## SUBCHAPTER A. PRE-APPLICATION, DEFINITIONS, THRESHOLD REQUIREMENTS AND COMPETITIVE SCORING

### 10 TAC §§11.1 - 11.10

---

#### §11.1.General.

**(a) Authority.** This chapter applies to the awarding and allocation by the Texas Department of Housing and Community Affairs (the Department) of Competitive Housing Tax Credits and the issuance of Determination Notices for non-Competitive Housing Tax Credits. The federal laws providing for the awarding and allocation of Competitive Housing Tax Credits and issuance of Determination Notices for non-Competitive Housing Tax Credits require states to adopt a qualified allocation plan. Pursuant to Tex. Gov't Code, Chapter 2306, Subchapter DD, the Department is assigned responsibility for this activity. As required by Internal Revenue Code (the Code), §42(m)(1), the Department has developed this Qualified Allocation Plan (QAP) and it has been duly approved to establish the procedures and requirements relating to an award and allocation of Competitive Housing Tax Credits and issuance of Determination Notices for non-Competitive Housing Tax Credits. All requirements herein and all those applicable to a Housing Tax Credit Development or an Application under Chapter 10 of this title (relating to Post Award and Asset Management Requirements, Compliance Monitoring, and Incomes and Rents rules) collectively constitute the QAP required by Tex. Gov't Code §2306.67022 and §42(m)(1)(B) of the Code. Unless otherwise specified, certain provisions in this section and §§11.2 - §11.4 of this title also apply to non-Competitive Housing Tax Credits and Multifamily Direct Loans. Subchapters B - E of this chapter also apply to non-Competitive Housing Tax Credits and Multifamily Direct Loans. Applicants are required to certify, among other things, that they have familiarized themselves with the rules that govern that specific program including, but not limited to, Chapter 1 of this title (relating to Administration), Chapter 2 of this title (relating to Enforcement), Chapter 10 of this title (relating to Uniform Multifamily Rules), Chapter 12 of this title (relating to Multifamily Housing Revenue Bond Rules), Chapter 13 of this title (relating to Multifamily Direct Loan Rule), and other Department rules. This subchapter does not apply to operating assistance programs or funds unless incorporated by reference in whole or in part in a Notice of Funding Availability (NOFA) or rules for such a program, except to the extent that Developments receiving such assistance and otherwise subject to this chapter remain subject to this chapter.

#### **(b) Due Diligence and Applicant Responsibility.**

(1) Department staff may, from time to time, make available for use by Applicants information and informal guidance in the form of reports and responses to specific questions. The Department encourages communication with staff in order to clarify any issues that may not be fully addressed in the QAP, or may be unclear when applied to specific facts. However, while these resources are offered to help Applicants prepare and submit accurate information, Applicants should also appreciate that this type of guidance is

limited by its nature, and that staff will apply the rules of the QAP to each specific situation as it is presented in the submitted Application. The *Multifamily Programs Procedures Manual* is not a rule and is provided as good faith guidance and assistance, but in all respects the statutes and rules governing the Low Income Housing Tax Credit program supersede these guidelines and are controlling. Moreover, after the time that an issue is initially presented and guidance is provided, additional information may be identified and the issue itself may continue to develop based upon additional research and guidance. Thus, until confirmed through final action of the Board, staff guidance must be considered merely as an aid and an Applicant continues to assume full responsibility for any actions Applicant takes regarding an Application. In addition, although the Department may compile data from outside sources in order to assist Applicants in the Application process, it remains the sole responsibility of the Applicant to perform independently the necessary due diligence to research, confirm, and verify any data, opinions, interpretations, or other information upon which an Applicant bases an Application or includes in any submittal in connection with an Application.

(2) Developments with Existing LURAs. Applicants proposing to submit an Application requesting an award of Housing Tax Credits or a Direct Loan for a Development that already has a LURA in place should review the existing LURA(s) on the property to ensure there are no conflicts with the proposed Application. Where an Applicant has identified a potential conflict, it is incumbent upon the Applicant to consult with staff regarding the steps that may be necessary to resolve the conflicts. This may include, but is not limited to, an Application amendment or LURA amendment, a waiver, or other action that may necessitate additional staff time for review or a Board determination. Depending on the timing constraints associated with the proposed Application, Applicants should be mindful that resolving issues relating to the existing LURA and for Direct Loans the existing Contract may not coincide with the timing needed for a new award if such requests are not submitted early in the process. A copy of the existing LURA must be included in the Application.

**(c) Competitive Nature of Program.** Applying for Competitive Housing Tax Credits is a technical process that must be followed completely and correctly. Any person who desires to request any reasonable accommodation for any aspect of this process is directed to §1.1 of this title (relating to Reasonable Accommodation Requests to the Department). As a result of the highly competitive nature of applying for Competitive Housing Tax Credits, an Applicant should proceed on the assumption that deadlines are fixed and firm as further provided for in subsection (f) of this section.

**(d) Definitions.** The capitalized terms or phrases used herein are defined below. Any capitalized terms not specifically mentioned in this section or any section referenced in this document shall have the meaning as defined in Tex. Gov't Code Chapter 2306, Internal Revenue Code (the Code) §42, the HOME Final Rule, and other federal or Department rules, as applicable. Defined terms, when not capitalized, are to be read in context and construed according to common usage.

(1) Adaptive Reuse--The change-in-use of an existing building not, at the time of Application, being used, in whole or in part, for residential purposes, into a building which will be used, in whole or in part, for residential purposes. Adaptive Reuse requires that at least 75% of the original building remains at completion of the proposed Development. Ancillary non-residential buildings, such as a clubhouse, leasing office, or amenity center may be newly constructed outside the walls of the existing building or as detached buildings on the Development Site. Adaptive Reuse Developments will be considered as New Construction.

(2) Administrative Deficiency--Information requested by Department staff to clarify, explain, confirm, or restrict the Development proposal to a logical and definitive plan or to provide missing information in the original Application or pre-application; or to assist staff in evaluating the Application or pre-application that, in the Department staff's reasonable judgment, may be cured by supplemental information or explanation which will not necessitate a substantial reassessment or re-evaluation of the Application or pre-application. Administrative Deficiencies may be issued at any time while the Application or pre-application is under consideration by the Department, including at any time after award or allocation and throughout the Affordability Period. A matter may begin as an Administrative Deficiency but later be determined to have constituted a Material Deficiency. Applicants must intend that the pre-Application or Application is the final version to be reviewed by staff, and should not rely on the Administrative Deficiency process when applying for funding.

(A) The following issues will be treated by Department staff as Administrative Deficiencies that are curable through the Deficiency process only if the issues, when taken as a whole, do not constitute a Material Deficiency as defined in §11.1(d)(79) of this chapter:

(i) For Applications that are substantially complete, a minor quantity of missing signatures, documents, or similar clerical matters, the curing of which will not create change within the Application, unless the missing documentation is required to have existed as of the appropriate deadline and did not, or is otherwise not susceptible to resolution. For Competitive HTC or Direct Loan Applications, this may include documents submitted to substantiate points claimed in the Application only if:

(I) The documents can be readily identified to have existed prior to the Full Application Delivery Date (Competitive HTC) or the Application Acceptance Date (Direct Loan), and the submission of the documents does not necessitate additional changes in the Application to qualify for the points; or

(II) For scoring items that are predicated solely on third-party data, characteristics inherent to the proposed Development Site, or are otherwise not influenced by the actions of the Applicant, the Application's eligibility for these points can be clearly established to have existed prior to the Full Application

Delivery Date (Competitive HTC) or the Application Acceptance Date (Direct Loan), and the submission of the documents does not necessitate additional changes in the Application to qualify for the points.

(ii) Inconsistencies that exist between facts presented in the Application and/or its supporting documentation. A discrepancy between the requested points and the points supported by the Application will not be treated as an inconsistency if the facts presented within the Application are otherwise consistent.

(iii) At the Department's sole discretion, additional information that is necessary to assist in the review of the Application.

(B) The following issues will not be treated by Department staff as Administrative Deficiencies that are curable through the Deficiency process:

(i) Any matter that will materially change the Application, except for matters that must be addressed in accordance with 10 TAC §11.1(d)(2), in which case staff will direct the Applicant to resolve the inconsistency in the manner that creates the least change within the Application. Under no circumstance can the resolution of an Administrative Deficiency increase the Application's score from what was initially requested.

(ii) Changes to the Application that are submitted only to qualify for points claimed in the Application.

(C) In all cases, final determinations regarding the sufficiency of documentation submitted to cure a Deficiency as well as the distinction between material and non-material missing information are reserved for the Department Staff and Board.

(3) Affiliate--An individual, corporation, partnership, joint venture, limited liability company, trust, estate, association, cooperative, or other organization or entity of any nature whatsoever that directly, or indirectly through one or more intermediaries, has Control of, is Controlled by, or is under common Control with any other Person. All entities that share a Principal are Affiliates.

(4) Affordability Period--The Affordability Period commences as specified in the Land Use Restriction Agreement (LURA) or federal regulation, or commences on the first day of the Compliance Period as defined by the Code §42(i)(1), and continues through the appropriate program's affordability requirements or termination of the LURA, whichever is earlier. The term of the Affordability Period shall be imposed by the LURA or other deed restriction, and in some circumstances may be terminated upon foreclosure or deed in lieu of foreclosure. The Department reserves the right to extend the Affordability Period for Developments that fail to meet program requirements. During the Affordability Period, the Department shall

monitor to ensure compliance with programmatic rules, as applicable, regulations, and Application representations.

(5) Applicable Percentage--The percentage used to determine the amount of the Housing Tax Credit for any Development, as defined more fully in Code, §42(b).

(A) For purposes of the Application, the Applicable Percentage will be:

(ii) four percent for 30% present value credits.

(B) For purposes of making a credit recommendation at any other time, the Applicable Percentage will be based on:

(i) the percentage indicated in the Agreement and Election Statement, if executed; or

(ii) the percentage as calculated in subparagraph (A) of this paragraph if the Agreement and Election Statement has not been executed and no buildings have been placed in service.

(6) Applicant--Any Person or a group of Persons and any Affiliates of those Persons who file an Application with the Department requesting funding or a tax credit allocation subject to the requirements of this chapter or Chapters 12 or 13 of this title and who have undertaken or may contemplate the later formation of one or more business entities, such as a limited partnership, that is to be engaged in the ownership of a Development.

and high enough to accommodate five feet of hanging space. A den, study, or other similar space that could reasonably function as a Bedroom and meets this definition is considered a Bedroom. Rehabilitation (excluding Reconstruction) Developments in which Unit configurations are not being altered will be exempt from the bedroom and closet width, length, and square footage requirements. Supportive Housing Developments will be exempt from the bedroom and closet width, length, and square footage requirements.

As used herein "acting in concert" involves more than merely serving as a single

A member of a multi-member body is not acting in concert and therefore does not exercise control in that role, but may have other roles, such as executive officer positions, which involve actual or apparent authority to exercise control. The filing of a pre-application or Application with the Department shall be deemed as consent to the release of any and all information contained therein, including supporting documents and exhibits. As part of its certifications, the Applicant shall certify that the authors of the reports and other information and documents submitted with the Application have given their consent to the Applicant to submit all reports and other information and documents to the Department, and for the Department to publish anything submitted with the Application on its website and use such information and documents for authorized purposes.

**(k) Responsibilities of Municipalities and Counties.** In considering resolutions regarding housing de-concentration issues, threshold requirements, or scoring criteria, municipalities and counties should consult their own staff and legal counsel as to whether their handling of actions regarding such resolution(s) are consistent with Fair Housing laws as they may apply, including, as applicable, consistency with any Fair Housing Activity Statement-Texas (FHAAT) form on file, any current Analysis of Impediments to Fair Housing Choice, any current Assessment of Fair Housing, or any current plans such as one year action plans or five year consolidated plans for HUD block grant funds, such as HOME or CDBG funds.

**(l) Request for Staff Determinations.** Where the requirements of this chapter do not readily align with the activities proposed in an Application, an Applicant may request and Department staff may provide a determination to an Applicant explaining how staff will review an Application in relation to the applicable rules. In no instance will staff provide a determination regarding a scoring item. Any such request must be received by the Department prior to submission of the pre-application (if applicable to the program) or Application (if no pre-application was submitted). Staff may, in its sole discretion, provide the request to the Board for it to make the determination. Staff's determination may take into account the articulated purpose of or policies addressed by a particular rule or requirement, materiality of elements, substantive elements of the development plan that relate to a term or definition, a common usage of the particular term, or other issues relevant to a rule or requirement. All such requests and determinations will be conveyed in writing. If the determination is finalized after submission of the pre-application or Application, the Department may allow corrections to the pre-application or the Application that are directly related to the issues in the determination. It is an Applicant's sole responsibility to request a determination and an Applicant may not rely on any determination for another Application regardless of similarities in a particular fact pattern. For any Application that does not request and subsequently receive a determination, the definitions and applicable rules will be applied as used and defined herein. An Applicant may appeal a determination for their Application, using the Appeal Process provided for in §11.902 of this chapter (relating to Appeals Process), if the determination provides for a treatment that relies on factors other than the explicit definition. A Board determination may not be appealed.

A staff or Executive Director determination not timely appealed cannot be further appealed or challenged.

**(a) Competitive HTC Deadlines.** Non-statutory deadlines specifically listed in the Program Calendar may be extended by the Department for a period of not more than 5 business days provided that the Applicant has, in writing, requested an extension prior to the date of the original deadline and has established to the reasonable satisfaction of the Department that there is good cause for the extension.

**(b) Tax-Exempt Bond and Direct Loan-only Application Dates and Deadlines.** Applicants are strongly encouraged to submit the required items well in advance of published deadlines. Other deadlines may be found in Chapters 12 and 13 or a NOFA.

(1) Full Application Delivery Date. The deadline by which the Application must be received by the Department. For Direct Loan Applications, deadlines including the Application Acceptance Date will be defined in the applicable NOFA and for Tax-Exempt Bond Developments, such deadlines are more fully explained in §11.201 of this chapter (relating to Procedural Requirements for Application Submission).

(2) Administrative Deficiency Response Deadline. Such deadline shall be five business days after the date on the deficiency notice, unless extended as provided for in §11.201(6) of this chapter (relating to Deficiency Process).

(3) Third Party Report Delivery Date (Environmental Site Assessment (ESA), Scope and Cost Review (SCR), Appraisal (if applicable), Market Analysis and the Feasibility Report (if applicable)). For Direct Loan Applications, the Third Party reports meeting the requirements

described in §11.205 of this title (relating to Required Third Party Reports) must be submitted in order for the Application to be considered complete, unless the Application is made in conjunction with an Application for Housing Tax Credits or Tax-Exempt Bond, in which case the Delivery Date for those programs will apply. For Tax-Exempt Bond Developments, the Third Party Reports must be received by the Department pursuant to §11.201(2) of this chapter.

(4) Resolutions Delivery Date. Resolutions required for Tax-Exempt Bond Developments must be received by the Department no later than 14 calendar days before the Board meeting or prior to the issuance of the Determination Notice, as applicable. (5) Challenges to Neighborhood Organization Opposition Delivery Date. Challenges must be received by the Department no later than 45 calendar days prior to the Board meeting at which consideration of the award will occur.

### §11.3.Housing De-Concentration Factors.

**(a) Rules reciting statutory limitations** are provided as a convenient reference only, and to the extent there is any deviation from the provisions of statute, the statutory language is controlling.

**(b) Two Mile Same Year Rule (Competitive HTC Only).**

(1) As required by Tex. Gov't Code §2306.6711(f), staff will not recommend for award, and the Board will not make an award to an Application that proposes a Development Site located in a county with a population that exceeds one million, if the proposed Development Site is also located less than two linear miles from the proposed Development Site of another Application, or from the Development Site of a Supplemental Allocation of credits, within said county that is awarded in the same calendar year. If two or more Applications or Supplemental Allocations are submitted that would violate §2306.6711(f), the Supplemental Allocation of 2023 credits will be the one considered eligible, and the other Applications will not be reviewed; if there is no Supplemental Allocation of 2023 credits, the lower scoring of the Applications will not be reviewed unless the higher scoring Application is terminated or withdrawn.

(2) This subsection does not apply if an Application is located in an area that meets the requirements of Tex. Gov't Code §2306.6711(f-1), which excludes any municipality with a population of two million or more where a federal disaster has been declared by the Full Application Delivery Date as identified in §11.2(a) of this chapter (relating to Competitive

HTC Deadlines), and the governing body of the municipality containing the Development has by vote specifically authorized the allocation of housing tax credits for the Development in a resolution submitted by the Full Application Delivery Date as identified in §11.2(a) of this chapter, and the municipality is authorized to administer disaster recovery funds as a subgrant recipient.

**(c) Twice the State Average Per Capita (Competitive HTC and Tax-Exempt Bond Only).** As provided for in Tex. Gov't Code §2306.6703(a)(4), if a proposed Development is located in a municipality, or if located completely outside a municipality, a county, that has more than twice the state average of units per capita supported by Housing Tax Credits or private activity bonds at the time the Application Acceptance Period Begins (or for Tax-Exempt Bond Developments, Applications submitted after the Application Acceptance Period Begins), then the Applicant must obtain prior approval of the Development from the Governing Body of the appropriate municipality or county containing the Development. Such approval must include a resolution adopted by the Governing Body of the municipality or county, as applicable, setting forth a written statement of support, specifically citing Tex. Gov't Code §2306.6703(a)(4) in the text of the actual adopted resolution, and authorizing an allocation of Housing Tax Credits for the Development. An acceptable, but not required, form of resolution may be obtained in the Uniform Multifamily Application Templates. Required documentation must be submitted by the Full Application Delivery Date as identified in §11.2(a) of this chapter (relating to Competitive HTC Deadlines) or Resolutions Delivery Date in §11.2(b) of this chapter (relating to Tax-Exempt Bond and Direct Loan Application Dates and Deadlines), as applicable.

**(d) One Mile Three Year Rule (Competitive HTC and Tax-Exempt Bond Only).** (§2306.6703(a)(3)).

(1) An Application that proposes the New Construction or Adaptive Reuse of a Development that is located one linear mile or less (measured between closest boundaries by a straight line on a map) from another development that meets all of the criteria in subparagraphs (A) - (C) of this paragraph shall be considered ineligible.

(A) A Development that serves the same Target Population as the proposed Development, regardless of whether the Development serves general, Elderly, or Supportive Housing; and

(B) A Development that has received an allocation of Housing Tax Credits or private activity bonds, or a Supplemental Allocation of credits, for any New Construction at any time during the three-year period preceding the date the Application Round begins (or for Tax-Exempt Bond Developments the three-year period preceding the date the Certificate of Reservation is issued); and

(C) The Development in subparagraph (B) of this paragraph has not been withdrawn or terminated from the Housing Tax Credit Program.

(2) Paragraph (1) of this subsection does not apply to a proposed Development:

(A) That is using federal HOPE VI (or successor program) funds received through HUD;

(B) That is using locally approved funds received from a public improvement district or a tax increment financing district;

(C) That is using funds provided to the state under the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. §§12701 et seq.);

(D) That is using funds provided to the state and participating jurisdictions under the Housing and Community Development Act of 1974 (42 U.S.C. §§5301 et seq.);

(E) That is located in a county with a population of less than one million;

(F) That is located outside of a metropolitan statistical area; or

(G) That the Governing Body of the appropriate municipality or county where the Development is to be located has by vote specifically allowed the construction of a new Development located within one linear mile or less from a Development described under paragraph (1)(A) of this subsection. An acceptable, but not required, form of resolution may be obtained in the Uniform Multifamily Application Templates. Required documentation must be submitted by the Full Application Delivery Date as identified in §11.2(a) of this chapter, regarding Competitive HTC Deadlines, or Resolutions Delivery Date in §11.2(b) of this chapter, regarding Tax-Exempt Bond and Direct Loan Development Dates and Deadlines, as applicable.

(3) Where a specific source of funding is referenced in paragraphs (2)(A) - (D) of this subsection, a commitment or resolution documenting a commitment of the funds must be provided in the Application.

**(e) Limitations on Developments in Certain Census Tracts.** An Application that proposes the New Construction or Adaptive Reuse of a Development proposed to be located in a census tract that has more than 20% Housing Tax Credit Units per total households as reflected in the Department's current Site Demographic Characteristics Report shall be considered ineligible unless the Governing Body of the appropriate municipality or county containing the Development has adopted a resolution that the Governing Body of the appropriate municipality or county containing the Development has no objection to the Application. Rehabilitation Developments are not required to obtain such resolution. The resolution must be submitted by the Full Application Delivery Date as identified in §11.2(a) of this chapter or Resolutions Delivery Date in §11.2(b) of this chapter, as applicable.

**(f) Proximity of Development Sites. (Competitive HTC Only)** In a county with a population that is less than one million, if two or more HTC Applications, regardless of the Applicant(s), are

proposing Developments serving the same Target Population on sites separated by 1,000 feet or less, the lower scoring of the Application(s), including consideration of tie-breakers, will be considered ineligible and will not be reviewed unless the higher scoring Application is terminated or withdrawn.

