shall address possible waste, fraud, and abuse by the subrecipient organization, its employees, clients, vendors, subcontractors and administering agencies. The organization’s internal control systems and all transactions and other significant events are to be clearly documented.
