## **Housing Sponsor Report Overview**

*Note: 2015 TDHCA Housing Sponsor Report -- Reporting on December 31, 2014 (Housing Sponsor Report) was revised to correct errors in the reporting of Households by Area Median Family Income. A detailed explanation of how this is reported is in the text below.*

The 2015 TDHCA Housing Sponsor Report -- Reporting on December 31, 2014 (Housing Sponsor Report) is intended to provide property and occupant profiles for multifamily (and in some cases single family) properties with 20 or more units receiving assistance from the Texas Department of Housing and Community Affairs (TDHCA). The information from this report is used to comply with the reporting requirements of §§ 2306.072 and 2306.0724, Texas Government Code.

It should be noted that the information represents the status of TDHCA assisted properties on a particular date (December 31, 2014), not a cumulative total of households served within the year. While the *State Low Income Housing Plan and Annual Report* reports on the **estimated** person/households served within a fiscal year, the *Housing Sponsor Report* reports on the **actual** population served by TDHCA assisted properties as self reported by Owners through the Annual Owner's Compliance Report.

The Department administers and monitors the Low Income Housing Tax Credit ("HTC"), the Housing Tax Credit Exchange ("Exchange"), Tax Credit Assistance ("TCAP"), Tax Exempt Bond ("Bond"), Housing Trust Fund ("HTF"), and HOME Investment Partnerships ("HOME") Programs. Income limits are annually released by the U.S. Department of Housing and Urban Development ("HUD"). Each affordable housing program can have slightly different income limits. For example, the 50% income limit for the HOME program may be a few dollars different than the 50% income limit for the HTC program. In addition, within the HTC program, income limits can differ based on when construction was completed on the property. Because of this inconsistency, the Department compared owner reported household income to the 2015 HUD Standard Limits in the preparation of this report rather than to each development's applicable income limits.

The following are general multi-family program income limit requirements for units reported on in this document:

### **HTC, Exchange and/or TCAP:**

- At minimum 40% of the units must be leased to Households (HH) earning 60% or less of AMFI

or

- At minimum 20% of the units must be leased to HH earning 50% or less of AMFI

Rents are calculated using the 50% or 60% income limit. The Department provides annual updates of the limits to owners.

### **Housing Trust Fund (HTF):**

- Set asides are established with each HTF award. However, units funded through the program must serve households earning 80% or less of AMFI.

Rents are formula driven, based on each income group set aside. The program currently utilizes the HTC limits, calculated using 50% and 60% of AMFI. The Department provides annual updates of the rent limits to owners.

Housing Trust fund projects define Very Low Income as 60% of AMFI and Low Income as 80% of AMFI. Most projects are a mix of Low and Very Low income households, with a special needs requirement.

### **TAX EXEMPT Bonds**

- 20% of the units must be leased to HH earning 50% of AMFI

or

- 40% of the units must be leased to HH earning 60% of AMFI
- 5% set aside for special needs

The rents are calculated using the same formula as HTC. The Department provides annual updates of the rent limits to owners.

### **Home Investment Partnership Program (HOME):**

#### *Initial Occupancy:*

- 20% of units occupied by HH earning less than 50% of AMFI
- 70% of units occupied by HH earning less than 60% of AMFI
- 10% of units occupied by HH earning less than 80% of AMFI

Once the initial occupancy requirements are confirmed, the property moves to:

#### *Long Term Occupancy:*

- 20% of units occupied by HH earning less than 60% of AMFI
- 80% of units occupied by HH earning less than 80% of AMFI

Rents are calculated for Very Low and Low Income. Rent limits are provided to owners on an annual basis. If the HH income increases above 80% of AMFI, the rent is no longer formula driven, but must be calculated at 30% of the individuals household's actual adjusted income.