**(g) One Award per Census Tract Limitation (Competitive HTC Only).** If two or more Competitive HTC Applications are proposing Developments in the same census tract in an urban subregion, the lower scoring of the Application(s), including consideration of tie breakers, will be considered ineligible and will not be reviewed unless the higher scoring Application is terminated or withdrawn. This subsection does not apply to Applications submitted under §11.5(2) of this chapter (relating to USDA Set-Aside) or §11.5(3) (relating to At-Risk Set-Aside).

#### §11.4. Tax Credit Request, Award Limits and Increase in Eligible Basis.

**(a) Credit Amount (Competitive HTC Only).** (§2306.6711(b)) The Board may not award or allocate to an Applicant, Developer, Affiliate, or Guarantor (unless the Guarantor is also the General Contractor or provides the guaranty only during the construction period, and is not a Principal of the Applicant, Developer or Affiliate of the Development Owner) Housing Tax Credits in an aggregate amount greater than \$3 million in a single Application Round. Any Supplemental Allocation of credits awarded to such parties will carry a designated, elevated value not to exceed \$2.00 for every \$1.00 Supplemental Allocation awarded when calculating the \$3 million maximum for all 2023 Applications, with this elevated value to be determined by the Department no later than December 1, 2022. Prior to posting the agenda for the last Board meeting in June, an Applicant that has Applications pending for more than \$3 million in credit may notify staff in writing or by email of the Application(s) they will not pursue in order to bring their request within the \$3 million cap. Any other Applications they do not wish to pursue will remain on the waiting list if not otherwise terminated. If the Applicant has not made this self-selection by this date, staff will first select the Application(s) that will enable the Department to comply with the state and federal non-profit set-asides, and will then select the highest scoring Application, including consideration of tie-breakers if there are tied scores. The Application(s) that does not meet Department criteria will not be reviewed unless the Applicant withdraws an Application that is eligible for an award and has been reviewed. All entities that are under common Control are Affiliates. For purposes of determining the \$3 million limitation, a Person is not deemed to be an Applicant, Developer, Affiliate, or Guarantor solely because it:

- (1) Raises or provides equity;
- (2) Provides "qualified commercial financing";
- (3) Is a Qualified Nonprofit Organization or other not-for-profit entity that is providing solely loan funds, grant funds or social services; or

(4) Receives fees as a consultant or advisor that do not exceed \$200,000.

**(b) Maximum Request Limit (Competitive HTC Only).** For any given Development, an Applicant may not request more than 150% of the credit amount available in the subregion based on estimates released by the Department on December 1, or \$2,000,000 whichever is less. In addition, for Elderly Developments in a Uniform State Service Region containing a county with a population that exceeds one million, the request may not exceed the final amount published on the Department's website after the annual release of the Internal Revenue Service notice regarding the credit ceiling (2306.6711(h)); Supplemental Allocations made from the 2023 ceiling to Elderly Developments in such tracts will be included in calculating the allocated Elderly credits in that region, thereby reducing the available credits for Elderly Developments in that region for 2023 Competitive HTC Applications. For all Applications, the Department will consider the amount in the funding request of the pre-application and Application to be the amount of Housing Tax Credits requested and will reduce the Applicant's request to the maximum allowable under this subsection through the underwriting process. Regardless of the credit amount requested or any subsequent changes to the request made by staff, the Board may not award to any individual Development more than \$2 million in a single Application Round. (§2306.6711(b)).

**(c) Increase in Eligible Basis (30% Boost).** Applications will be evaluated for an increase of up to 30% in Eligible Basis provided they meet any one of the criteria identified in paragraphs (1) - (4) of this subsection. Staff will recommend no increase or a partial increase in Eligible Basis if it is determined it would cause the Development to be over sourced, as determined by the Department, in which case a credit amount necessary to fill the gap in financing will be recommended. In no instance will the boost exceed more than the amount of credits required to create the HTC rent-restricted Units. The criteria in paragraph (3) of this subsection are not applicable to Tax-Exempt Bond Developments.

(1) The Development is located in a Qualified Census Tract (QCT) (as determined by the Secretary of HUD) that has less than 20% Housing Tax Credit Units per total households in the tract as reflected in the Department's current Site Demographic Characteristics Report. New Construction or Adaptive Reuse Developments located in a QCT that has in excess of 20% Housing Tax Credit Units per total households are not eligible for a 30% increase in Eligible Basis, which would otherwise be available for the Development Site pursuant to §42(d)(5) of the Code, unless the Application includes a resolution acknowledging the Development is located in a census tract that has more than 20% Housing Tax Credits Units per total households and stating that the Governing Body of the appropriate municipality or county containing the Development has no objection to the Application. Rehabilitation Developments where this rule is triggered are eligible for the boost and are not required to obtain such a resolution from the Governing Body. An acceptable, but not required, form of resolution may be obtained in the Multifamily Uniform Application Templates. Required documentation must be submitted by the Full Application Delivery Date as identified in §11.2(a) of this chapter (relating to Competitive HTC Deadlines), or Resolutions Delivery Date in §11.2(b) of this chapter (relating to Tax-Exempt Bond and Direct Loan Application

Dates and Deadlines), as applicable. The Application must include a census map that includes the 11-digit census tract number and clearly shows that the proposed Development is located within a QCT.

(2) The Development is located in a Small Area Difficult Development Area (SADDA) (based on Small Area Fair Market Rents as determined by the Secretary of HUD) or for Rural areas located in a Difficult Development Area (DDA) that has high construction, land and utility costs relative to the AMGI. The Application must include the SADDA or DDA map that clearly shows the proposed Development is located within the boundaries of a SADDA or DDA as applicable.

(3) For Competitive HTC only, Development meets one of the criteria described in subparagraphs (A) - (F) of this paragraph pursuant to Code, §42(d)(5)(B)(v):

(A) The Development is located in a Rural Area;

(B) The Development is entirely Supportive Housing and is in accordance with §11.1(d)(126)(E) related to the definition of Supportive Housing;

(C) The Development meets the criteria for the Opportunity Index as defined in §11.9(c)(5) of this chapter (relating to Competitive HTC Selection Criteria);

(D) The Applicant elects to restrict 10% of the proposed low income Units for households at or below 30% of AMGI. These Units may not be used to meet any scoring criteria, or used to meet any Multifamily Direct Loan program requirement;

(E) The Development is in an area covered by a concerted revitalization plan, is not an Elderly Development, and is not located in a QCT. A Development will be considered to be in an area covered by a concerted revitalization plan if it is eligible for and elects points under §11.9(d)(7) of this chapter; or

(F) The Development is located in a Qualified Opportunity Zone designated under the Bipartisan Budget Act of 2018 (H.R. 1892). Pursuant to Internal Revenue Service Announcement 2021-10, the boundaries of the Opportunity Zone are unaffected by 2020 Decennial Census changes.

(4) For Tax-Exempt Bond Developments, as a general rule, a QCT, non-metro DDA or SADDA designation would have to coincide with the program year the Certificate of Reservation is issued in order for the Department to apply the 30% boost in its underwriting evaluation. The Department acknowledges guidance contained in the Federal Register regarding effective dates of QCT, non-metro DDA and SADDA designations. Pursuant to the Federal Register Notice, unless federal guidance states otherwise, complete Applications (including all Third Party Reports) with a corresponding Certificate of Reservation that are submitted to the Department in the year the QCT, non-metro DDA or SADDA designation is not

effective may be underwritten to include the 30% boost, provided a complete application was submitted to the bond issuer in the year the QCT, non-metro DDA or SADDA designation was effective. Where this is the case, the Application must contain a certification from the issuer that speaks to the date on which such complete application (as defined in the Notice) was submitted. If the issuer is a member of the organizational structure then such certification must come from the bond counsel to the issuer.

#### §11.5.Competitive HTC Set-Asides. (§2306.111(d)).

This section identifies the statutorily-mandated Set-asides which the Department is required to administer. An Applicant may elect to compete in each of the Set-asides for which the proposed Development qualifies. In order to be eligible to compete in the Set-aside, the Application must meet the requirements of the Set-aside as of the Full Application Delivery Date. Election to compete in a Set-aside does not constitute eligibility to compete in the Set-aside, and Applicants who are ultimately deemed not to qualify to compete in the Set-aside will be considered not to be participating in the Set- aside for purposes of qualifying for points under §11.9(e)(3) of this chapter (related to Criteria promoting the efficient use of limited resources and applicant accountability). Commitments of Competitive HTCs issued by the Board in the current program year will be applied to each Set-aside, Rural regional allocation, Urban regional allocation, and USDA Set-aside for the current Application round as appropriate.

**(1) Nonprofit Set-Aside.** (§2306.6729 and §2306.6706(b)). At least 10% of the State Housing Credit Ceiling for each calendar year shall be allocated to Qualified Nonprofit Developments which meet the requirements of Code, §42(h)(5) and Tex. Gov't Code §2306.6729 and §2306.6706(b). The Supplemental Allocation amount for any Qualified Nonprofit Developments receiving a Supplemental Allocation from the 2023 ceiling will be attributed to the 2023 Nonprofit Set-Aside. Qualified Nonprofit Organizations must have the controlling interest in the Development Owner applying for this Set-aside (i.e., greater than 50% ownership in the General Partner). If the Application is filed on behalf of a limited partnership, the Qualified Nonprofit Organization must be the manager of the Managing General Partner. If the Application is filed on behalf of a limited liability company, the Qualified Nonprofit Organization must be the Manager of the controlling Managing Member. Additionally, for Qualified Nonprofit Development in the Nonprofit Set-aside the nonprofit entity or its nonprofit Affiliate or subsidiary must be the Developer or a co-Developer as evidenced in the development agreement. An Applicant that meets the requirements to be in the Qualified Nonprofit Set-aside is deemed to be applying under that Set-aside unless their Application specifically includes an affirmative election to not be treated under that Set-aside and a certification that they do not expect to receive a benefit in the allocation of tax credits as a result of being affiliated with a nonprofit. The Department reserves the right to request a change in this election or to not recommend credits for those unwilling to change elections if insufficient Applications in the Nonprofit Set-Aside are received. Applicants may not use different organizations to satisfy the state and federal requirements of the Set-aside.

**(2) USDA Set-Aside.** (§2306.111(d-2)). 5% of the State Housing Credit Ceiling for each calendar year shall be allocated to Rural Developments which are financed through USDA. The Supplemental Allocation amount for any USDA Developments receiving a Supplemental Allocation from the 2023 ceiling will be attributed to the 2023 USDA Set-Aside. If an Application in this Set-aside involves Rehabilitation it will be attributed to and come from the At-Risk Development Set-aside; if an Application in this set-aside involves New Construction it will be attributed to and come from the applicable Uniform State Service Region and will compete within the applicable subregion unless the Application is receiving USDA Section 514 funding. Applications must also meet all requirements of Tex. Gov't Code §2306.111(d-2).

(A) Eligibility of Certain Developments to Participate in the USDA or Rural Set-asides. (§2306.111 (d-4)). A proposed or Existing Residential Development that, before September 1, 2013, has been awarded or has received federal financial assistance provided under §§514, 515, or 516 of the Housing Act of 1949 (42 U.S.C. §§1484, 1485, or 1486) may be attributed to and come from the At-Risk Development Set-aside or the Uniform State Service Region in which the Development is located, regardless of whether the Development is located in a Rural Area.

(B) All Applications that are eligible to participate under the USDA Set-aside will be considered Rural for all scoring items under this chapter. If a Property receiving USDA financing is unable to participate under the USDA Set-aside and it is located in an Urban subregion, it will be scored as Urban.

**(3) At-Risk Set-Aside.** (§2306.6714; §2306.6702).

(A) At least 15% of the State Housing Credit Ceiling for each calendar year will be allocated under the At-Risk Development Set-aside and will be deducted from the State Housing Credit Ceiling prior to the application of the regional allocation formula required under §11.6 of this chapter (relating to Competitive HTC Allocation Process). The Supplemental Allocation amount for any At-Risk Developments receiving a Supplemental Allocation from the 2023 ceiling will be attributed to the 2023 At-Risk Set-Aside. Through this Set-aside, the Department, to the extent possible, shall allocate credits to Applications involving the preservation of Developments identified as At-Risk Developments. (§2306.6714) 5% of the State Housing Credit Ceiling associated with this Set-aside will be given as priority to Rehabilitation Developments under the USDA Set-aside; any Applications submitted under the USDA Set-Aside in excess of this 5% priority may compete within the At-Risk Set-Aside only if they meet the definition for an At-Risk Development and have made the selection of the At-Risk Set-Aside in their Application.

(B) An At-Risk Development qualifying under Tex. Gov't Code §2306.6702(a)(5)(A) must meet the following requirements:

(i) Pursuant to Tex. Gov't Code §2306.6702(a)(5)(A)(i), a Development must have received the benefit of a subsidy in the form of a qualified below-market interest rate

loan, interest rate reduction, rental subsidy, Section 8 housing assistance payment, rental supplement payment, rental assistance payment, or equity incentive from any of the programs provided in subclauses (I) to (VIII) of this clause. Applications participating in the At-Risk Set-Aside must include evidence of the qualifying subsidy.

(I) Sections 221(d)(3) and (5), National Housing Act (12 U.S.C. §1715I);

(II) Section 236, National Housing Act (12 U.S.C. §1715z-1);

(III) Section 202, Housing Act of 1959 (12 U.S.C. §1701q);

(IV) Section 101, Housing and Urban Development Act of 1965 (12 U.S.C. §1701s);

(V) the Section 8 Additional Assistance Program for housing developments with HUD-Insured and HUD-Held Mortgages administered by the United States Department of Housing and Urban Development as specified by 24 CFR Part 886, Subpart A;

(VI) the Section 8 Housing Assistance Program for the Disposition of HUD-Owned Projects administered by the United States Department of Housing and Urban Development as specified by 24 CFR Part 886, Subpart C; (VII) §§514, 515, and 516, Housing Act of 1949 (42 U.S.C. §§1484, 1485, and 1486);

(VII) §§514, 515, and 516, Housing Act of 1949 (42 U.S.C. §§1484, 1485, and 1486);  
or

(VIII) §42, Internal Revenue Code of 1986.

(ii) Any stipulation to maintain affordability in the contract granting the subsidy or any HUD-insured or HUD-held mortgage as described in §2306.6702(a)(5)(A)(ii)(a) will be considered to be nearing expiration or nearing the end of its term if the contract expiration will occur or the term will end within two years of July 31 of the year the Application is submitted. Developments with HUD-insured or HUD-held mortgages qualifying as At-Risk under §2306.6702(a)(5)(A)(ii)(b) will be considered eligible if the HUD-insured or HUD-held mortgage is eligible for prepayment.

(iii) Developments with existing Department LIHTC LURAs must have completed all applicable Right of First Refusal procedures prior to the pre-application Final Delivery Date.

(C) An At-Risk Development qualifying under Tex. Gov't Code §2306.6702(a)(5)(B) must meet one of the requirements under clause (i), (ii) or (iii) of this subparagraph and also meet the stipulations noted in clause (iv) of this subparagraph:

(i) Units to be Rehabilitated or Reconstructed must be owned by a public housing authority or a public facility corporation created by a public housing authority under Chapter 303, Local Government Code and received assistance under §9, United States Housing Act of 1937 (42 U.S.C. §1437g); or

(ii) Units to be Rehabilitated or Reconstructed must have been proposed to be disposed of or demolished, or already disposed or demolished within the two-year period preceding the date the Application is submitted, by a public housing authority or public facility corporation created by a public housing authority under Chapter 303, Local Government Code and received assistance under §9, United States Housing Act of 1937 (42 U.S.C. §1437g); or

(iii) To the extent that an Application is eligible under Tex. Gov't Code §2306.6702(a)(5)(B)(iii), the Development must receive assistance through the Rental Assistance Demonstration (RAD) program administered by the United States Department of Housing and Urban Development (HUD). Applications must include evidence that RAD participation is included in the applicable public housing plan that was most recently approved by HUD, and evidence that HUD has approved the Units proposed for Rehabilitation or Reconstruction for participation in the RAD program; and

(iv) Notwithstanding any other provision of law, an At-Risk Development described by Tex. Gov't Code §2306.6702(a)(5)(B) that was previously allocated housing tax credits set aside under subsection (a) of this section does not lose eligibility for those credits if the portion of Units reserved for public housing as a condition of eligibility for the credits under Tex. Gov't Code §2306.6714 (a-1)(2) are later converted under RAD.

(D) An Application for a Development that includes the demolition of the existing Units which have received the financial benefit described in Tex. Gov't Code §2306.6702(a)(5)(i) will not qualify as an At-Risk Development unless the redevelopment will include at least a portion of the same site. Alternatively, pursuant to Tex. Gov't Code §2306.6702(a)(5)(B), an Applicant may propose relocation of the existing Units in an otherwise qualifying At-Risk Development if:

(i) the affordability restrictions and any At-Risk eligible subsidies are approved to be transferred with the units proposed for Rehabilitation or Reconstruction prior to the tax credit Carryover deadline;

(ii) the Applicant seeking tax credits must propose at least the same number of restricted Units (the Applicant may, however, add market rate Units, and other rules, limitations, approvals, and potential conflicting requirements based on fund source, number and unit type may be implicated by creating more units than the original number); and

(iii) the new Development Site must either:

(I) qualify for points on the Opportunity Index under §11.9(c)(5) of this chapter (relating to Competitive HTC Selection Criteria); OR

(II) the local Governing Body of the applicable municipality or county (if completely outside of a municipality) in which that Development is located must submit a resolution confirming that the proposed Development is supported by the municipality or county in order to carry out a previously adopted plan that meets the requirements of §11.9(d)(7) of this chapter. Development Sites that cross jurisdictional boundaries must provide such resolutions from both local governing bodies.

(E) If Developments at risk of losing affordability from the financial benefits available to the Development are able to retain, renew, or replace the existing financial benefits and affordability they must do so unless regulatory barriers necessitate elimination of all or a portion of that benefit for the Development.

(i) Evidence of the legal requirements that will unambiguously cause the loss of affordability and that this will occur within the two calendar years of July 31 of the year the Application is submitted, and must be included with the application.

(ii) For Developments qualifying under Tex. Gov't Code §2306.6702(a)(5)(B), only a portion of the subsidy must be retained for the proposed Development, but no less than 25% of the proposed Units must be public housing units supported by public housing operating subsidy. (§2306.6714(a-1). If less than 100% of the public housing benefits are transferred to the proposed Development, an explanation of the disposition of the remaining public housing benefits must be included in the Application, as well as a copy of the HUD-approved plan for demolition and disposition.

(F) Nearing expiration on a requirement to maintain affordability includes Developments eligible to request a Qualified Contract under Code, §42. Evidence must be provided in the form of a copy of the recorded LURA, the first year's IRS Forms 8609 for all buildings showing Part II of the form completed and, if applicable, documentation from the original application regarding the Right of First Refusal. The Application must also include evidence that any applicable Right of First Refusal procedures have been completed prior to the pre-application Final Delivery Date.

(G) An amendment to any aspect of the existing tax credit property sought to enable the Development to qualify as an At-Risk Development, that is submitted to the Department after the Application has been filed and is under review will not be accepted.

## §11.6.Competitive HTC Allocation Process.

This section identifies the general allocation process and the methodology by which awards during the Application Round are made.

**(1) Regional Allocation Formula.** The Department shall initially make available in each Rural Area and Urban Area of each Uniform State Service Region (subregion) Housing Tax Credits in an amount not less than \$600,000 in each Rural and Urban subregion, consistent with the Regional Allocation Formula developed in compliance with Tex. Gov't Code §2306.1115. As authorized by Tex. Gov't Code §2306.111(d-3), the Department will reserve \$600,000 in housing tax credits for Applications in rural areas in each uniform state service region. The process of awarding the funds made available within each subregion shall follow the process described in this section. Where a particular situation that is not contemplated and addressed explicitly by the process described herein, Department staff shall formulate a recommendation for the Board's consideration based on the objectives of the regional allocation formula together with other policies and purposes set out in Tex. Gov't Code, Chapter 2306 and the Department shall provide the public the opportunity to comment on and propose alternatives to such a recommendation. In general, such a recommendation shall not involve broad reductions in the funding request amounts solely to accommodate regional allocation and shall not involve rearranging the competitive ranking of Applications within a particular subregion or set-aside except as described herein. If the Department determines that an allocation recommendation would cause a violation of the \$3 million credit limit per Applicant, the Department will make its recommendation based on the criteria described in §11.4(a) of this chapter (relating to Tax Credit Request, Award Limits and Increase in Eligible Basis). The Department will publish on its website on or before December 1 of each year, initial estimates of Regional Allocation Formula percentages and limits of credits available, and the calculations periodically, if those calculations change, until the credits are fully allocated.

**(2) Credits Returned and National Pool Allocated After January 1.** For any credits returned after January 1 and eligible for reallocation (not including credit returned and reallocated under force majeure provisions), the Department shall first return the credits to the subregion or set-aside from which the original allocation was made. The credits will be treated in a manner consistent with the allocation process described in this section and may ultimately flow from the subregion and be awarded in the collapse process to an Application in another region, subregion or set-aside. For any credit received from the "national pool" after the initial approval of awards in late July, the credits will be added to any remaining credits and awarded to the next Application on the waiting list for the state collapse, if sufficient credits are available to meet the requirements of the Application as may be amended after underwriting review.

**(3) Award Recommendation Methodology.** (§2306.6710(a) - (f); §2306.111) The Department will assign, as described herein, Developments for review by the program and underwriting divisions. In general, Applications reviews will be conducted in the order described in subparagraphs (A) - (F) of this paragraph based upon the Applicant self-score and an initial

program review. The procedure identified in subparagraphs (A) - (F) of this paragraph will also be used in making recommendations to the Board.

(A) USDA Set-Aside Application Selection (Step 1). The first set of reviews will be those Applications with the highest scores in the USDA Set-Aside until the minimum requirements stated in §11.5(2) of this chapter (relating to Competitive HTC Set-Asides. (§2306.111(d)) are attained. The minimum requirement may be exceeded in order to award the full credit request or underwritten amount of the last Application selected to meet the USDA Set-Aside requirement.

(B) At-Risk Set-Aside Application Selection (Step 2). The second set of reviews will be those Applications with the highest scores in the At-Risk Set-Aside statewide until the minimum requirements stated in §11.5(3) of this chapter (relating to At-Risk Set-Aside) are attained. This may require the minimum requirement to be exceeded to award the full credit request or underwritten amount of the last Application selected to meet the At-Risk Set-Aside requirement. This step may leave less than originally anticipated in the 26 subregions to award under the remaining steps.

(C) Initial Application Selection in Each Subregion (Step 3). The highest scoring Applications within each of the 26 subregions will then be selected provided there are sufficient funds within the subregion to fully award the Application with the priorities in this subparagraph first prioritized. Applications electing the At-Risk or USDA Set-Asides will not be eligible to receive an award from funds made generally available within each of the subregions. In Urban subregions in which credits available do not allow for all of the priorities in clauses (iii) to (v) of this subparagraph to be achieved, the priorities will be followed in the order reflected in this subparagraph.

(i) In Uniform State Service Regions containing a county with a population that exceeds one million, the Board may not allocate more than the maximum percentage of credits available for Elderly Developments, unless there are no other qualified Applications in the subregion. The Department will, for each such Urban subregion, calculate the maximum percentage in accordance with Tex. Gov't Code §2306.6711(h), and will publish such percentages on its website. The Supplemental Allocation amount for any Supplemental Allocations made in such a county to an Elderly Development will be attributed to the total of 2023 credits made to Elderly Developments for that Uniform State Service Region.

(ii) In accordance with Tex. Gov't Code, §2306.6711(g), in Uniform State Service Regions containing a county with a population that exceeds 1.7 million, the Board shall allocate competitive tax credits to the highest scoring Development, if any, that is part of a concerted revitalization plan that meets the requirements of §11.9(d)(7) (except for §11.9(d)(7)(A)(ii)(III) and §11.9(d)(7)(B)(iii)), is located in an Urban subregion, and is within the boundaries of a municipality with a population that exceeds 500,000.

(iii) In Urban subregions, not including the calculation of At-Risk Applications awarded, no more than 50% of all credits in a subregion will be awarded to Applications proposing Rehabilitation or Reconstruction, unless only Rehabilitation or Reconstruction Applicants are eligible in the subregion.

(iv) In Urban subregions containing a county with a population that exceeds 950,000, the Board shall allocate competitive tax credits to the highest scoring Development, if any, that is located in a neighborhood which is a recipient of a HUD Choice Neighborhood Planning or Implementation grant in the preceding five years from the date of Application submission and funds from the HUD Choice Neighborhood awardee are reflected in the Application's Sources and Uses.

(D) Rural Collapse (Step 4). If there are any tax credits set-aside for Developments in a Rural Area in a specific Uniform State Service Region (Rural subregion) that remain after award under subparagraph (C) of this paragraph, those tax credits shall be combined into one "pool" and then be made available in any other Rural Area in the state to the Application in the most underserved Rural subregion as compared to the subregion's allocation. This rural redistribution will continue until all of the tax credits in the "pool" are allocated to Rural Applications and at least 20% of the funds available to the State are allocated to Applications in Rural Areas. (§2306.111(d)(3)) In the event that more than one subregion is underserved by the same percentage, the priorities described in clauses (i) - (ii) of this subparagraph will be used to select the next most underserved subregion:

(i) the subregion with no recommended At-Risk Applications from the same Application Round; and

(ii) the subregion that was the most underserved during the Application Round during the year immediately preceding the current Application Round.

(E) Statewide Collapse (Step 5). Any credits remaining after the Rural Collapse, including those in any subregion in the State, will be combined into one "pool." The funds will be used to award the highest scoring Application (not selected or eliminated in a prior step) in the most underserved subregion in the State compared to the amount originally made available in each subregion. In Uniform State Service Regions containing a county with a population that exceeds one million, the Board may not allocate more than the maximum percentage of credits available as calculated through the Regional Allocation Formula (RAF) for Elderly Developments, and as reduced by any 2023 Supplemental Allocations made meeting these criteria as provided in §11.4(b) of this subchapter (relating to Maximum Request Limit (Competitive HTC Only)), within an Urban subregion of that service region. Therefore, certain Applications for Elderly Developments may be excluded from receiving an award from the collapse. The Department will, for each such Urban subregion, calculate the maximum percentage in accordance with Tex. Gov't Code §2306.6711(h) and will publish such percentages on its website. This process will continue until the funds remaining are insufficient to award the next highest scoring Application that is not rendered ineligible

through application of the elderly cap in the next most underserved subregion. At least seven calendar days prior to the July Board meeting of the Department at which final awards of credits are authorized, the Department will post on its website the most current 2023 State of Texas Competitive Housing Tax Credit Ceiling Accounting Summary which includes the Regional Allocation Formula percentages including the maximum funding request/award limits, the Elderly Development maximum percentages and limits of credits available, and the methodology used for the determination of the award determinations within the State Collapse. In the event that more than one subregion is underserved by the same degree, the priorities described in clauses (i) and (ii) of this subparagraph will be used to select the next most underserved subregion:

(i) the subregion with no recommended At-Risk Applications from the same Application Round; and

(ii) the subregion that was the most underserved during the Application Round during the year immediately preceding the current Application Round.

(F) Contingent Qualified Nonprofit Set-aside Step (Step 6). If an insufficient number of Applications participating in the Nonprofit Set-Aside are selected after implementing the criteria described in subparagraphs (A) - (E) of this paragraph to meet the requirements of the 10% Nonprofit Set-Aside, action must be taken to modify the criteria described in subparagraphs (A) - (E) of this paragraph to ensure the Set-aside requirements are met. Therefore, the criteria described in subparagraphs (C) - (E) of this paragraph will be repeated after selection of the highest scoring Application(s) under the Nonprofit Set-aside statewide are selected to meet the minimum requirements of the Nonprofit Set- Aside. This step may cause some lower scoring Applications in a subregion to be selected instead of a higher scoring Application not participating in the Nonprofit Set-aside.

**(4) Waiting List.** The Applications that do not receive an award by July 31 and remain active and eligible will be recommended for placement on the waiting list. The waiting list is not static. The allocation process will be used in determining the next Application to award. If credits are returned through any process, those credits will first be made available in the set-aside or subregion from which they were originally awarded. The first Application on the waiting list is in part contingent on the nature of the credits that became available for award. The Department shall hold all credit available after the late-July awards until September 30 in order to collect credit that may become available when tax credit Commitments are submitted. Credit confirmed to be available, as of September 30, may be awarded to Applications on the waiting list unless insufficient credits are available to fund the next Application on the waiting list. For credit returned after September 30, awards from the waiting list will be made when the remaining balance is sufficient to award the next Application as may be amended on the waiting list based on the date(s) of returned credit. Notwithstanding the foregoing, if decisions related to any returns or rescissions of tax credits are under appeal or are otherwise contested, the Department may delay awards until resolution of such issues. The Department will evaluate all waiting list awards for compliance with requested Set-asides. This may cause some lower

scoring Applications to be selected instead of a higher scoring Application. Where sufficient credit becomes available to award an Application on the waiting list later in the calendar year, staff may allow flexibility in meeting the Carryover Allocation submission deadline and changes to the Application as necessary to ensure to the extent possible that available resources are allocated by December 31. (§2306.6710(a) - (f); §2306.111).

(5) Credit Returns Resulting from Force Majeure Events. In the event that the Department receives a return of Competitive HTCs during the current program year from an Application that received a Competitive Housing Tax Credit award during any of the preceding three years, such returned credit will, if the Board determines that all of the requirements of this paragraph are met to its satisfaction, be allocated separately from the current year's tax credit allocation, and not be subject to the requirements of paragraph (2) of this section. The Board determination must indicate the year of the Multifamily Rules to be applied to the Development. The Department's Governing Board may impose a deadline that is earlier than the Placed in Service Deadline and may impose conditions that were not placed on the original allocation. Requests to allocate returned credit separately where all of the requirements of this paragraph have not been met or requests for waivers of any part of this paragraph will not be considered. For purposes of this paragraph, credits returned after September 30 of the preceding program year may be considered to have been returned on January 1 of the current year in accordance with the treatment described in §(b)(2)(C)(iii) of Treasury Regulation 1.42-14. The Board may approve the execution of a current program year Carryover Agreement regarding the returned credits with the Development Owner that returned such credits only if:

(A) The credits were returned as a result of "Force Majeure" events that occurred before issuance of Forms 8609. Force Majeure events are the following sudden and unforeseen circumstances outside the control of the Development Owner: acts of God such as fire, tornado, flooding, significant and unusual rainfall or subfreezing temperatures, or loss of access to necessary water or utilities as a direct result of significant weather events; explosion; vandalism; orders or acts of military authority; unrelated party litigation; changes in law, rules, or regulations; national emergency or insurrection; riot; acts of terrorism; supplier failures; or materials or labor shortages. If a Force Majeure event is also a presidentially declared disaster, the Department may treat the matter under the applicable federal provisions. Force Majeure events must make construction activity impossible or materially impede its progress;

(B) Acts or events caused by the negligent or willful act or omission of the Development Owner, Affiliate or a Related Party shall under no circumstance be considered to be caused by Force Majeure. In order for rainfall, material shortages, or labor shortages to constitute Force Majeure, the Development Owner must clearly explain and document how such events could not have been reasonably foreseen and mitigated through appropriate planning and risk management. Staff may use Construction Status reports for the subject or other Developments in conducting their review and forming a recommendation to the Board;

(C) A Development Owner claiming Force Majeure must provide evidence of the type of event, as described in subparagraph (A) of this paragraph, when the event occurred, and that the loss was a direct result of the event;

(D) The Development Owner must prove that reasonable steps were taken to minimize or mitigate any delay or damages, that the Development Owner substantially fulfilled all obligations not impeded by the event, including timely closing of all financing and start of construction, that the Development and Development Owner was properly insured and that the Department was timely notified of the likelihood or actual occurrence of an event described in subparagraph (A) of this paragraph;

(E) The event prevents the Development Owner from meeting the placement in service requirements of the original allocation;

(F) The requested current year Carryover Agreement allocates the same amount of credit as that which was returned; and

(G) The Department's Real Estate Analysis Division determines that the Development continues to be financially feasible in accordance with the Department's underwriting rules after taking into account any insurance proceeds related to the event.

#### §11.7.Tie Breaker Factors.

In the event there are Competitive HTC Applications that receive the same number of points in any given set-aside category, rural regional allocation or urban regional allocation, or rural or statewide collapse, the Department will utilize the factors in this section, in the order they are presented, to determine which Development will receive preference in consideration for an award. For the purposes of this section, all measurements will include ingress/egress requirements and any easements regardless of how they will be held. The tie breaker factors are not intended to specifically address a tie between equally underserved subregions in the rural or statewide collapse.

(1) Applications proposed to be located in a census tract with a poverty rate below a 20% poverty rate threshold in all regions except for Regions 11 and 13(with Region 11 adding an additional 15% to that value and Region 13 adding an additional 5% to that value). The poverty rate for each census tract will come from the most recent American Community Survey data. If a tie still persists, then the Development in the census tract with the highest percentage of statewide rent burden for renter households at or below 80% Area Median Family Income (AMFI), as determined by the U.S. Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy (CHAS) dataset as of October 1, 2022 and as reflected in the Department's current Site Demographic Characteristics Report. As a consequence of disparities that exist between the two datasets, for the purposes of this

subparagraph, the poverty rate for each census tract will be determined based on 2020 census tract boundaries, and the rent burden will be determined based on 2010 census tract boundaries. Each Application will need to specify both the current census tract, as well as the Development Site's pre-2020 census tract in order to qualify for this tiebreaker.

(2) Applications proposed to be located the greatest linear distance from the nearest Housing Tax Credit assisted Development that serves the same Target Population and that was awarded 15 or fewer years ago. Years are measured in whole years, and are calculated by deducting the year of the award from the "Board Approval" column of the property inventory from the Site Demographics Characteristics report from the current year. The specific month and date of the award are disregarded for this analysis. Developments awarded Housing Tax Credits but do not yet have a Land Use Restriction Agreement in place will be considered Housing Tax Credit assisted Developments for purposes of this paragraph according to the property inventory included in the HTC Site Demographic Characteristics Report. The linear measurement will be performed from closest boundary to closest boundary of the Site presented at Pre-Application, if a pre-application is submitted, or the Site presented at full Application, whichever is closest.

#### §11.8.Pre-Application Requirements (Competitive HTC Only).

**(a) General Submission Requirements.** The pre-application process allows Applicants interested in pursuing an Application to assess potential competition across the 13 state service regions, subregions and set-asides. Based on an understanding of the potential competition they can make a more informed decision about whether they wish to proceed to prepare and submit an Application. A complete pre-application is a pre-application that meets all of the Department's criteria, as outlined in subsections (a) and (b) of this section.

(1) The pre-application must be submitted using the URL provided by the Department, as outlined in the Multifamily Programs Procedures Manual, along with the required pre-application fee as described in §11.901 of this chapter (relating to Fee Schedule), not later than the pre-application Final Delivery Date as identified in §11.2(a) of this chapter (relating to Competitive HTC Deadlines). If the pre-application and corresponding fee is not submitted on or before this deadline the Applicant will be deemed to have not made a pre-application.

(2) Only one pre-application may be submitted by an Applicant for each Development Site and for each Site Control document.

(3) Department review at this stage is limited, and not all issues of eligibility and threshold are reviewed or addressed at pre-application. Acceptance by staff of a pre-application does not ensure that an Applicant satisfies all Application eligibility, threshold or documentation requirements. While the pre-application is more limited in scope than the Application, pre-applications are subject to the same limitations, restrictions, or causes for disqualification or

termination as Applications, and pre-applications will thus be subject to the same consequences for violation, including but not limited to loss of points and termination of the pre-application.

(4) The pre-application becomes part of the full Application if the full Application claims pre-application points.

(5) Regardless of whether a Full Application is submitted, a pre-application may not be withdrawn after the Full Application Delivery Date described in §11.2(a) of this chapter.

**(b) Pre-Application Threshold Criteria.** Pursuant to Tex. Gov't Code §2306.6704(c) pre-applications will be terminated unless they meet the threshold criteria described in subsection (a) of this section and paragraphs (1) and (2) of this subsection:

(1) Submission of the Competitive HTC pre-application in the form prescribed by the Department which identifies or contains at a minimum:

(A) Site Control meeting the requirements of §11.204(10) of this title (relating to Required Documentation for Application Submission). For purposes of meeting this specific requirement related to pre-application threshold criteria, proof of consideration and any documentation required for identity of interest transactions is not required at the time of pre-application submission but will be required at the time of full application submission;

(B) Funding request;

(C) Target Population;

(D) Requested set-asides (At-Risk, USDA, Nonprofit, or Rural);

(E) Total Number of Units proposed;

(F) Census tract number in which the Development Site is located, and a map of that census tract with an outline of the proposed Development Site;

(G) Expected score for each of the scoring items identified in the pre-application materials;

(H) Proposed name of ownership entity;

(I) The name and address of the nearest Housing Tax Credit assisted Development that serves the same Target Population and was awarded 15 or fewer years ago following the calculation established in 10 TAC §11.7(2) according to the Department's property inventory tab of the Site Demographic Characteristics Report; and

(J) If points are to be claimed related to Underserved Area and/or Proximity to Jobs, documentation supporting those point elections.

(2) Evidence in the form of a certification provided in the pre-application, that all of the notifications required under this paragraph have been made. (§2306.6704).

(A) The Applicant must list in the pre-application all Neighborhood Organizations on record with the county or state 30 days prior to the beginning of the Application Acceptance Period whose boundaries include the entire proposed Development, where a reasonable search for applicable entities has been conducted.

(B) Notification Recipients. Developments located in an ETJ of a municipality are required to notify both municipal and county officials. The notifications may be sent by e-mail, fax or mail with registered return receipt or similar tracking mechanism in the format included in the Public Notification Template provided in the Uniform Multifamily Application Template or in an alternative format that meets the applicable requirements and achieves the intended purpose. The Applicant is required to retain proof of delivery in the event the Department requests proof of notification. Acceptable evidence of such delivery is demonstrated by signed receipt for mail or courier delivery and confirmation of delivery for fax and e-mail. Officials to be notified are those officials in office at the time the pre-application is submitted. Between the time of pre-application (if made) and full Application, the boundaries of an official's jurisdictions may change. If there is a change in jurisdiction between pre-application and the Full Application Delivery Date, additional notifications must be made at full Application to any entity that has not been previously notified by the Applicant. Meetings and discussions do not constitute notification. Only a timely and compliant written notification to the correct entity constitutes notification. No later than the date the pre-application is submitted, notification must be sent to all of the entities prescribed in clauses (i) - (viii) of this subparagraph:

(i) Neighborhood Organizations on record with the state or county 30 days prior to the beginning of the Application Acceptance Period whose boundaries include the entire proposed Development Site;

(ii) Superintendent of the school district in which the Development Site is located;

(iii) Presiding officer of the board of trustees of the school district in which the Development Site is located;

(iv) Mayor of the municipality (if the Development Site is within a municipality or its extraterritorial jurisdiction);

(v) All elected members of the Governing Body of the municipality (if the Development Site is within a municipality or its extraterritorial jurisdiction);

(vi) Presiding officer of the Governing Body of the county in which the Development Site is located;

(vii) All elected members of the Governing Body of the county in which the Development Site is located; and

(viii) State Senator and State Representative of the districts whose boundaries include the proposed Development Site.

(C) Contents of Notification.

(i) The notification must include, at a minimum, all of the information described in subclauses (I) - (VIII) of this clause:

(I) The Applicant's name, address, an individual contact name and phone number;

(II) The Development name, address, city, and county;

(III) A statement informing the entity or individual being notified that the Applicant is submitting a request for Housing Tax Credits with the Texas Department of Housing and Community Affairs;

(IV) Whether the Development proposes New Construction, Reconstruction, Adaptive Reuse, or Rehabilitation;

(V) The physical type of Development being proposed (e.g. single family homes, duplex, apartments, high-rise, etc.);

(VI) The approximate total number of Units and approximate total number of Low-Income Units;

(VII) The residential density of the Development, i.e., the number of Units per acre; and

(VIII) Information on how and when an interested party or Neighborhood Organization can provide input to the Department.

(ii) The notification may not contain any false or misleading statements. Without limiting the generality of the foregoing, the notification may not create the impression that the proposed Development will serve a population exclusively or as a preference unless such targeting or preference is documented in the Application and is in full compliance with all applicable state and federal laws, including state and federal fair housing laws.

(iii) Notifications or any other communications may not contain any statement that violates Department rules, statute, code, or federal requirements.

**(c) Pre-Application Results.** Only pre-applications which have satisfied all of the pre-application requirements, including those in §11.9(e)(3) of this chapter (relating to Criteria promoting the efficient use of limited resources and applicant accountability), will be eligible for pre-application points. The order and scores of those Developments released on the pre-application Submission Log do not represent a Commitment on the part of the Department or the Board to allocate tax credits to any Development and the Department bears no liability for decisions made by Applicants based on the results of the pre-application Submission Log. Inclusion of a pre-application on the pre-application Submission Log does not ensure that an Applicant will receive points for a pre-application.

**(d) Applicants that may be requesting a Multifamily Direct Loan** from the Department may submit a Request for Preliminary Determination on or before February 13, 2023. The results of evaluation of the Request may be used as evidence of review of the Development and the Principals for purposes of scoring under §11.9(e)(1)(E) of this chapter. Submission of a Request for Preliminary Determination does not obligate the Applicant to request Multifamily Direct Loan funds with their full Application.

#### §11.9.Competitive HTC Selection Criteria.

**(a) General Information.** This section identifies the scoring criteria used in evaluating and ranking Applications. The criteria identified in subsections (b) - (e) of this section include those items required under Tex. Gov't Code, Chapter 2306, Code §42, and other criteria established in a manner consistent with Chapter 2306 and Code §42. There is no rounding of numbers in this section for any of the calculations in order to achieve the desired requirement or limitation, unless rounding is explicitly stated as allowed for that particular calculation or criteria. The Application must include one or more maps indicating the location of the Development Site and the related distance to the applicable facility. Distances are to be measured from the nearest boundary of the Development Site to the nearest boundary of the property or easement containing the facility, unless otherwise noted. For the purposes of this section, all measurements will include ingress/egress requirements and any easements regardless of how they will be held. Applications will only be reviewed for point items specifically elected in the Application. Except for scoring items that are awarded based on tiered categories, if an Application is determined to not qualify for the points elected, Department staff will not evaluate the Application to determine whether it might qualify for alternative points.

**(b) Criteria promoting development of high quality housing.**

(1) Size and Quality of the Units. (§2306.6710(b)(1)(D); 2306.6725(b)(1); §42(m)(1)(C)(iii) and (ix)) An Application may qualify for up to fifteen (15) points under subparagraphs (A) and (B) of this paragraph.

(A) Unit Sizes (6 points). The Development must meet the minimum requirements identified in this subparagraph to qualify for points. Points for this item will be automatically granted for Applications involving Rehabilitation (excluding Reconstruction), for Developments receiving funding from USDA, or for Supportive Housing Developments without meeting these square footage minimums only if requested in the Self Scoring Form. If the Development involves both Rehabilitation and Reconstruction or New Construction, the Reconstruction or New Construction Units must meet these requirements:

- (i) five-hundred (500) square feet for an Efficiency Unit;
- (ii) six-hundred (600) square feet for a one Bedroom Unit;
- (iii) eight-hundred fifty (850) square feet for a two Bedroom Unit;
- (iv) one-thousand fifty (1,050) square feet for a three Bedroom Unit; and
- (v) one-thousand two-hundred fifty (1,250) square feet for a four Bedroom Unit.

(B) Unit, Development Construction, and Energy and Water Efficiency Features (9 points). Applicants that elect in an Application to provide specific amenity and quality features in every Unit at no extra charge to the tenant will be awarded points based on the point structure provided in §11.101(b)(6)(B) of this title (relating to Unit, Development Construction, and Energy and Water Efficiency Features) and as certified to in the Application. The amenities will be required to be identified in the LURA. Rehabilitation Developments and Supportive Housing Developments will start with a base score of five (5) points.

(2) Sponsor Characteristics. (§42(m)(1)(C)(iv)) An Application may qualify to receive either one (1) or two (2) points if it meets the requirements of either subparagraphs (A), (B), or (C) of this paragraph.

(A) HUB. The ownership structure contains a HUB or HUBs certified by the Texas Comptroller of Public Accounts by the Full Application Delivery Date. The HUB or HUBs must have some combination of ownership interest in each of the General Partner of the Applicant, Cash Flow from operations, and Developer Fee which taken together equal at least 50% and no less than 5% for any category. For HUD 202 Rehabilitation projects which prohibit for-profit ownership, ownership will not be required for a HUB or nonprofit, only for Cash Flow or Developer Fee; the total ownership percentage must still equal 50%, even if it is only attributable to one of the two categories. Any

Application that includes one or more HUBs must include a narrative description of each of the HUB's experience directly related to the housing industry.

(i) The HUB must materially participate in the Development and operation of the Development throughout the Compliance Period and must have experience directly related to the housing industry, which may include experience with property management, construction, development, financing, or compliance. Material participation means that the HUB is regularly, continuously, and substantially involved in providing services integral to the Development Team; providing services as an independent contractor is not sufficient.

(ii) A Principal or officer of the HUB cannot be a Related Party to or Affiliate, including the spouse, of any other Principal or officer of the Applicant, Developer or Guarantor (excluding another Principal of said HUB), regardless of Control. (2 points).

(iii) The HUB must be involved with the Development Services or in the provision of on-site tenant services during the Development's Affordability Period. A Principal of the HUB or nonprofit Organization cannot be a Related Party to or Affiliate, including the spouse of, any other Principal of the Applicant, Developer or Guarantor (excluding another Principal of said HUB or Nonprofit Organization). (1 point).

(B) Qualified Nonprofit Organization. The ownership structure contains a Qualified Nonprofit Organization provided the Application is submitted in the Nonprofit Set-Aside. The Qualified Nonprofit Organization must have some combination of ownership interest in the General Partner of the Applicant, Cash Flow from operations, and Developer Fee which taken together equal at least 50%, and no less than 5% for any category. For HUD 202 Rehabilitation projects which prohibit for-profit ownership, ownership will not be required for a nonprofit, only for Cash Flow or Developer Fee; the total ownership percentage must still equal 50%, even if it is only attributable to one of the two categories.

(i) The Qualified Nonprofit Organization must materially participate in the Development and operation of the Development throughout the Compliance Period and must have experience directly related to the housing industry, which may include experience with property management, construction, development, financing, or compliance. Material participation means that the Qualified Nonprofit Organization is regularly, continuously, and substantially involved in providing services integral to the Development Team; providing services as an independent contractor is not sufficient.

(ii) A Principal of the Qualified Nonprofit Organization cannot be a Related Party to or Affiliate, including the spouse, of any other Principal of the Applicant, Developer,

or Guarantor (excluding another Principal of said Qualified Nonprofit Organization). (2 points).

(iii) The Qualified Nonprofit Organization must be involved with the Development Services or in the provision of on-site tenant services during the Development's Affordability Period. A Principal of the Qualified Nonprofit Organization cannot be a Related Party to or Affiliate, including the spouse of, any other Principal of the Applicant, Developer, or Guarantor (excluding another Principal of said Qualified Nonprofit Organization). (1 point).

(C) Nonprofit Organization. The ownership structure contains a nonprofit organization that meets the requirements of IRC §42(h)(5)(C) on the Application Delivery Date, with at least 51% ownership in the General Partner of the Applicant. (2 points)

(i) The nonprofit organization must maintain Control of the Development and materially participate in the operation of the Development throughout the Compliance Period. Nonprofit organizations that formally operate under a parent organization may assign Control of the Development to that parent organization, so long as it meets the requirements of IRC §42(h)(5)(C).

(ii) The nonprofit organization, or individuals with Control of the nonprofit organization, must provide verifiable documentation of at least 10 years' experience in the continuous operation of a Development that provides services similar to those in the proposed Development.

(iii) The Applicant will provide a minimum of 3 additional points under §11.101(7) of this chapter (related to Resident Supportive Services), in addition to points selected under subsection (c)(3) of this section.

**(c) Criteria to serve and support Texans most in need.**

(1) Income Levels of Residents. (§§2306.111(g)(3)(B) and (E); 2306.6710(b)(1)(C) and (e); and §42 (m)(1)(B)(ii)(I)) An Application may qualify for up to sixteen (16) points for rent and income restricting a Development for the entire Affordability Period at the levels identified in subparagraph (A), (B), (C), or (D) of this paragraph.

(A) For any Development located within a non-Rural Area of the Dallas, Fort Worth, Houston, San Antonio, or Austin MSAs that propose to use either the 20-50 or 40-60 election under §42(g)(1)(A) or §42(g)(1)(B) of the Code, respectively:

- (iii) The Average Income and Rent restriction for all Low-Income Units for the proposed Development will be 57% or lower (11 points).

(2) Rent Levels of Tenants. (§2306.6710(b)(1)(E)) An Application may qualify to receive up to thirteen (13) points for rent and income restricting a Development for the entire Affordability Period. If selecting points from paragraph (1)(A) or paragraph (1)(B) of this subsection, these levels are in addition to those committed under paragraph (1) of this subsection. If selecting points from paragraph (1)(C) or paragraph (1)(D) of this subsection, these levels are included in the income average calculation under paragraph (1) of this subsection. These units must be maintained at this rent level throughout the Affordability Period regardless of the Average Income calculation. Scoring options include:

(A) At least 20% of all Low-Income Units at 30% or less of AMGI for Supportive Housing Developments proposed by a Qualified Nonprofit (13 points);

(C) At least 5% of all Low-Income Units at 30% or less of AMGI (7 points).

(3) Resident Supportive Services. (§2306.6710(b)(3) and (1)(G), and §2306.6725(a)(1)) A Development may qualify to receive up to eleven (11) points.

(A) The Applicant certifies that the Development will provide a combination of resident supportive services, which are listed in §11.101(b)(7) of this chapter (relating to Development Requirements and Restrictions) and meet the requirements of that section. (10 points).

(B) The Applicant certifies that the Development will contact local nonprofit and governmental providers of services that would support the health and well-being of the Department's residents, and will make Development community space available to them on a regularly-scheduled basis to provide outreach services and education to the tenants. Applicants may contact service providers on the Department list, or contact other providers that serve the general area in which the Development is located. (1 point).

(4) Residents with Special Housing Needs. (§2306.6710(b)(4); §42(m)(1)(C)(v)) An Application may qualify to receive up to three (3) points by serving Residents with Special Housing Needs by selecting points under any combination of subparagraphs (A), (B), and (C) of this paragraph. The Units identified for this scoring item may not be the same Units identified previously for the Section 811 PRA Program.

(A) The Development must commit at least 5% of the total Units to Persons with Special Housing Needs. For purposes of this subparagraph, Persons with Special Housing Needs is defined as a household where one or more individuals have alcohol or drug addictions, is a Colonia resident, a Person with a Disability, has Violence Against Women

Act Protections (domestic violence, dating violence, sexual assault, and stalking), HIV/AIDS, homeless, veterans, and farmworkers. Throughout the Compliance Period, unless otherwise permitted by the Department, the Development Owner agrees to specifically market Units to Persons with Special Housing Needs. In addition, the Department will require an initial minimum twelve-month period during which Units must either be occupied by Persons with Special Housing Needs or held vacant, unless the Units receive HOME funds from any source. After the initial twelve-month period, the Development Owner will no longer be required to hold Units vacant for Persons with Special Housing Needs, but will be required to continue to specifically market Units to Persons with Special Housing Needs. (2 points)

(B) If the Development has committed units under subparagraph (A) of this paragraph, the Development must commit at least an additional 2% of the total Units to Persons referred from the Continuum of Care or local homeless service providers to be made available for those experiencing homelessness. Rejection of an applicant's tenancy for those referred may not be for reasons of credit history or prior rental payment history. Throughout the Compliance Period, unless otherwise permitted by the Department, the Development Owner agrees to specifically market the 2% of Units through the Continuum of Care and other homelessness providers local to the Development Site. In addition, the Department will require an initial minimum twelve-month period in Urban subregions, and an initial six-month period in Rural subregions, during which Units must either be occupied by Persons referred from the Continuum of Care or local homeless service providers, or held vacant, unless the Units receive HOME funds from any source. After the initial twelve-month or six-month period, the Development Owner will no longer be required to hold Units vacant but will be required to continue to provide quarterly notifications to the Continuum of Care and other homeless service providers local to the Development Site on the availability of Units at the Development Site. A Development is not eligible under this paragraph unless points have also been selected under subparagraph (A) of this paragraph. (1 point)

(C) If at Application, the Development is located in a county with a population of 1 million or more, but less than 4 million, and is located not more than two miles from a veteran's hospital, veteran's affairs medical center, or veteran's affairs health care center, (which include all providers listed under the Veteran's Health Administration categories, excluding Benefits Administration offices, listed at this link [https://www.va.gov/directory/guide/fac\\_list\\_by\\_state.cfm?State=TX&dnum=ALL](https://www.va.gov/directory/guide/fac_list_by_state.cfm?State=TX&dnum=ALL)) and agrees to provide a preference for leasing units in the Development to low income veterans. (1 point)

(5) Opportunity Index. (42(m)(1)(C)(i)) The Department may refer to locations qualifying for points under this scoring item as high opportunity areas in some materials. Based on the American Community Survey (ACS) data, a Development is eligible for a maximum of seven (7) opportunity index points from subparagraphs (A) and (B) of this paragraph.

(A) A proposed Development is eligible for up to two (2) opportunity index points if it is located entirely within a census tract with a poverty rate less than 20% or the median poverty rate among tracts for the region, whichever is greater, and meets the requirements in clause (i) or (ii) of this subparagraph:

(i) The Development Site is located entirely within a census tract that has:

(I) a poverty rate less than 20% or the median poverty rate among Census tracts for the region whichever is greater; and

(II) a median household income in the two highest quartiles among Census tracts within the uniform service region (2 points); or

(ii) The Development Site is located entirely within a census tract that has:

(I) a poverty rate less than 20% or the median poverty rate among Census tracts for the region, whichever is greater,

(II) a median household income in the third quartile among Census tracts within the region, and

(III) is contiguous to a census tract that is in the first or second quartile among tracts for median household income in the region, and has a poverty rate less than 20% or the median poverty rate among tracts for the region, whichever is greater, and the Development Site is no more than 2 miles from the boundary between the census tracts (1 point); and

(B) An Application that meets one of the foregoing criteria in subparagraph (A) of this paragraph may qualify for additional points for any one or more of the factors in clause (i) or (ii) of this subparagraph. Each amenity may be used only once for scoring purposes, unless allowed within the scoring item, regardless of the number of categories it fits. All members of the Applicant or Affiliates cannot have had an ownership position in the amenity or served on the board or staff of a nonprofit that owned or managed that amenity within the year preceding the Pre-Application Final Delivery Date. All amenities must be operational or have started Site Work at the Pre-Application Final Delivery Date. Any age restrictions associated with an amenity must positively correspond to the Target Population of the proposed Development.

(i) For Developments located in an Urban Area (other than Applicants competing in the USDA Set- Aside), an Application may qualify to receive points through a combination of requirements in subclauses (I) - (XV) of this clause.

(I) The Development Site is located on a route, with sidewalks for pedestrians, that is 1/2 mile or less from the entrance to a public park with a playground or

from a multiuse hike-bike trail. The entirety of the sidewalk route must consist of smooth hard surfaces, curb ramps, and marked pedestrian crossings when traversing a street. (1 point).

(II) The Development Site is located on a route, with sidewalks for pedestrians, that is within a specified distance from the entrance of a public transportation stop or station with a route schedule that provides regular service to employment and basic services. The entirety of the sidewalk route must consist of smooth hard surfaces, curb ramps, and marked pedestrian crossings when traversing a street. Only one of the following may be selected:

(-b-) The Development Site is 1/2 mile or less from the stop or station and the scheduled service arrives every 15 minutes, on average, between 6 a.m. and 8 p.m., every day of the week (2 points).

(III) The Development Site is located within 2 miles of a full-service grocery store. A full service grocery store is a store of sufficient size and volume to provide for the needs of the surrounding neighborhood including the proposed Development; and the space of the store is dedicated primarily to offering a wide variety of fresh, frozen, canned and prepared foods, including but not limited to a variety of fresh meats, poultry, and seafood; a wide selection of fresh produce including a selection of different fruits and vegetables; a selection of baked goods and a wide array of dairy products including cheeses, and a wide variety of household goods, paper goods and toiletry items. (2 point).

(IV) The Development Site is located within 2 miles of a pharmacy. For the purposes of this menu item only, the pharmacy may be claimed if it is within the same building as a grocery store. (2 point).

(V) The Development Site is located within 4 miles of a health-related facility, such as a full service hospital, community health center, minor emergency center, emergency room or urgent care facility. Physician offices and physician specialty offices are not considered in this category. (1 point).

(VI) The Development Site is within 3 miles of a center that is licensed by the Department of Family and Protective Services (DFPS) specifically to provide a school-age program or to provide a child care program for infants, toddlers, or pre-kindergarten. The Application must include evidence from DFPS that the center meets the above requirements. (1 point)

(VII) The Development Site is located in a census tract with a property crime rate of 26 per 1,000 persons or less as defined by neighborhoodscout.com, or local law enforcement data sources. If employing the latter source, the formula for determining the crime rate will include only data relevant to the census tract in which the Development Site is located. (1 point)

(VIII) The Development Site is located within 2 miles of a public library that has indoor meeting space, physical books that can be checked out and that are of a general and wide-ranging subject matter, computers and internet access, and that is open 50 hours or more per week. The library must not be age or subject-restricted and must be at least partially funded with government funding. (1 point)

(IX) The Development Site is located within 6 miles of an accredited university or community college, as confirmed by the Texas Higher Education Coordination Board (THECB). To be considered a university for these purposes, the provider of higher education must have the authority to confer bachelor's degrees. Two-year colleges are considered community colleges, and to be considered for these purposes must confer at least associate's degrees. The university or community college must have a physical campus, where classes are regularly held for students pursuing their degrees, within the required distance; online-only institutions do not qualify under this item. (1 point)

(X) Development Site is located in a census tract where 27% or more of adults age 25 and older has an Associate's Degree or higher as tabulated by the American Community Survey 5-year Estimate. (1 point)

(1 point).

(XIV) Development Site is in the current service area of Meals on Wheels or similar nonprofit service that provides regular visits and meals to individuals in their homes. (1 point).

(XV) Development Site is located in the attendance zone of a general enrollment public school rated A or B by TEA for the most recently available rating. (1 point).

(ii) For Developments located in a Rural Area and any Application qualifying under the USDA set-aside, an Application may qualify to receive points through a combination of requirements in subclauses (I) - (XIV) of this clause.

(I) The Development Site is located within 5 miles of a full-service grocery store. A full service grocery store is a store of sufficient size and volume to provide for the needs of the surrounding neighborhood including the proposed Development; and the space of the store is dedicated primarily to offering a wide variety of fresh, frozen, canned and prepared foods, including but not limited to a variety of fresh meats, poultry, and seafood; a wide selection of fresh produce including a selection of different fruits and vegetables; a selection of baked goods and a wide array of dairy products including cheeses, and a wide variety of household goods, paper goods and toiletry items. (2 point).

(II) The Development Site is located within 5 miles of a pharmacy. For the purposes of this menu item only, the pharmacy may be claimed if it is within the same building as a grocery store. (2 point).

(III) The Development Site is located within 5 miles of health-related facility, such as a full service hospital, community health center, minor emergency center, or a doctor with a general practice that takes walk-in patients. Physician specialty offices are not considered in this category. (1 point).

(IV) The Development Site is located within 5 miles of a center that is licensed by the Department of Family and Protective Services (DFPS) specifically to provide a school-age program or to provide a child care program for infants, toddlers, or pre-kindergarten. The Application must include evidence from DFPS that the center meets the above requirements. (1 point).

(V) The Development Site is located in a census tract with a property crime rate 26 per 1,000 or less, as defined by neighborhoodscout.com, or local law enforcement data sources. If employing the latter source, the formula for determining the crime rate will include only data relevant to the census tract in which the Development Site is located. (1 point).

(VI) The Development Site is located within 5 miles of a public library that has indoor meeting space, physical books that can be checked out and that are of a

general and wide-ranging subject matter, computers and internet access, and that is open 40 hours or more per week. The library must not be age or subject-restricted and must be at least partially funded with government funding. (1 point).

(VII) The Development Site is located within 5 miles of a public park with a playground. (1 point).

(VIII) The Development Site is located within 15 miles of an accredited university or community college, as confirmed by the Texas Higher Education Coordination Board (THECB). To be considered a university for these purposes, the provider of higher education must have the authority to confer bachelor's degrees. Two-year colleges are considered community colleges, and to be considered for these purposes must confer at least associate's degrees. The university or community college must have a physical campus, where classes are regularly held for students pursuing their degrees, within the required distance; online-only institutions do not qualify under this item. (1 point).

(IX) Development Site is located in a census tract where 27% or more of adults age 25 and older has an Associate's Degree or higher as tabulated by the American Community Survey 5-year Estimate. (1 point).

(X) Development Site is within 4 miles of an indoor recreation facility available to the public. (XI) Development Site is within 4 miles of an outdoor, dedicated, and permanent recreation facility available to the public. Examples include, but are not limited to, swimming pools or splash pads, tennis courts, golf courses, softball fields, or basketball courts. (1 point).

(XII) Development Site is within 4 miles of community, civic or service organizations that provide regular and recurring substantive services, beyond exclusively congregational or member-affiliated activities, available to the entire community (this could include religious organizations or organizations like the Kiwanis or Rotary Club as long as they make services available without regard to affiliation or membership). (1 point).

(XIII) Development Site is in the current service area of Meals on Wheels or similar nonprofit service that provides regular visits and meals to individuals in their homes. (1 point).

(XIV) Development Site is located in the attendance zone of a general enrollment public school rated A or B by TEA for the most recently available rating. (1 point).

(6) Underserved Area. (§§2306.6725(a)(4) and (b)(2); 2306.127(3), 42(m)(1)(C)(i) and (ii)). Points are not cumulative and an Applicant is therefore limited to selecting one subparagraph. If an Application qualifies for points under paragraph (5) of this subsection, then the Application is not eligible for points under subparagraphs (A) and (B) of this paragraph. Years are measured in whole years, and are calculated by deducting the year of the award from the "Board Approval" column of the property inventory of the Site Demographic Characteristics Report from the current year. The specific month and date of the award are disregarded for this analysis. The Application must include evidence that the Development Site meets the requirements. An Application may qualify to receive up to five (5) points if the Development Site meets any one of the criteria described in subparagraphs (A) - (H) of this paragraph:

(A) (§2306.127(3)). The Development Site is located wholly or partially within the boundaries of a colonia as such boundaries are determined by the Office of the Attorney General and within 150 miles of the Rio Grande River border. For purposes of this scoring item, the colonia must lack water, wastewater, or electricity provided to all residents of the colonia at a level commensurate with the quality and quantity expected of a municipality and the proposed Development must make available any such missing water, wastewater, and electricity supply infrastructure physically within the borders of the colonia in a manner that would enable the current dwellings within the colonia to connect to such infrastructure (5 points);

(B) (§2306.127(3)). The Development Site is located entirely within the boundaries of an Economically Distressed Area that has been awarded funds by the Texas Water Development Board in the previous five years ending at the beginning of the Application Acceptance Period (1 point);

(C) (§2306.6725(b)(2)). The Development Site is located entirely within a census tract that does not have another Development that was awarded 30 or fewer years ago according to the Department's property inventory in the Site Demographic Characteristics Report (4 points);

(D) For areas not scoring points for subparagraph (C), the Development Site is located entirely within a census tract that does not have another Development that was awarded 15 or fewer years ago according to the Department's property inventory tab of the Site Demographic Characteristics Report (3 points);

(E) For areas not scoring points for subparagraphs (C) or (D) of this paragraph, the Development Site is located entirely within a census tract that does not have another Development that was awarded 10 or fewer years ago according to the Department's property inventory in the Site Demographic Characteristics Report (2 points);

(F) The Development Site is located entirely within a census tract that is located wholly within the perimeter formed by the outermost boundaries of an incorporated area and the census tract itself and all of its contiguous census tracts do not have another Development that was awarded 10 or fewer years ago according to the Department's property inventory tab of the Site Demographic Characteristics Report. This item will apply to Development Sites located entirely in in Places with a population of 100,000 or more, and will not apply in the At-Risk Set-Aside; (5 points)

(i) The presence of unincorporated enclaves within the census tract will not make an Application ineligible for these points so long as the tract is wholly within the outer boundaries of an incorporated area.

(ii) The perimeter of incorporated area may be composed of boundaries from multiple municipalities so long as the boundaries, when taken as a whole, form a complete perimeter.

(iii) The Development Site may intersect the boundaries of multiple Places so long as each has a population of 100,000 or more.

(iv) To accommodate for mapping inaccuracies, for purposes of this scoring item only, any overlap of boundaries that is 300 or fewer feet, measured outward from the incorporated area boundary, will be disregarded when determining that a census tract is located within an incorporated area so long as the determination is in the Application's favor.

(v) Contiguous census tracts include those that touch at a point.

(G) The Development Site is located entirely within a census tract where, according to American Community Survey 5-year Estimates, the population share of persons below 200% federal poverty level decreased by 10% or more and where the total number of persons at or above 200% federal poverty level had increased by 15% or more between the years 2012 and 2019. This measure is referred to as the Affordable Housing Needs Indicator in the Site Demographic Characteristics Report. The Census Tracts for this scoring item will be those defined by the ACS 2012 and 2019 5-year data sets. Due to changing census tracts resulting from the 2020 decennial census, Development sites which would have qualified for this point item under the 2022 QAP using the 2022 Site Demographics Report will continue to be eligible. The Department will not publish an updated Affordable Housing Needs Indicator analysis until sufficient data is available to do so. It is incumbent upon the Applicant to demonstrate within the Application that the Development Site would have qualified for these points. (4 points); or

(H) An At-risk or USDA Development placed in service 25 or more years ago, that is still occupied, and that has not yet received federal funding, or LIHTC equity, for the purposes of Rehabilitation for the Development. If the Application involves multiple

sites, the age of all sites will be averaged for the purposes of this scoring item. (3 points).

(7) Proximity to Job Areas. (§42(m)(1)(C)(i)) An Application may qualify to receive up to four (4) points if the Development Site is located in one of the areas described in subparagraphs (A), (B), or (C) of this paragraph, and the Application contains evidence substantiating qualification for the points. The data used will be based solely on that available through US Census' OnTheMap tool. Jobs counted are limited to those based on the work area, all workers, and all primary jobs. This determination will be based on the latest data set posted to the US Census website on or before October 1, 2022. The Development will use OnTheMap's function to import GPS coordinates that clearly fall within the Development Site, and the OnTheMap chart/map report submitted in the Application must include the report date. This scoring item will not apply to Applications under the At-Risk or USDA Set-Aside.

(A) Proximity to Jobs. For Development Sites in Urban subregions a Development may qualify for points under this subparagraph if it meets one of the criteria in clauses (i) - (vi) of this subparagraph.

(i) The Development is located within 2 miles of 10,000 jobs. (4 points)

(ii) The Development is located within 2 miles of 8,000 jobs. (3 points)

(iii) The Development is located within 2 miles of 6,500 jobs. (2 points)

(iv) The Development is located within 2 miles of 4,500 jobs. (1 points)

(B) Proximity to Jobs. For Development Sites in Rural subregions a Development may qualify for points under this subparagraph if it meets one of the criteria in clauses (i) - (vi) of this subparagraph.

(i) The Development is located within 4 miles of 8,000 jobs. (4 points)

(ii) The Development is located within 4 miles of 6,000 jobs. (3 points)

(iii) The Development is located within 4 miles of 4,000 jobs. (2 points)

(iv) The Development is located within 4 miles of 2,000 jobs. (1 points)

(C) Access to Jobs. A Development site which qualifies for at least 2 points under subparagraph (A) or (B) may qualify for up to 2 additional points under this subparagraph if the Development Site is within one half-mile from the entrance of a public transportation stop or station with a route schedule that provides regularly scheduled service to employment and basic services. (2 points)

**(d) Criteria promoting community support and engagement.**

(1) Local Government Support. (§2306.6710(b)(1)(B)) An Application may qualify for up to seventeen (17) points for a resolution or resolutions voted on and adopted by the bodies reflected in subparagraphs (A) - (C) of this paragraph, as applicable. The resolution(s) must be dated prior to Final Input from Elected Officials Delivery Date and must be submitted to the Department no later than the Final Input from Elected Officials Delivery Date as identified in §11.2(a) of this chapter, relating to Competitive HTC Deadlines. Such resolution(s) must specifically identify the Development whether by legal description, address, Development name, Application number or other verifiable method. Resolutions received by the Department setting forth that the municipality and/or county objects to or opposes the Application or Development will result in zero points awarded to the Application for that Governing Body. If a Development site is located partially within a municipality and partially within a county or extraterritorial jurisdiction, positive points will only be awarded if a resolution is obtained from both entities. Such resolutions will be added to the Application posted on the Department's website. Once a resolution is submitted to the Department it may not be changed or withdrawn. For an Application with a proposed Development Site that, at the time of the initial filing of the Application, is:

(A) Within a municipality, the Application will receive points from either:

(i) Seventeen (17) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development; or

(ii) Fourteen (14) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development.

(B) Within the extraterritorial jurisdiction of a municipality, the Application may receive points under clause (i) or (ii) of this subparagraph and under clause (iii) or (iv) of this subparagraph.

(i) Eight and one-half (8.5) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development.

(ii) Seven (7) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development.

(iii) Eight and one-half (8.5) points for a resolution from the Governing Body of that county expressly setting forth that the county supports the Application or Development.

(iv) Seven (7) points for a resolution from the Governing Body of that county expressly setting forth that the county has no objection to the Application or Development.

(C) Within a county and not within a municipality or the extraterritorial jurisdiction of a municipality, the Application will receive points from either:

(i) Seventeen (17) points for a resolution from the Governing Body of that county expressly setting forth that the county supports the Application or Development; or

(ii) Fourteen (14) points for a resolution from the Governing Body of that county expressly setting forth that the county has no objection to the Application or Development.

(2) Commitment of Development Funding by Local Political Subdivision. (§2306.6725(a)(5)) The source of the funding cannot be the Applicant, Developer, or an Affiliate of the Applicant. The commitment of Development funding must be reflected in the Application as a financial benefit to the Development, i.e. reported as a source of funds on the Sources and Uses Form or reflected in a lower cost in the Development Cost Schedule, such as notation of a reduction in building permits and related costs. Documentation must include a letter from an official of the municipality, county, or other instrumentality with jurisdiction over the proposed Development stating they will provide a loan, grant, reduced fees or contribution of other value that equals \$500 or more for Applications located in Urban subregions or \$250 or more for Applications located in Rural subregions for the benefit of the Development. The letter must describe the value of the contribution, the form of the contribution, e.g. reduced fees or gap funding, and any caveats to delivering the contribution. Once a letter is submitted to the Department it may not be changed or withdrawn. (1 point)

(3) Declared Disaster Area. (§2306.6710(b)(1)(H); §42(m)(1)(C)(i)) An Application may receive ten (10) points if at the time of Application submission or at any time within the two-year period preceding the date of submission, the Development Site is located in an area declared to be a disaster area under the Tex. Gov't Code §418.014.

(4) Quantifiable Community Participation. (§2306.6710(b)(1)(I); §2306.6725(a)(2)) An Application may qualify for up to nine (9) points for written statements from a Neighborhood Organization. In order for the statement to qualify for review, the Neighborhood Organization must have been in current, valid existence with boundaries that contain the entire Development Site. In addition, the Neighborhood Organization must be on record 30 days prior to the beginning of the Application Acceptance period with the Secretary of State or county in which the Development Site is located as of the beginning of the Application Acceptance Period. Once a letter is submitted to the Department it may not be changed or withdrawn. The written statement must meet all of the requirements in subparagraph (A) of this paragraph. Letters received by the Department setting forth that

the eligible Neighborhood Organization objects to or opposes the Application or Development will be added to the Application posted on the Department's website. Written statements from the Neighborhood Organizations included in an Application and not received by the Department from the Neighborhood Organization will not be scored but will be counted as public comment.

(A) Statement Requirements. If an organization cannot make the following affirmative certifications or statements then the organization will not be considered a Neighborhood Organization for purposes of this paragraph:

(i) the Neighborhood Organization's name, a written description and map of the organization's boundaries, signatures and contact information (phone, email and mailing address) of at least two individual members with authority to sign on behalf of the organization;

(ii) certification that the boundaries of the Neighborhood Organization contain the entire Development Site and that the Neighborhood Organization meets the definition pursuant to Tex. Gov't Code §2306.004(23-a) and includes at least two separate residential households;

(iii) certification that no person required to be listed in accordance with Tex. Gov't Code §2306.6707 with respect to the Development to which the Application requiring their listing relates participated in any way in the deliberations of the Neighborhood Organization, including any votes taken;

(iv) certification that at least 80% of the current membership of the Neighborhood Organization consists of homeowners and/or tenants living within the boundaries of the Neighborhood Organization; and

(v) an explicit expression of support, opposition, or neutrality. Any expression of opposition must be accompanied with at least one reason forming the basis of that opposition. A Neighborhood Organization should be prepared to provide additional information with regard to opposition.

(B) Technical Assistance. For purposes of this paragraph, if and only if there is no Neighborhood Organization already in existence or on record, the Applicant, Development Owner, or Developer is allowed to provide technical assistance in the creation of or placing on record of a Neighborhood Organization. Technical assistance is limited to:

(i) the use of a facsimile, copy machine/copying, email and accommodations at public meetings;

(ii) assistance in completing the QCP Neighborhood Information Packet, providing boundary maps and assisting in the Administrative Deficiency process;

(iii) presentation of information and response to questions at duly held meetings where such matter is considered; and

(iv) notification regarding deadlines for submission of responses to Administrative Deficiencies.

(C) Point Values for Quantifiable Community Participation. An Application may receive points based on the values in only one of the clauses (i) - (vi) of this subparagraph. Points will not be cumulative. Where more than one written statement is received for an Application, the average of all statements received in accordance with this subparagraph will be assessed and awarded.

(i) Nine (9) points for explicit support from a Neighborhood Organization that, during at least one of the three prior Application Rounds, provided a written statement that qualified as Quantifiable Community Participation opposing any Competitive Housing Tax Credit Application and whose boundaries remain unchanged.

(ii) Eight (8) points for explicitly stated support from a Neighborhood Organization.

(iii) Six (6) points for explicit neutrality from a Neighborhood Organization that, during at least one of the three prior Application Rounds provided a written statement, that qualified as Quantifiable Community Participation opposing any Competitive Housing Tax Credit Application and whose boundaries remain unchanged.

(iv) Four (4) points for statements of neutrality from a Neighborhood Organization or statements not explicitly stating support or opposition, or an existing Neighborhood Organization provides no statement of either support, opposition or neutrality, which will be viewed as the equivalent of neutrality or lack of objection.

(v) Four (4) points for areas where no Neighborhood Organization is in existence, equating to neutrality or lack of objection, or where the Neighborhood Organization did not meet the explicit requirements of this section.

(vi) Zero (0) points for statements of opposition meeting the requirements of this subsection.

(D) Challenges to opposition. Any written statement from a Neighborhood Organization expressing opposition to an Application may be challenged if it is contrary to findings or determinations, including zoning determinations, of a municipality, county, school district, or other local Governmental Entity having jurisdiction or oversight over the

finding or determination. If any such statement is challenged, the challenger must declare the basis for the challenge and submit such challenge by the Challenges to Neighborhood Organization Opposition Delivery Date May 1, 2023. The Neighborhood Organization expressing opposition will be given seven calendar days to provide any information related to the issue of whether their assertions are contrary to the findings or determinations of a local Governmental Entity. All such materials and the analysis of the Department's staff will be provided to a fact finder, chosen by the Department, for review and a determination of the issue presented by this subsection. The fact finder will not make determinations as to the accuracy of the statements presented, but only with regard to whether the statements are contrary to findings or determinations of a local Governmental Entity. The fact finder's determination will be final and may not be waived or appealed. Should the Neighborhood Organization's statements be found to be contrary to findings or determinations of a local Government Entity, or should the Neighborhood Organization not respond in seven calendar days, then the Application shall be eligible for four (4) points under subparagraph (C)(v) of this subsection.

(5) Community Support from State Representative. (§2306.6710(b)(1)(J); §2306.6725(a)(2); §2306.6710(f) and (g)) Applications may receive up to eight (8) points for express support, zero points for neutral statements, or have deducted up to eight (8) points for express opposition.

(A) Letter from a State Representative. To qualify under this subparagraph, letters must be on the State Representative's letterhead or submitted in such a manner as to verify the sender, be signed by the State Representative, identify the specific Development and express whether the letter conveys support, neutrality, or opposition. This documentation will be accepted with the Application or through delivery to the Department from the Applicant or the State Representative and must be submitted no later than the Final Input from Elected Officials Delivery Date as identified in §11.2(a) of this chapter (relating to Competitive HTC Deadlines). Letters received by the Department from State Representatives will be added to the Application posted on the Department's website. Once a letter is submitted to the Department it may not be changed or withdrawn. Therefore, it is encouraged that letters not be submitted well in advance of the specified deadline in order to facilitate consideration of all constituent comment and other relevant input on the proposed Development. State Representatives to be considered are those in office at the time the letter is submitted and whose district boundaries include the Development Site. If the office is vacant, the Application will be considered to have received a neutral letter. Neutral letters or letters that do not specifically refer to the Development will receive zero (0) points. A letter from a state representative expressing the level of community support may be expressly based on the representative's understanding or assessments of indications of support by others, such as local government officials, constituents, or other applicable representatives of the community. In providing this letter, pursuant to Tex. Gov't Code §2306.6710(b)(1)(J), a representative may either express their position of support, opposition, or neutrality regarding the Application, which shall be presumed to reflect

their assessment of the views of their constituents, or they may provide a statement of the support, opposition, or neutrality of their constituents regarding the Application without expressing their personal views on the matter.

(B) No Letter from a State Representative. To qualify under this subparagraph, no written statement can be received for an Application from the State Representative who represents the geographic area in which the proposed Development is located, unless the sole content of the written statement is to convey to the Department that no written statement will be provided by the State Representative for a particular Development. Points available under this subparagraph will be based on how an Application scores under paragraph (1) of this subsection (relating to Local Government Support). If a Development site is located partially within a municipality and partially within a county or extraterritorial jurisdiction, positive points will only be awarded if a resolution is obtained from both entities. For an Application with a proposed Development Site that, at the time of the initial filing of the Application, is:

(i) Within a municipality, the Application will receive:

(I) Eight (8) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development; or

(II) Zero (0) points for no resolution or a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development; or

(III) Negative eight (-8) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality opposes the Application or Development.

(ii) Within the extraterritorial jurisdiction of a municipality, the Application will receive points under subclause (I) or (II) or (III) of this subparagraph, and under subclause (IV) or (V) or (VI) of this subparagraph.

(I) Four (4) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development.

(II) Zero (0) points for no resolution or a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development.

(III) Negative four (-4) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality opposes the Application or Development.

(IV) Four (4) points for a resolution from the Governing Body of that county expressly setting forth that the county supports the Application or Development.

(V) Zero (0) points for no resolution or a resolution from the Governing Body of that county expressly setting forth that the county has no objection to the Application or Development.

(VI) Negative four (-4) points for a resolution from the Governing Body of that county expressly setting forth that the county opposes the Application or Development.

(iii) Within a county and not within a municipality or the extraterritorial jurisdiction of a municipality:

(I) Eight (8) points for a resolution from the Governing Body of that county expressly setting forth that the county supports the Application or Development; or

(II) Zero (0) points for no resolution or a resolution from the Governing Body of that county expressly setting forth that the county has no objection to the Application or Development; or

(III) Negative eight (-8) points for a resolution from the Governing Body of that county expressly setting forth that the county opposes the Application or Development.

(6) Input from Community Organizations. (§2306.6725(a)(2)) Where, at the time of Application, the Development Site does not fall within the boundaries of any qualifying Neighborhood Organization or there is a qualifying Neighborhood Organization that has given no statement or a statement of neutrality (as described in subparagraph B(4)(C)(iv) or (v) of this subsection), then, in order to ascertain if there is community support, an Application may receive up to four (4) points for letters that qualify for points under subparagraphs (A), (B), or (C) of this paragraph. No more than four (4) points will be awarded under this point item under any circumstances. All letters of support must be submitted within the Application. Once a letter is submitted to the Department it may not be changed or withdrawn. Should an Applicant elect this option and the Application receives letters in opposition, then one (1) point will be subtracted from the score under this paragraph for each letter in opposition, provided that the letter is from an organization that would otherwise qualify under this paragraph. However, at no time will the Application receive a score lower than zero (0) for this item. Letters received by the Department setting

forth that the community organization objects to or opposes the Application or Development will be added to the Application posted on the Department's website.

(A) An Application may receive two (2) points for each letter of support submitted from a community or civic organization that serves the community in which the Development Site is located. Letters of support must identify the specific Development and must state support of the specific Development at the proposed location. To qualify, the organization must be qualified as tax exempt and have as a primary (not ancillary or secondary) purpose the overall betterment, development, or improvement of the community as a whole or of a major aspect of the community such as improvement of schools, fire protection, law enforcement, city-wide transit, flood mitigation, or the like. The Applicant must provide evidence that the community or civic organization remains in good standing by providing evidence from a federal or state government database confirming that the exempt status continues. An Organization must also provide evidence of its participation in the community in which the Development Site is located including, but not limited to, a listing of services or members, brochures, annual reports, etc. Letters of support from organizations that cannot provide reasonable evidence that they are active in the area that includes the location of the Development Site will not be awarded points. For purposes of this subparagraph, community and civic organizations do not include neighborhood organizations, governmental entities (excluding Special Management Districts as described in subparagraph C), or taxing entities.

(B) An Application may receive two (2) points for a letter of support from a property owners association created for a master planned community whose boundaries include the Development Site and that does not meet the requirements of a Neighborhood Organization for the purpose of awarding points under paragraph (4) of this subsection.

(C) An Application may receive two (2) points for a letter of support from a Special Management District formed under Tex. Local Gov't Code chapter 375 whose boundaries, as of the Full Application Delivery Date as identified in §11.2(a) of this chapter, (relating to Competitive HTC Deadlines, Program Calendar for Competitive Housing Tax Credits), include the Development Site.

(D) Input that evidences unlawful discrimination against classes of persons protected by Fair Housing law or the scoring of which the Department determines to be contrary to the Department's efforts to affirmatively further fair housing will not be considered. If the Department receives input that could reasonably be suspected to implicate issues of non-compliance under the Fair Housing Act, staff will refer the matter to the Texas Workforce Commission for investigation, but such referral will not, standing alone, cause staff or the Department to terminate the Application. Staff will report all such referrals to the Board and summarize the status of any such referrals in any recommendations.

(7) Concerted Revitalization Plan. (§42(m)(1)(B)(ii)(III) and (C)(iii)). An Application may qualify for up to seven (7) points under this paragraph only if no points are elected under subsection (c)(5) of this section, related to Opportunity Index.

(A) For Developments located in an Urban Area:

(i) An Application may qualify to receive points if the Development Site is geographically located within an area for which a concerted revitalization plan (plan or CRP) has been developed and published by the municipality.

(ii) A plan may consist of one or two complementary local planning documents that together have been approved by the municipality as a plan to revitalize the specific area. The plan and supporting documentation must be submitted using the CRP Application Packet. No more than two local plans may be submitted for each proposed Development. The concerted revitalization plan may be a Tax Increment Reinvestment Zone (TIRZ) or Tax Increment Finance (TIF) or similar plan. A city- or county-wide comprehensive plan, including a consolidated plan or one-year action plan required to receive HUD funds does not equate to a concerted revitalization plan unless evidence is presented that additional efforts have been undertaken to meet the requirements in clause (iii) of this subparagraph.

(iii) The area targeted for revitalization must be larger than the assisted housing footprint.

(iv) The Application must include a copy of the plan or a link to the online plan and a description of where specific information required below can be found in the plan. The plan must meet the criteria described in subclauses (I) and (II) of this clause:

(I) The concerted revitalization plan, or each of the local planning documents that compose the plan, must have been published by the municipality or county in which the Development Site is located.

(II) The plan must be current at the time of Application.

(v) If the Application includes an acceptable Concerted Revitalization Plan, up to seven (7) points will be awarded as follows:

(I) the proposed Development Site is located within a Qualified Census Tract (7 points); or

(II) the proposed Development Site is not located within a Qualified Census Tract and in addition to all requirements for this paragraph has also submitted a letter from the appropriate local official for the municipality (or county if the Development Site is completely outside of a municipality) that explicitly

identifies the proposed Development as contributing to the concerted revitalization efforts of the municipality or county (as applicable) (7 points); or

(III) the proposed Development Site is not located within a Qualified Census Tract and does not have a letter described in subclause (II) of this clause (5 points).

(B) For Developments located in a Rural Area the Rehabilitation, or demolition and Reconstruction, of a Development in a rural area that has been leased and occupied at 85% or greater for the six months preceding Application by low income households and which was initially constructed 25 or more years prior to Application submission as either public housing or as affordable housing with support from USDA, HUD, the HOME program, or the CDBG program. The occupancy percentage will not include Units that cannot be occupied due to needed repairs, as confirmed by the SCR or CNA. Demolition and relocation of units must be determined locally to be necessary to comply with the Affirmatively Furthering Fair Housing Rule, or if necessary to create an acceptable distance form Undesirable Site Features or Neighborhood Risk Factors. (7 points)

**(e) Criteria promoting the efficient use of limited resources and Applicant accountability.**

(1) Financial Feasibility. (§2306.6710(b)(1)(A)) To qualify for points, a 15-year pro forma itemizing all projected income including Unit rental rate assumptions, operating expenses and debt service, and specifying the underlying growth assumptions and reflecting a minimum must-pay debt coverage ratio of 1.15 for each year must be submitted, unless allowable exceptions provided for in §11.302(i)(5) are applicable. The pro forma must include the signature and contact information evidencing that it has been reviewed and found to be acceptable by an authorized representative of a proposed Third Party permanent lender. In addition to the signed pro forma, a lender approval letter must be submitted. An acceptable form of lender approval letter may be obtained in the Uniform Multifamily Application Templates. Scoring will be awarded as follows:

(A) If the letter evidences review of the Development alone it will receive twenty-four (24) points; or

(B) If the letter is from the Third Party permanent lender and evidences review of the Development and the Principals, it will receive twenty-six (26) points; or

(C) If the Development is Supportive Housing and meets the requirements of §11.1(d)(126)(E)(i) of this chapter, it will receive twenty-six (26) points; or

(D) If the Development is part of the USDA set-aside and meets the requirements of §11.5(2) of this chapter and the letter is from the Third Party construction lender, and evidences review of the Development and the Principals, it will receive twenty-six (26) points; or

(E) If the Department is the only permanent lender, and the Application includes the evaluation of the Request for Preliminary Determination submitted under §11.8(d) of this chapter, it will receive twenty-six (26) points.

(2) Cost of Development per Square Foot. (§2306.6710(b)(1)(F); §42(m)(1)(C)(iii)) For the purposes of this scoring item, Eligible Building Costs will be defined as Building Costs voluntarily included in Eligible Basis for the purposes of determining a Housing Credit Allocation. Eligible Building Costs will exclude structured parking or commercial space that is not included in Eligible Basis, and voluntary Eligible Hard Costs will include general contractor overhead, profit, and general requirements. The square footage used will be the Net Rentable Area (NRA). The calculations will be based on the cost listed in the Development Cost Schedule and NRA shown in the Rent Schedule. If the proposed Development is a Supportive Housing Development, the NRA will include Common Area up to 75 square feet per Unit, of which at least 50 square feet will be conditioned. The Department will annually compare the proportional cost increases from October of the prior year to October of the year being calculated based on the Construction Price Index for Multifamily Housing Units Under Construction (US Census Bureau) and increase the square foot cost targets in this item by that annual proportional amount of increase.

(A) Applications proposing New Construction or Reconstruction or Adaptive Reuse will be eligible for twelve (12) points if one of the following conditions is met:

(i) the voluntary Eligible Building Cost per square foot is less than or equal to \$134 per square foot; or

(ii) the voluntary Eligible Hard Cost per square foot is less than or equal to \$179 per square foot.

(B) Applications proposing New Construction or Reconstruction will be eligible for eleven (11) points if one of the following conditions is met:

(i) the voluntary Eligible Building Cost per square foot is less than or equal to \$143 per square foot; or

(ii) the voluntary Eligible Hard Cost per square foot is less than or equal to \$188 per square foot.

(C) Applications proposing Rehabilitation (excluding Reconstruction) will be eligible for points if one of the following conditions is met:

(i) Twelve (12) points for Applications which include voluntary Eligible Hard Costs plus acquisition costs included in Eligible Basis that are less than or equal to \$179 per square foot; or

(ii) Twelve (12) points for Applications which include voluntary Eligible Hard Costs plus acquisition costs included in Eligible Basis that are less than or equal to \$232 per square foot, located in an Urban Area, and that qualify for 5 or more points under subsection (c)(5)(A) and (B) of this section, related to Opportunity Index; or

(iii) Eleven (11) points for Applications which include voluntary Eligible Hard Costs plus acquisition costs included in Eligible Basis that are less than or equal to \$232 per square foot.

(3) Pre-application Participation. (§2306.6704) An Application may qualify to receive up to six (6) points provided a pre-application was submitted by the Pre-Application Final Delivery Date. Applications that meet all of the requirements described in subparagraphs (A) - (H) of this paragraph will qualify for six (6) points:

(A) The total number of Units does not increase by more than 10% from pre-application to Application;

(B) The designation of the proposed Development as Rural or Urban remains the same;

(C) The proposed Development serves the same Target Population;

(D) The pre-application and Application are participating in the same set-asides (At-Risk, USDA, Non-Profit, or Rural);

(E) The Application final score (inclusive of only scoring items reflected on the self-score form) does not vary by more than four (4) points from what was reflected in the pre-application self-score;

(F) The Development Site at Application is at least in part the Development Site at pre-application, and the census tract number listed at pre-application is the same at Application. The site at full Application may not require notification to any person or entity not required to have been notified at pre-application; and

(G) The pre-application met all applicable requirements.

(4) Leveraging of Private, State, and Federal Resources. (§2306.6725(a)(3))

(A) An Application may qualify to receive up to three (3) points if at least 5% of the total Units are restricted to serve households at or below 30% of AMGI (restrictions elected under other point items may count) and the Housing Tax Credit funding request for the proposed Development meet one of the levels described in clauses (i) - (iv) of this subparagraph:

(i) the Development leverages CDBG Disaster Recovery, HOPE VI, RAD, or Choice Neighborhoods funding and the Housing Tax Credit Funding Request is less than 9% of the Total Housing Development Cost (3 points). The Application must include a commitment of such funding; or

(ii) if the Housing Tax Credit funding request is less than 9% of the Total Housing Development Cost (3 points); or

(iii) if the Housing Tax Credit funding request is less than 10% of the Total Housing Development Cost (2 points); or

(iv) if the Housing Tax Credit funding request is less than 11% of the Total Housing Development Cost (1 point).

(B) The calculation of the percentages stated in subparagraph (A) of this paragraph will be based strictly on the figures listed in the Funding Request and Development Cost Schedule. Should staff issue an Administrative Deficiency that requires a change in either form, then the calculation will be performed again and the score adjusted, as necessary. However, points may not increase based on changes to the Application. In order to be eligible for points, no more than 50% of the Developer Fee can be deferred. Where costs or financing change after completion of underwriting or award (whichever occurs later), the points attributed to an Application under this scoring item will not be reassessed unless there is clear evidence that the information in the Application was intentionally misleading or incorrect.

(5) Extended Affordability. (§§2306.6725(a)(5) and (7); 2306.111(g)(3)(C); 2306.185(a)(1) and (c); 2306.6710(e)(2); and 42(m)(1)(B)(ii)(II)) An Application may qualify to receive up to four (4) points for this item.

(A) Development Owners that agree to extend the Affordability Period for a Development to 45 years total. (4 points)

(B) Development Owners that agree to extend the Affordability Period for a Development to 40 years total. (3 points)

(C) Development Owners that agree to extend the Affordability Period for a Development to 35 years total. (2 points)

(6) Historic Preservation. (§2306.6725(a)(6); §42(m)(1)(C)(x)) An Application may qualify to receive five (5) points if at least 75% of the residential Units shall reside within the Certified Historic Structure. The Development must receive historic tax credits before or by the issuance of Forms 8609. The Application must include either documentation from the Texas Historical Commission that the Property is currently a Certified Historic Structure, or documentation determining preliminary eligibility for Certified Historic Structure status and

evidence that the Texas Historic Commission received the request for determination of preliminary eligibility and supporting information on or before February 1 of the current year (5 points).

(7) Right of First Refusal. (§2306.6725(b)(1); §42(m)(1)(C)(viii)). An Application may receive points under subparagraphs (A) or (B) of this paragraph.

(A) An Application may qualify to receive (1 point) for Development Owners that will agree to provide a right of first refusal to purchase the Development upon or following the end of the Compliance Period in accordance with Tex. Gov't Code, §2306.6726 and the Department's rules including §10.407 of this title (relating to Right of First Refusal) and §10.408 of this title (relating to Qualified Contract Requirements).

(B) The Development at the time of LURA execution is single family detached homes on separate lots or is organized as condominiums under Chapter 81 or 82 of the Texas Property Code and commits to offer a right of first refusal to tenants of the property to purchase the dwelling at a selected term but no earlier than the end of the Compliance Period and no later than the Extended Use Period. A de minimis amount of a participating tenant's rent may be attributed to the purchase of a Unit. Such commitment will be reflected in the LURA for the Development. The Applicant must provide a description of how they will implement the 'rent-to-own' activity, how they will make tenants aware of the opportunity, and how they will implement the right at the end of the selected term. If a Development is layered with National Housing Trust Funds, HOME-ARP, or another MFDL source where homeownership is not an eligible activity, the right of first refusal may not be earlier than the end of the Federal Affordability Period. §42(m)(1)(C)(viii). (1 point)

(8) Funding Request Amount. The Application requests no more than 100% of the amount of LIHTC available within the subregion or set-aside as determined by the regional allocation formula on or before December 1, 2022. (1 point)

(9) Readiness to Proceed. Due to continued economic uncertainty, scoring for all Applicants under this item is suspended (no points may be requested, nor will they be awarded) for 2023 HTC Applications. Applications that include a certification that all financing will be closed and the construction contract will be fully executed on or before the last business day of November or as otherwise permitted under subparagraph (C) of this paragraph. These points are not available in the At-Risk or USDA Set-Asides. (1 point)

(A) Applications must include evidence that appropriate zoning will be in place at award and acknowledgement from all lenders and the syndicator of the required closing date.

(B) The Board cannot and will not waive the deadline and will not consider waiver under its general rule regarding waivers. Failure to close all financing and provide evidence of

an executed construction contract by the November deadline will result in penalty under 10 TAC §11.9(g), as determined solely by the Board.

(C) Applications that remain on the waiting list after awards are made in late July that ultimately receive an award will receive an extension of the November deadline equivalent to the period of time between the late July meeting and the date that the Commitment Notice for the Application is issued.

**(f) Factors Affecting Scoring and Eligibility in current and future Application Rounds.** Staff may recommend to the Board and the Board may find that an Applicant or Affiliate should be ineligible to compete in the following year's competitive Application Round or that it should be assigned a penalty deduction in the following year's competitive Application Round of no more than two points for each submitted Application (Tex. Gov't Code §2306.6710(b)(2)) because it meets the conditions for any of the items listed in paragraphs (1) - (4) of this subsection. For those items pertaining to non-statutory deadlines, an exception to the penalty may be made if the Board or Executive Director, as applicable, makes an affirmative finding setting forth that the need for an extension of the deadline was beyond the reasonable control of the Applicant and could not have been reasonably anticipated. Any such matter to be presented for final determination of deduction by the Board must include notice from the Department to the affected party not less than 14 days prior to the scheduled Board meeting. The Executive Director may, but is not required, to issue a formal notice after disclosure if it is determined that the matter does not warrant point deductions. The Executive Director may make a determination that the matter does not warrant point deduction only for paragraph (1) of this subsection. (§2306.6710(b)(2)) Any deductions assessed by the Board for paragraph (1), (2), (3), or (4) of this subsection based on a Housing Tax Credit Commitment from a preceding Application round will be attributable to the Applicant or Affiliate of an Application submitted in the Application round referenced above.

(1) If the Applicant or Affiliate failed to meet the original Carryover submission or 10% Test deadline(s) or has requested an extension of the Carryover submission deadline or the 10% Test deadline (relating to either submission or expenditure).

(2) If the Applicant or Affiliate failed to meet the federal commitment or expenditure requirements, deadlines to enter into a Contract or close a Direct Loan, or did not meet benchmarks of their Contract with the Department.

(3) If the Applicant or Affiliate, in the Competitive HTC round immediately preceding the current round, failed to meet the deadline to both close financing and provide evidence of an executed construction contract under subsection (c)(9) of this section (related to Readiness to Proceed).

(4) If the Developer or Principal of the Applicant has violated or violates the Adherence to Obligations.

## §11.10.Third Party Request for Administrative Deficiency for Competitive HTC Applications.

(a) The purpose of the Third Party Request for Administrative Deficiency (RFAD) process is to allow an unrelated person or entity to bring new, material information about an Application to staff's attention. Such Person may request staff to consider whether a matter in an Application in which the Person has no involvement should be the subject of an Administrative Deficiency. While an Administrative Deficiency may be issued as the result of an RFAD, not all RFADs will result in an Administrative Deficiency being issued.

(b) Staff will consider each RFAD received and proceed as it deems appropriate under the applicable rules including, if the Application in question has a noncompetitive score relative to other Applications in the same Set-Aside or subregion or will not be eligible for an award through the collapse as outlined in §11.6(3) of this chapter (related to Competitive HTC Allocation Process), not reviewing the matter further.

(c) If the assertion(s) in the RFAD describe matters that are part of the Application review process, and the RFAD does not contain information not present in the Application, staff will not review or act on it.

(d) The RFAD and any testimony presented to the Board regarding the result of an RFAD may not be used to appeal staff decisions regarding competing Applications (§2306.6715(b)). Any RFAD that questions a staff decision regarding staff's scoring of an Application filed by another Applicant will be disregarded.

(e) Requestors must provide, at the time of filing the request all information that the requestor offers in support of the deficiency. A copy of the request and supporting information must be provided by the requestor directly to the Applicant at the same time it is provided to the Department. Requestors must provide sufficient credible evidence that, if confirmed, would substantiate the deficiency request. Assertions not accompanied by supporting documentation susceptible to confirmation will not be considered. An RFAD that expresses the requestor's opinion will not be considered.

(f) Staff shall provide to the Board a written report summarizing each third party request for administrative deficiency and the manner in which it was addressed. Interested persons may provide testimony on this report before the Board takes any formal action to accept the report. When the Board receives a report on the disposition of RFADs it may, for any staff disposition contained in the report, change the conclusion if it believes the change is necessary to bring the result into compliance with applicable laws and rules as construed by the Board; or if based on public testimony, it believes staff's conclusion should be revisited, it may remand the RFAD to staff for further consideration, which may result in a reaffirmation, reversal, or modification.

(g) The results of a RFAD may not be appealed by the requestor, and testimony to the Board arguing staff's determination will not be considered unless the requestor can show that staff failed to follow the applicable rule.

(h) A scoring notice or termination notice that results from a RFAD may be appealed by the Applicant as further described in §11.902 of this chapter, relating to Appeals Process.

(i) Information received after the RFAD deadline will not be considered by staff or presented to the Board unless the information is of such a matter as to warrant a termination notice.

## SUBCHAPTER B. SITE AND DEVELOPMENT REQUIREMENTS AND RESTRICTIONS

### 10 TAC §11.101

---

#### [§11.101.Site and Development Requirements and Restrictions.](#)

**(a) Site Requirements and Restrictions.** The purpose of this section is to identify specific requirements and restrictions related to a Development Site seeking multifamily funding or assistance from the Department.

(1) Floodplain. New Construction or Reconstruction Developments located within a 100 year floodplain as identified by the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps must develop the site in full compliance with the National Flood Protection Act and all applicable federal and state statutory and regulatory requirements. The Applicant will have to use floodplain maps and comply with regulation as they exist at the time of commencement of construction. Even if not required by such provisions, the Site must be developed so that all finished ground floor elevations are at least one foot above the floodplain and parking and drive areas are no lower than six inches below the floodplain. If there are more stringent federal or local requirements they must also be met. Applicants requesting NHTF funds from the Department must also meet the federal environmental provisions under 24 CFR §93.301(f)(1)(vi). Applicants requesting HOME, HOME-ARP, or NSP PI funds from the Department must meet the federal environmental provisions under 24 CFR Part 58, as in effect at the time of execution of the Contract between the Department and the Owner. If no FEMA Flood Insurance Rate Maps are available for the proposed Development Site, flood zone documentation must be provided from the local government with jurisdiction identifying the 100 year floodplain. Rehabilitation (excluding Reconstruction) Developments with existing and ongoing federal funding assistance from HUD or USDA are exempt from this requirement, to the extent NHTF is not being requested from the Department. All Developments located within a 100 year floodplain must state in the Tenant Rights and Resource Guide that part or all of the Development Site is located in a floodplain, and that it is encouraged that they consider getting appropriate insurance or take necessary precautions. However, where existing and ongoing federal assistance is not applicable such Rehabilitation (excluding Reconstruction) Developments will be allowed in the 100 year floodplain provided the local government has undertaken and can substantiate sufficient mitigation efforts and such documentation is submitted in the Application or the existing structures meet the requirements that are applicable for New Construction or Reconstruction Developments, as certified to by a Third Party engineer.

(2) Undesirable Site Features. Rehabilitation (excluding Reconstruction) Developments with ongoing and existing federal assistance from HUD, USDA, or Veterans Affairs (VA) and Developments encumbered by a TDHCA LURA the earlier of the first day of the Application

Acceptance Period for HTC, Application Acceptance Date for Direct Loan, or date the pre-application is submitted (if applicable) may be granted an exemption; however, depending on the undesirable site feature(s) staff may recommend mitigation still be provided as appropriate. Such an exemption must be requested at the time of or prior to the filing of an Application. Historic Developments that would otherwise qualify under §11.9(e)(6) of this chapter (related to Criteria promoting the efficient use of limited resources and applicant accountability) may be granted an exemption, and such exemption must be requested at the time of or prior to the filing of an Application. The distances are to be measured from the nearest boundary of the Development Site to the nearest boundary of the property or easement containing the undesirable feature, unless otherwise noted below. Where there is a local ordinance that specifies the proximity of such undesirable feature to a multifamily development that has smaller distances than the minimum distances noted below, then such smaller distances may be used and documentation such as a copy of the local ordinance identifying such distances relative to the Development Site must be included in the Application. Pre-existing zoning does not meet the requirement for a local ordinance. If a state or federal cognizant agency would require a new facility under its jurisdiction to have a minimum separation from housing, the Department will defer to that agency and require the same separation for a new housing facility near an existing regulated or registered facility. In addition to these limitations, a Development Owner must ensure that the proposed Development Site and all construction thereon comply with all applicable state and federal requirements regarding separation for safety purposes. If Department staff identifies what it believes would constitute an undesirable site feature not listed in this paragraph or covered under subparagraph (K) of this paragraph, staff may issue a Deficiency. If staff identifies an undesirable site feature reflected in subparagraphs (A) - (J) of this paragraph and it was not disclosed the Application will be terminated. An Applicant's failure to disclose an Undesirable Site Feature is not curable by Administrative Deficiency. Requests for pre-determinations of Site eligibility prior to pre-application or Application submission will not be binding on full Applications submitted at a later date. For Tax-Exempt Bond Developments where the Department is the Issuer, the Applicant may submit a request for pre-determination at pre-application or for Tax-Exempt Bond Developments utilizing a local issuer a request for a pre-determination may be submitted prior to Application submission. An Applicant should understand that any determination made by staff or the Board at that point in time regarding Site eligibility based on the documentation presented, is preliminary in nature. Should additional information related to any of the Undesirable Site Features become available while the Application is under review, or the information by which the original determination was made changes in a way that could affect eligibility, then such information will be re-evaluated by staff and may result in an Administrative Deficiency or re-evaluation. The following are Undesirable Site Features:

(A) Development Sites located within 300 feet of junkyards. For purposes of this paragraph, a junkyard shall be defined as stated in Texas Transportation Code §396.001;

(B) Development Sites located within 300 feet of a solid waste facility or sanitary landfill facility or illegal dumping sites (as such dumping sites are identified by the local municipality);

(C) Development Sites located within 300 feet of a sexually-oriented business. For purposes of this paragraph, a sexually-oriented business shall be defined in Local Government Code §243.002, or as zoned, licensed and regulated as such by the local municipality;

(D) Development Sites located within 500 feet of active railroad tracks, measured from the closest rail to the boundary of the Development Site, unless:

(i) the Applicant provides evidence that the city/community has adopted a Railroad Quiet Zone covering the area within 500 feet of the Development Site;

(ii) the Applicant has engaged a qualified Third Party to perform a noise assessment and the Applicant commits to perform sound mitigation in accordance with HUD standards as if they were directly applicable to the Development; or

(iii) the railroad in question is commuter or light rail;

(E) Development Sites located within 500 feet of heavy industry (i.e. facilities that require extensive use of land and machinery, produce high levels of external noise such as manufacturing plants, or maintains fuel storage facilities (excluding gas stations);

(F) Development Sites located within 10 miles of a nuclear plant;

(G) Development Sites in which the buildings are located within the accident potential zones or the runway clear zones of any airport;

(H) Development Sites that contain one or more pipelines, situated underground or aboveground, which carry highly volatile liquids or Development Sites located adjacent to a pipeline easement (for a pipeline carrying highly volatile liquids), the Application must include a plan for developing near the pipeline(s) and mitigation, if any, in accordance with a report conforming to the Pipelines and Informed Planning Alliance (PIPA);

(I) Development Sites located within 2 miles of refineries capable of refining more than 100,000 barrels of oil daily;

(J) Development Sites that are located in a Clear Zone, any Accident Potential Zone, or within any Noise Contour of 65 decibels or greater, as reflected in a Joint Land Use Study for any military Installation, except that if the Development Site is located in a Noise Contour between 65 and 70 decibels, the Development Site will not be considered to

have an Undesirable Site Feature if the Applicant has engaged a qualified Third Party to perform a noise assessment and the Applicant commits to perform sound mitigation in accordance with HUD standards as if they were directly applicable to the Development; or

(K) Any other Site deemed unacceptable, which would include, without limitation, those with exposure to an environmental factor that may adversely affect the health and safety of the residents or render the Site inappropriate for housing use and which cannot be adequately mitigated. If staff believe that a Site should be deemed unacceptable under this provision due to information that was not included in the Application, it will provide the Applicant with written notice and an opportunity to respond.

(3) Neighborhood Risk Factors.

(A) If the Development Site has any of the characteristics described in subparagraph (B) of this paragraph, the Applicant must disclose the presence of such characteristics in the Application submitted to the Department. Requests for pre-determinations of Site eligibility prior to pre-application or Application submission will not be binding on full Applications submitted at a later date. For Tax-Exempt Bond Developments where the Department is the Issuer, the Applicant may submit the documentation described under subparagraphs (C) and (D) of this paragraph at pre-application or for Tax-Exempt Bond Developments utilizing a local issuer a request for a pre-determination may be submitted prior to Application submission. An Applicant should understand that any determination made by staff or the Board at that point in time regarding Site eligibility based on the documentation presented, is preliminary in nature. Should additional information related to any of the Neighborhood Risk Factors become available while the Tax-Exempt Bond Development or Direct Loan only Application is under review, or the information by which the original determination was made changes in a way that could affect eligibility, then such information will be re-evaluated by staff and staff may issue an Administrative Deficiency. Should staff determine that the Development Site has any of the characteristics described in subparagraph (B) of this paragraph and such characteristics were not disclosed, the Application will be terminated. Applicant's failure to disclose a Neighborhood Risk Factor is not curable by Administrative Deficiency. The presence of any characteristics listed in subparagraph (B) of this paragraph will prompt staff to perform an assessment of the Development Site and neighborhood, which may include a site visit, and include, where applicable, a review as described in subparagraph (C) of this paragraph. Mitigation to be considered by staff, including those allowed in subparagraph (C) of this paragraph, are identified in subparagraph (D) of this paragraph. Preservation of affordable units alone does not present a compelling reason to support a conclusion of eligibility.

(B) The Neighborhood Risk Factors include those noted in clauses (i) - (iii) of this subparagraph and additional information as applicable to the neighborhood risk

factor(s) disclosed as provided in subparagraphs (C) and (D) of this paragraph must be submitted in the Application. In order to be considered an eligible Site despite the presence of Neighborhood Risk Factors, an Applicant must demonstrate actions being taken that would lead staff to conclude that there is a high probability and reasonable expectation the risk factor will be sufficiently mitigated or significantly improved prior to placement in service and that the risk factor demonstrates a positive trend and continued improvement. Conclusions for such reasonable expectation may need to be affirmed by an industry professional, as appropriate, and may be dependent upon the severity of the Neighborhood Risk Factor disclosed.

(i) The Development Site is located within a census tract that has a poverty rate above 40% for individuals (or 55% for Developments in regions 11 and 13). Rehabilitation Developments are exempt from this Neighborhood Risk Factor.

(ii) The Development Site is New Construction or Reconstruction and is located in a census tract (or for any adjacent census tract with a boundary less than 500 feet from the proposed Development Site that is not separated from the Development Site by a natural barrier such as a river or lake, or an intervening restricted area, such as a military installation) in an Urban Area and the rate of Part I violent crime is greater than 18 per 1,000 persons (annually) as reported on [neighborhoodscout.com](http://neighborhoodscout.com). Rehabilitation developments are exempt from this Neighborhood Risk Factor.

(iii) The Development Site is located within the attendance zone of an elementary school, a middle school or a high school that has a TEA Accountability Rating of "Not Rated: Senate Bill 1365" for 2022. In districts with district-wide enrollment or choice districts an Applicant shall use the rating of the closest elementary, middle and high school, respectively, which may possibly be attended by the tenants in determining whether or not disclosure is required. Schools with an application process for admittance, limited enrollment or other requirements that may prevent a child from attending will not be considered as the closest school or the school which attendance zone contains the site. School ratings will be determined by the school number, so that in the case where a new school is formed or named or consolidated with another school but is considered to have the same number that rating will be used. A school that has never been rated by the Texas Education Agency will use the district rating. If a school is configured to serve grades that do not align with the Texas Education Agency's conventions for defining elementary schools (typically grades K-5 or K-6), middle schools (typically grades 6-8 or 7-8) and high schools (typically grades 9-12), the school will be considered to have the lower of the ratings of the schools that would be combined to meet those conventions. In determining the ratings for all three levels of schools, ratings for all grades K-12 must be included, meaning that two or more schools' ratings may be combined. Sixth grade centers will be considered as part of the middle school rating. Elderly Developments, Supportive Housing SRO Developments or Supportive Housing Developments where

all Units are Efficiency Units, and Applications in the USDA Set-Aside for Rehabilitation of existing properties are exempt and are not required to provide mitigation for this subparagraph, but are still required to provide rating information in the Application and disclose the presence of the Neighborhood Risk Factor.

(C) Should any of the neighborhood risk factors described in clauses (ii) and (iii) of subparagraph (B) of this paragraph exist, the Applicant may submit the Neighborhood Risk Factors Report that contains the information described in clauses (i) - (viii) of this subparagraph, if such information pertains to the Neighborhood Risk Factor(s) disclosed, and mitigation pursuant to subparagraph (D) of this paragraph so staff may conduct a further Development Site and neighborhood review. The Neighborhood Risk Factors Report cannot be supplemented or modified unless requested by staff through the deficiency process. The information required includes:

(i) a determination regarding neighborhood boundaries, which will be based on the review of a combination of natural and manmade physical features (rivers, highways, etc.), apparent changes in land use, the Primary Market Area as defined in the Market Analysis, census tract or municipal boundaries, and information obtained from any Site visits;

(ii) an assessment of general land use in the neighborhood, including comment on the prevalence of residential uses;

(iii) an assessment concerning any of the features reflected in paragraph (2) of this subsection if they are present in the neighborhood, regardless of whether they are within the specified distances referenced in paragraph (2) of this subsection;

(iv) an assessment of the number of existing affordable rental units (generally includes rental properties subject to TDHCA, HUD, or USDA restrictions) in the Primary Market Area, including comment on concentration based on the size of the Primary Market Area;

(v) an assessment of the percentage of households residing in the census tract that have household incomes equal to or greater than the median household income for the MSA or county where the Development Site is located;

(vi) an assessment of the number of market rate multifamily units in the neighborhood and their current rents and levels of occupancy;

(vii) A copy of the TEA Accountability Rating Report for each of the schools in the attendance zone containing the Development that received a TEA Accountability Rating of "Not Rated: Senate Bill 1365" for 2022, along with a discussion of performance indicators and what progress has been made over the prior year, and progress relating to the goals and objectives identified in the campus improvement

plan or turnaround plan pursuant to §39.107 of the Texas Education Code in effect. The actual campus improvement plan does not need to be submitted unless there is an update to the plan or if such update is not available, information from a school official that speaks to progress made under the plan as further indicated under subparagraph (D)(iii) of this paragraph; and

(viii) Any additional information necessary to complete an assessment of the Development Site, as requested by staff.

(D) Information regarding mitigation of neighborhood risk factors should be relevant to the risk factors that are present in the neighborhood. Mitigation must include documentation of efforts underway at the time of Application, and should include the measures described in clauses (i) - (iv) of this subparagraph or such other mitigation as the Applicant determines appropriate to support a finding of eligibility. If staff determines that the Development Site cannot be found eligible and the Applicant appeals that decision to the Board, the Applicant may not present new information at the Board meeting.

(i) Mitigation for Developments in a census tract that has a poverty rate that exceeds 40% may include a resolution from the Governing Body of the appropriate municipality or county containing the Development, acknowledging the high poverty rate and authorizing the Development to move forward. A Neighborhood Risk Factors Report is not required to be submitted, the resolution alone will suffice. If the Development is located in the ETJ, the resolution would need to come from the county.

(ii) Evidence by the most qualified person that the data and evidence establish that there is a reasonable basis to proceed on the belief that the crime data shows, or will show, a favorable trend such that within the next two years Part I violent crime for that location is expected to be less than 18 per 1,000 persons or the data and evidence reveal that the data reported on neighborhoodscout.com does not accurately reflect the true nature of what is occurring and what is actually occurring does not rise to the level to cause a concern to the Board over the level of Part I violent crime for the location. The data and evidence may be based on violent crime data from the city's police department or county sheriff's department, as applicable based on the location of the Development, for the police beat or patrol area within which the Development Site is located, based on the population of the police beat or patrol area that yields a crime rate below the threshold indicated in this section or that would yield a crime rate below the threshold indicated in this section by the time the Development is placed into service. The instances of violent crimes within the police beat or patrol area that encompass the census tract, calculated based on the population of the census tract, may also be used. The data must include incidents reported during the entire calendar year previous to the year of Application. Violent crimes reported through the date of Application submission may

be requested by staff as part of the assessment performed under subparagraph (C) of this paragraph. A written statement from the most qualified person (i.e. Chief of Police or Sheriff (as applicable) or the police officer/detective for the police beat or patrol area containing the proposed Development Site), including a description of efforts by such enforcement agency addressing issues of crime and the results of their efforts may be provided, and depending on the data provided by the Applicant, such written statement may be required, as determined by staff. It is expected that such written statement would also speak to whether there is a reasonable expectation that based on the efforts underway there is crime data that reflects a favorable downward trend in crime rates.

(iii) Evidence of mitigation for each of the schools in the attendance zone that has a TEA Accountability Rating of "Not Rated: Senate Bill 1365" for 2022 must meet the requirements of subclauses (I) and (II) of this clause which will be a requirement of the LURA for the duration of the Affordability Period and cannot be used to count for purposes of meeting the threshold requirements under subparagraph (7)(B)(ii) of this paragraph.

(I) Documentation from a person authorized to speak on behalf of the school district with oversight of the school in question that indicates the specific plans in place and current progress towards meeting the goals and performance objectives identified in the Campus Improvement Plan and in restoring the school(s) to an acceptable rating status. The documentation should include actual data from progress already made under such plan(s) to date demonstrating favorable trends and should speak to the authorized persons assessment that the plan(s) and the data supports a reasonable conclusion that the school(s) will have an acceptable rating by the time the proposed Development places into service. The letter may, to the extent applicable, identify the efforts that have been undertaken to increase student performance, decrease mobility rate, benchmarks for re-evaluation, increased parental involvement, plans for school expansion, plans to implement early childhood education, and long- term trends that would point toward their achieving an A, B, or C Rating by the time the Development is placed in service. The letter from such education professional should also speak to why they believe the staff tasked with carrying out the plan will be successful at making progress towards acceptable student performance considering that prior Campus Improvement Plans were unable to do so. Such assessment could include whether the team involved has employed similar strategies at prior schools and were successful.

(II) The Applicant has committed that it will operate an after school learning center that offers at a minimum 15 hours of weekly, organized, on-site educational services provided to elementary, middle and high school children by a dedicated service coordinator or Third-Party entity which includes at a minimum: homework assistance, tutoring, test preparation, assessment of skill

deficiencies and provision of assistance in remediation of those deficiencies (e.g., if reading below grade level is identified for a student, tutoring in reading skills is provided), research and writing skills, providing a consistent weekly schedule, provides for the ability to tailor assistance to the age and education levels of those in attendance, and other evidence-based approaches and activities that are designed to augment classroom performance. Up to 20% of the activities offered may also include other enrichment activities such as music, art, or technology.

(E) In order for the Development Site to be found eligible, including when mitigation described in subparagraph (D) of this paragraph is not provided in the Application, despite the existence of one or more Neighborhood Risk Factors, the Applicant must explain how the use of Department funds at the Development Site is consistent with the goals in clauses (i) - (iii) of this subparagraph. If the Board grants an Appeal of staff's determination of Site eligibility, the Board shall document the reasons for a determination of eligibility.

(i) Preservation of existing occupied affordable housing units to ensure they are safe and suitable or the new construction of high quality affordable housing units that are subject to federal rent or income restrictions.

(ii) Determination that the risk factor(s) that has been disclosed are not of such a nature or severity that should render the Development Site ineligible based on the assessment and mitigation provided under subparagraphs (C) and (D) of this paragraph.

(iii) No mitigation was provided, or in staff's determination the mitigation was considered unsatisfactory and the Applicant has requested a waiver of the presence of Neighborhood Risk Factors on the basis that the Development is necessary to enable the state, a participating jurisdiction, or an entitlement community to comply with its obligation to affirmatively further fair housing, a HUD approved Conciliation Agreement, or a final and non-appealable court order and such documentation is submitted with the disclosure.

(4) Site and Neighborhood Standards (Direct Loan only). A New Construction Development requesting federal funds must meet the Site and Neighborhood Standards in 24 CFR §983.57(e)(2) or (3). A Development requesting NHTF funds that meets the federal definition of reconstruction in 24 CFR §93.2 must also meet these standards.

**(b) Development Requirements and Restrictions.** The purpose of this subsection is to identify specific restrictions on a proposed Development requesting multifamily funding by the Department.

(1) Ineligible Developments. A Development shall be ineligible if any of the criteria in subparagraphs (A) - (C) of this paragraph apply.

(A) General Ineligibility Criteria include:

(i) Developments such as hospitals, nursing homes, trailer parks, dormitories (or other buildings that will be predominantly occupied by students) or other facilities that are usually classified as transient housing (as provided in Code §42(i)(3)(B)(iii) and (iv));

(ii) any Development with any building(s) with four or more stories that does not include an elevator. Developments where topography or other characteristics of the Site require basement splits such that a tenant will not have to walk more than two stories to fully utilize their Unit and all Development amenities, will not require an elevator;

(iii) a Housing Tax Credit Development that provides on-site continual or frequent nursing, medical, or psychiatric services. Refer to IRS Revenue Ruling 98-47 for clarification of assisted living;

(iv) a Development that proposes population limitations that violate §1.15 of this title (relating to Integrated Housing Rule);

(v) a Development seeking Housing Tax Credits that will not meet the general public use requirement under Treasury Regulation, §1.42-9 or a documented exception thereto;

(vi) a Development utilizing a Direct Loan that is subject to the Housing and Community Development Act, 104(d) requirements and proposing Rehabilitation or Reconstruction, if the Applicant is not proposing at least the one-for-one replacement of the existing Unit mix. Adding additional units would not violate this provision; or

(vii) any New Construction, Reconstruction, or Adaptive Reuse Development proposing more than 30% efficiency and/or one-Bedroom Units. This requirement will not apply to Elderly or Supportive Housing Developments.

(B) Ineligibility of Elderly Developments include:

(i) any Elderly Development of two stories or more that does not include elevator service for any Units or Common Areas above the ground floor;

(ii) any Elderly Development with any Units having more than two Bedrooms with the exception of up to three employee Units reserved for the use of the manager,

maintenance, or security officer. These employee Units must be specifically designated as such; or

(iii) any New Construction, Reconstruction, or Adaptive Reuse Elderly Development (including Elderly in a Rural Area) proposing more than 70% two-Bedroom Units.

(C) Ineligibility of Developments within Certain School Attendance Zones. Due to uncertainty linked to the COVID-19 pandemic, this item is suspended. Any Development that falls within the attendance zone of a school that has a TEA Accountability Rating of F for the most recent year available prior to Application and an Improvement Required Rating for the most recent available year preceding is ineligible with no opportunity for mitigation Developments that are encumbered by a TDHCA LURA on the first day of the Application Acceptance Period or at the time of Pre-application (if applicable), an Elderly Development, or a Supportive Housing SRO Development or Supportive Housing Development where all Units are Efficiency Units are exempt. If the Board grants an Appeal of staff's determination of Site eligibility, the Board shall document the reasons for a determination of eligibility.

(D) Ineligibility of Developments within Areas of High Crime. Any Development involving New Construction or Adaptive Reuse located in an area described in (a)(3)(B)(ii) of this subsection and for which mitigation submitted under subparagraph (D)(ii) of this paragraph still yields a Part I violent crime rate greater than 18 per 1,000 persons (annually) is ineligible with no opportunity for mitigation. If the Board grants an Appeal of staff's determination of Site eligibility, the Board shall document the reasons for a determination of eligibility.

(2) Development Size Limitations. The minimum Development size is 16 Units. Competitive Housing Tax Credit or Multifamily Direct Loan-only Developments involving New Construction or Adaptive Reuse in Rural Areas are limited to a maximum of 80 total Units. Tax-Exempt Bond Developments involving New Construction or Adaptive Reuse in a Rural Area must meet the Development size limitation and corresponding capture rate requirements in §11.302(i)(1)(C) of this chapter (related to Feasibility Conclusion). Rehabilitation Developments do not have a limitation as to the maximum number of Units.

(3) Rehabilitation Costs. Developments involving Rehabilitation must establish a scope of work that will substantially improve the interiors of all units and exterior deferred maintenance, and meet the minimum Rehabilitation amounts identified in subparagraphs (A) - (C) of this paragraph. Such amounts must be maintained through the issuance of IRS Forms 8609. For Developments with multiple buildings that have varying placed in service dates, the earliest date will be used for purposes of establishing the minimum Rehabilitation amounts. Applications must meet the Rehabilitation amounts identified in subparagraphs (A), (B) or (C) of this paragraph. For Tax-Exempt Bond Developments that include existing USDA funding that is continuing or new USDA funding, staff may consider the cost standard under subparagraph (A) of this paragraph on a case-by-case basis.

(A) For Housing Tax Credit Developments under the USDA Set-Aside the Rehabilitation will involve at least \$25,000 per Unit in Building Costs and Site Work.

(B) For Tax-Exempt Bond Developments, less than 20 years old, based on the placed in service date, the Rehabilitation will involve at least \$20,000 per Unit in Building Costs and Site Work. If such Developments are greater than or equal to 20 years old, based on the placed in service date, the Rehabilitation will involve at least \$30,000 per Unit in Building Costs and Site Work.

(C) For all other Developments, the Rehabilitation will involve at least \$30,000 per Unit in Building Costs and Site Work.

(4) Mandatory Development Amenities. (§2306.187) New Construction, Reconstruction or Adaptive Reuse Units must include all of the amenities in subparagraphs (A) - (O) of this paragraph. Rehabilitation (excluding Reconstruction) Developments must provide the amenities in subparagraphs (D) - (O) of this paragraph unless stated otherwise. Supportive Housing Developments are not required to provide the amenities in subparagraph (B), (E), (F), (G), (H) or (N) of this paragraph; however, access must be provided to a comparable amenity in a Common Area. All amenities listed below must be at no charge to the residents. Residents must be provided written notice of the applicable required amenities for the Development. The Board may waive one or more of the requirements of this paragraph for Developments that will include Historic Tax Credits, with evidence submitted with the request for amendment that the amenity has not been approved by the Texas Historical Commission or National Park Service, as applicable. Applicants for Multifamily Direct Loans should be aware that certain amenities are not eligible for Direct Loan funding, including without limitation, detached community spaces, furnishings, swimming pools, athletic courts, and playgrounds, as more fully described at §13.3 of this title (relating to General Loan Requirements). Amenities include:

(A) All Bedrooms, the dining room and living room in Units must be wired with current cabling technology for data and phone;

(B) Laundry connections;

(C) Exhaust/vent fans (vented to the outside) in the bathrooms;

(D) Screens on all operable windows;

(E) Disposal (not required for USDA);

(F) Energy-Star or equivalently rated dishwasher; Rehabilitation Developments exempt from dishwasher if one was not originally in the Unit;

(G) Energy-Star or equivalently rated refrigerator;

(H) Oven/Range;

(I) Blinds or window coverings for all windows;

(J) At least one Energy-Star or equivalently rated ceiling fan per Unit;

(K) Energy-Star or equivalently rated lighting in all Units;

(L) All areas of the Unit (excluding exterior storage space on an outdoor patio/balcony) must have heating and air-conditioning;

(M) Adequate parking spaces consistent with local code including a waiver or variance thereof, unless there is no local code, in which case the requirement would be one and a half spaces per Unit for non-Elderly Developments and one space per Unit for Elderly Developments. The minimum number of required spaces must be available to the tenants at no cost. If parking requirements under local code rely on car sharing or similar arrangements, the LURA will require the Owner to provide the service at no cost to the tenants throughout its term;

(N) Energy-Star or equivalently rated windows (for Rehabilitation Developments, only if windows are planned to be replaced as part of the scope of work); and

(O) Adequate accessible parking spaces consistent with the requirements of the 2010 ADA Standards with the exceptions listed in "Nondiscrimination on the Basis of Disability in Federally Assisted Programs and Activities" 79 FR 29671, the Texas Accessibility Standards, and if covered by the Fair Housing Act, HUD's Fair Housing Act Design Manual.

(5) Common Amenities.

(A) All Developments must include sufficient common amenities as described in subparagraph (C) of this paragraph to qualify for at least the minimum number of points required in accordance with clauses (i) - (vi) of this subparagraph:

(i) Developments with 16 to 40 Units must qualify for two (2) points;

(ii) Developments with 41 to 76 Units must qualify for four (4) points;

(iii) Developments with 77 to 99 Units must qualify for seven (7) points;

(iv) Developments with 100 to 149 Units must qualify for ten (10) points;

(v) Developments with 150 to 199 Units must qualify for fourteen (14) points; or

(vi) Developments with 200 or more Units must qualify for eighteen (18) points.

(B) These points are not associated with any selection criteria points. The amenities must be for the benefit of all residents and made available throughout normal business hours and maintained throughout the Affordability Period. Residents must be provided written notice of the elections made by the Development Owner. If fees or deposits in addition to rent are charged for amenities, then the amenity may not be included among those provided to satisfy the requirement. All amenities must meet all applicable accessibility standards, including those adopted by the Department, and where a specific space or size requirement for a listed amenity is not specified then the amenity must be reasonably adequate based on the Development size. Applications for non-contiguous scattered site housing, excluding non-contiguous single family sites, will have the test applied based on the number of Units per individual site and the amenities selected must be distributed proportionately across all sites. A Development composed of non-contiguous single family sites must provide a combination of unit and common amenities to equal the appropriate points under subparagraph (A) of this paragraph for the Development size. In the case of additional phases of a Development any amenities that are anticipated to be shared with the first phase development cannot be claimed for purposes of meeting this requirement for the second phase. The second phase must include enough points to meet this requirement that are provided on the Development Site, regardless of resident access to the amenity in another phase. All amenities must be available to all Units via an accessible route.

(C) The common amenities and respective point values are set out in clauses (i) - (v) of this subparagraph, which are grouped primarily for organizational purposes. Applicants are not required to select a specific number of amenities from each section. An Applicant can only count an amenity once; therefore combined functions (a library which is part of a community room) will only qualify for points under one category:

(i) Community Space for Resident Supportive Services includes:

(l) Except in Applications where more than 10% of the Units in the proposed Development are Supportive Housing SRO Units, an Application may qualify to receive half of the points required under §11.101(b)(5)(A)(i) - (vi) by electing to provide a High Quality Pre-Kindergarten (HQ Pre-K) program and associated educational space at the Development Site. To receive the points the Applicant must commit to all of items (-a-) - (-c-) of this subclause.

(-a-) Space and Design. The educational space for the HQ Pre-K program must be provided on the Development Site and must be a suitable and appropriately designed space for educating children that an independent school district or open-enrollment charter school can utilize to establish and operate a HQ Pre-K program. This space includes at a minimum a bathroom and large closet in the classroom space; appropriate design considerations

made for the safety and security of the students; including limited and secure ingress and egress to the classroom space; and satisfaction of the requirements of all applicable building codes for school facilities. The Applicant must provide in the Application a copy of the current school facility code requirements applicable to the Development Site and Owner and Architect certifications that they understand the associated space and design requirements reflected in those code requirements. The Application must also include acknowledgement by all lenders, equity providers and partners that the Application includes election of these points.

(-b-) Educational Provider. The Applicant must enter into an agreement, addressing all items as described in subitems (-1-) - (-5-) of this item, and provide evidence of such agreement to the Department on or before submission of the Cost Certification. Lack of evidence of such agreement by the deadline will be cause for rescission of the Carryover Agreement for Competitive HTC Applications.

(-1-) The agreement must be between the Owner and any one of the following: a school district; open-enrollment charter school; or Education Service Center. Private schools and private childcare providers, whether nonprofit or for profit, are not eligible parties, unless the private school or private childcare provider has entered into a partnership with a school district or open-enrollment charter school to provide a HQ Pre-K program in accordance with Texas Education Code Chapter 29, Subchapter E-1.

(-2-) The agreement must reflect that at the Development Site the educational provider will provide a HQ Pre-K program, in accordance with Texas Education Code Chapter 29, Subchapter E-1, at no cost to residents of the proposed Development and that is available for general public use, meaning students other than those residing at the Development may attend.

(-3-) Such agreement must reflect a provision that the option to operate the HQ Pre-K program in the space at the Development Site will continue to be made available to the school or provider until such time as the school or provider wishes to withdraw from the location. This provision will not limit the Owner's right to terminate the agreement for good cause.

(-4-) Such agreement must set forth the responsibility of each party regarding payment of costs to use the space, utility charges, insurance costs, damage to the space or any other part of the Development, and any other costs that may arise as the result of the operation of the HQ Pre-K program.

(-5-) The agreement must include provision for annual renewal, unless terminated under the provisions of item (-c-) of this subclause.

(-c-) If an education provider who has entered into an agreement becomes defunct or elects to withdraw from the agreement and provision of services at the location, as provided for in subitem (-b-)(-3-) of this subclause, the Owner must notify the Texas Commissioner of Education at least 30 days prior to ending the agreement to seek out any other eligible parties listed in subitem (-b-)(-1-) of this subclause above. If another interested open-enrollment charter school or school district is identified by the Texas Commissioner of Education or the Owner, the Owner must enter into a subsequent agreement with the interested open-enrollment charter school or school district and continue to offer HQ Pre-K services. If another interested provider cannot be identified, and the withdrawing provider certifies to the Department that their reason for ending the agreement is not due to actions of the Owner, the Owner will not be considered to be in violation of its commitment to the Department. If the Owner is not able to find a provider, they must notify the Commissioner annually of the availability of the space.

If the townhome Units of a Rehabilitation Development do not have a bathroom on the ground floor, the Applicant will not be required to add a bathroom to meet the requirements of clause (iii) of this subparagraph. Visitability requirements include:

(i) All common use facilities must be in compliance with the Fair Housing Design Act Manual;

(ii) To the extent required by the Fair Housing Design Act Manual, there must be an accessible or exempt route from common use facilities to the affected units; and

For Direct Loan Developments, for

purposes of determining the appropriate distribution of accessible Units across Unit Types, the definition of Unit Type will be used. However, a single story Unit may be substituted for a townhome Unit, if the single story Unit contains the same number of Bedrooms and bathrooms and has an equal or greater square footage.

## **SUBCHAPTER C. APPLICATION SUBMISSION REQUIREMENTS, INELIGIBILITY CRITERIA, BOARD DECISIONS AND WAIVER OF RULES**

10 TAC §§11.201 - 11.207

---

### [§11.201.Procedural Requirements for Application Submission.](#)

This subchapter establishes the procedural requirements for Application submission. Only one Application may be submitted for a Development Site in an Application Round. While the Application Acceptance Period is open or prior to the Application deadline, an Applicant may withdraw an Application and subsequently file a new Application utilizing the original pre-application fee (as applicable) that was paid as long as no substantive evaluation was performed by the Department and the re-submitted Application relates to the same Development Site, consistent with §11.9(e)(3) of this chapter (relating to Criteria promoting the efficient use of limited resources and applicant accountability). Applicants are subject to the schedule of fees as set forth in §11.901 of this chapter (relating to Fee Schedule).

#### **(1) General Requirements.**

(A) An Applicant requesting funding from the Department must submit an Application in order to be considered for an award. An Application must be complete (including all required exhibits and supporting materials) and submitted by the required program deadline. If an Application, including the corresponding Application fee as described in §11.901 of this chapter, is not submitted to the Department on or before the applicable deadline, the Applicant will be deemed not to have made an Application; provided, however, that errors in the calculation of applicable fees may be cured via an Administrative Deficiency. The deficiency period for curing fee errors will be 5:00 p.m. on the third business day following the date of the deficiency notice and may not be extended. Failure to cure such an error timely will be grounds for termination.

(B) Applying for multifamily funds from the Department is a technical process that must be followed completely. As a result of the competitive nature of some funding sources, an Applicant should proceed on the assumption that deadlines are fixed and firm with respect to both date and time and cannot be waived except where authorized and for truly extraordinary circumstances, such as the occurrence of a significant natural disaster that makes timely adherence impossible. If checks or original Carryover Allocation Agreements are physically delivered to the Department, it is the Applicant's responsibility to be within the Department's doors by the appointed deadline. All Applications and all related materials are to be delivered electronically pursuant to the Multifamily Programs Procedures Manual. Applicants are strongly encouraged to submit the required items well in advance of established deadlines. Applicants must ensure that all documents are legible, properly organized and tabbed, and that materials are fully readable by the Department.

(C) The Applicant must timely upload a PDF copy and Excel copy of the complete Application to the Department's secure web transfer server. The PDF copy and Excel copy of the Application must match, if variations exist between the two copies, an Administrative Deficiency will be issued for the Applicant to identify which document to rely on. Each copy must be in a single file and individually bookmarked as further described in the Multifamily Programs Procedures Manual. Additional files required for Application submission outside the Uniform Application must also be uploaded to the secure web transfer server. It is the responsibility of the Applicant to confirm the upload to the Department's secure web transfer server was successful and to do so in advance of the deadline. If an Applicant can view the files that were uploaded, then that shall serve as an indication that the Application was uploaded and received by the Department. Staff, may, as a courtesy, confirm that the Application files were uploaded, but shall not be obligated or required to confirm such submission. Where there are instances of computer problems, mystery glitches, etc. that prevent the Application from being received by the Department prior to the deadline the Application may be terminated.

(D) Applications must include materials addressing all of the items enumerated in this chapter and other chapters as applicable. If an Applicant does not believe that a specific item should be applied, the Applicant must include, in its place, a statement identifying the required item, stating that it is not being supplied, and a statement as to why the Applicant does not believe it should be required.

**(2) Filing of Application for Tax-Exempt Bond Developments.** Applications must be submitted to the Department as described in either subparagraph (A) or (B) of this paragraph. Applications will be required to satisfy the requirements of this chapter and applicable Department rules that coincide with the year the Certificate of Reservation is issued. Those Applications that receive a Traditional Carryforward Designation will be subject to the QAP and applicable Department rules in place at the time the Application is received by the Department, unless determined otherwise by staff. Regardless of the timing associated with notification by the TBRB that an application is next in line to receive a Certificate of Reservation and the corresponding deadline to submit the Application pursuant to 10 TAC §190.3(b)(13), it is the Department's expectation that the requirements in this chapter are adhered to, and that care and attention are given to the compilation of the Application, or the Application may be terminated.

(A) Lottery Applications. At the option of the bond issuer, an Applicant may participate in the TBRB lottery for private activity bond volume cap. Applicants should refer to the TBRB website or discuss with their issuer or TBRB staff, the deadlines regarding lottery participation and the timing for the issuance of the Certificate of Reservation based on lottery results. Depending on the Priority designation of the application filed with TBRB, the Application submission requirements to the Department under clause (i) or (ii) of this subparagraph must be met. For those that participate in the Lottery but are not successful (i.e. a Certificate of Reservation will not be issued in January, but at some other time), the Application may not be submitted until a Certificate of Reservation has been issued (i.e.

Priority 3 applications) or TBRB has sent an email stating the application is next in line (i.e. Priority 1 or 2), but the Certificate of Reservation cannot be issued until the Application is submitted.

(i) Priority 1 or 2 applications: If the Certificate of Reservation will be issued in January, the Applicant may submit the complete Application, including all required Third Party Reports, accompanied by the Application Fee described in §11.901 of this chapter as early as the beginning of December, to be tentatively scheduled for the March Board meeting or March target date for the issuance of the Determination Notice, as applicable. The Application must be submitted using the Draft Uniform Application released by the Department for the upcoming program year. Upon notification from TBRB that a potential Applicant is next in line to receive a Reservation the Applicant may choose to only submit the complete Application (excluding all required Third Party Reports), for purposes of meeting TBRB requirements to have the Certificate of Reservation issued. In this case, the Application will not be scheduled for a Board meeting or target date for the issuance of the Determination Notice, as applicable, until such time the Third Party Reports have been submitted, which should be on the fifth of the month. The Application may be scheduled for a Board meeting at which the decision to have the Determination Notice issued would be made, or the target date for the issuance of the Determination Notice, as applicable, approximately 90 days following the submission of such Third Party Reports. If the fifth day falls on a weekend or holiday, the submission deadline shall be on the next business day. For Third Party Reports that are submitted after the fifth of the month, it will be staff's discretion as to which Board meeting the Application will be presented, or target date for the issuance of the Determination Notice, as applicable.

(ii) Priority 3 applications: Once the Certificate of Reservation has been issued, the same Application submission requirements as indicated in clause (i) of this subparagraph apply. Specifically, an Applicant may submit the Application including or excluding the Third Party Reports, however, only after the Application is considered complete (i.e. Application Fee and all Third Party Reports) will staff schedule the Application for a Board meeting or target date for the issuance of the Determination Notice. The timing of when a Priority 3 Application is submitted to the Department is up to the Applicant and if not submitted on the fifth of the month, it will be staff's discretion as to which Board meeting the Application will be presented, or target date for the administrative issuance of the Determination Notice, as applicable.

**(B) Non-Lottery Applications or Applications Not Successful in Lottery.**

(i) Applications designated as Priority 1 or 2 by the TBRB must submit the Application Fee described in §11.901 of this chapter and the complete Application, with the exception of the Third Party Reports, before the Certificate of Reservation can be issued by the TBRB. The Third Party Reports, if not submitted with the Application to meet the TBRB submission requirement, must then be submitted on the fifth day of the month

and the Application may be scheduled for a Board meeting at which the decision to have the Determination Notice issued would be made, or the target date for the administrative issuance of the Determination Notice, as applicable, approximately 90 days following such submission deadline. If the fifth day falls on a weekend or holiday, the submission deadline shall be on the next business day. If the Third Party Reports are submitted on a date other than the fifth of the month, it will be at staff's discretion as to which Board meeting the Application will be presented, or what will be the target date for the administrative issuance of the Determination Notice, as applicable. Applicants may not submit the Application until staff receives notice from TBRB that the application is next in line to receive a Certificate of Reservation; or

(ii) An Application designated as Priority 3 will not be accepted until after the TBRB has issued a Certificate of Reservation and may be submitted on the fifth day of the month. Priority 3 Application submissions must be complete, including all Third Party Reports and the required Application Fee described in §11.901 of this chapter, before they will be considered accepted by the Department and meeting the submission deadline for the applicable Board meeting date or administrative issuance of the Determination Notice, as applicable.

(C) Generally, the Department will require at least 90 days to review an Application unless staff can complete its evaluation in sufficient time for earlier consideration. An Applicant should expect this timeline to apply regardless of whether the Board will need to approve the issuance of the Determination Notice or it is determined that staff can issue the Determination Notice administratively for a particular Application. Applicants should be aware that unusual financing structures, portfolio transactions, the need to resolve Administrative Deficiencies and changes made by an Applicant after the Application has been reviewed by staff may require additional time to review. In instances where an Application necessitates more staff time to review than normal, where an Application is suspended due to the inability to resolve Administrative Deficiencies by the original deadline, or an extension to respond to an Administrative Deficiency is requested, staff is not obligated to ensure the Application meets the original target date for a Board Meeting or administrative issuance of a Determination Notice, as applicable. Moreover, such review period may be longer depending on the volume of Applications under review and statutory program timing constraints associated with such Applications. The prioritization of Applications will be subject to the review priority established in paragraph (5) of this section.

(D) Withdrawal of Certificate of Reservation. Applicants are required to notify the Department before 5:00 p.m. on the business day after the Certificate of Reservation is withdrawn if the Application is still under review by the Department. If, by the fifth business day following the withdrawal, a new Certificate of Reservation is not issued, the Application will be suspended. If a new Certificate of Reservation is not issued by 5:00 p.m. on the fifth business day following the date of the suspension, the Application will be terminated. Applicants must ensure once a Certificate of Reservation is issued, the Application as

submitted is complete and all respective parts of the Development are in process such that closing under the Certificate of Reservation is achievable. Once a new Certificate of Reservation is issued, it will be at the Department's discretion to determine whether the existing Application can still be utilized for purposes of review or if a new Application, including payment of another Application Fee, must be submitted due to material changes. The Department will not prioritize the processing of the new Application over other Applications under review once a new Certificate of Reservation is issued, regardless of the stage of review the Application was in prior to termination, or that it maintain the originally selected Board meeting or targeted administrative issuance date for the Determination Notice, as applicable.

(E) Direct Loan Applications must be submitted in accordance with the requirements in this chapter, §13.5 (relating to the Application and Award Process), and the applicable Notice of Funding Availability (NOFA).

**(3) Withdrawal of Application.** An Applicant may withdraw an Application prior to or after receiving an award of funding by submitting to the Department written notice of the withdrawal. To the extent a Direct Loan award is returned after Board approval, penalties may be imposed on the Applicant and Affiliates in accordance with §13.11(a) of this title (relating to Post Award Requirements).

**(4) Competitive Evaluation Process.** Applications believed likely to be competitive will undergo a program review for compliance with submission requirements and selection criteria, as applicable. In general, Application reviews by the Department shall be conducted based upon the likelihood that an Application will be competitive for an award based upon the region, set-aside, self score, received date, or other ranking factors. Thus, non-competitive or lower scoring Applications may never be reviewed. The Director of Multifamily Finance will identify those Applications that will receive a full program review based upon a reasonable assessment of each Application and its relative position to other Applications, but no Application with a competitive ranking shall be skipped or otherwise overlooked. This initial assessment may be a high level assessment, not a full assessment. The Real Estate Analysis division shall underwrite Applications that received a full program review and remain competitive to determine financial feasibility and an appropriate funding amount. In making this determination, the Department will use §11.302 of this chapter (relating to Underwriting Rules and Guidelines) and §13.6 of this title (relating to Multifamily Direct Loan Rule) as applicable. The Department may have an external party perform all or part of the underwriting evaluation and components thereof to the extent it determines appropriate. The expense of any external underwriting shall be paid by the Applicant prior to the commencement of the aforementioned evaluation pursuant to §11.901(5) of this chapter (relating to Fee Schedule, Appeals and other Provisions). The reviews by the Multifamily Finance Division and the Real Estate Analysis Division will be conducted to meet the requirements of the Program or NOFA under which the Application was submitted. Applications will undergo a previous participation review in accordance with Chapter 1, Subchapter C of this title (relating to Previous Participation) and a Development Site may be evaluated by the Department or its agents through a physical site inspection or site visit, (which

may include neighboring areas), independent of or concurrent with a site visit that may be performed in conjunction with §11.101(a)(3) (relating to Neighborhood Risk Factors). The Department may provide a scoring notice reflecting such score to the Applicant which will trigger appeal rights and corresponding deadlines pursuant to Tex. Gov't Code §2306.6715 and §11.902 of this chapter (relating to Appeals Process). For an Application for which the selection criteria are reviewed, the scoring notice for the Application will be sent to the Applicant no later than 21 days prior to the final Board approval of awards.

**(5) Order of review of Applications under various Programs.** This paragraph identifies how ties or other matters will be handled when dealing with de-concentration requirements, capture rate calculations, and general order of review of Applications submitted under different programs.

(A) De-concentration. Priority will be established based on the earlier date associated with an Application. The dates that will be used to establish priority are as follows:

(i) for Tax-Exempt Bond Developments, the issuance date of the Certificate of Reservation issued by the TBRB; or in instances where there is a Traditional Carryforward Designation associated with an Application the Department will utilize the date the complete HTC Application associated with the Traditional Carryforward Designation is submitted to the Department;

(ii) for all other Developments, the date the Application is considered received by the Department; and

(iii) notwithstanding the foregoing, after July 31 of the current program year, a Tax-Exempt Bond Development with a Certificate of Reservation from the TBRB will take precedence over any Housing Tax Credit Application from the current Application Round on the waiting list.

(B) General Review Priority. Order of reviews of Applications under various multifamily programs will be established based on Department staff's consideration of any statutory timeframes associated with a program or Application in relation to the volume of Applications being processed.

**(6) Deficiency Process.** The purpose of the deficiency process is to allow an Applicant to provide clarification, explanation, or non-material missing information to resolve inconsistencies in the original Application or to assist staff in an efficient and effective review of the Application. The deficiency process does not require staff to request information from the Applicant in order to complete the Application. Applicants are encouraged to utilize manuals or other materials produced by staff, as additional guidance in conjunction with the rules to provide appropriate support for each item substantiating a claim or representation, such as claims for points, qualification for set-asides, or meeting of threshold and eligibility requirements. Because the review of an Application occurs in several phases, deficiency notices may be issued during any

of these phases. Staff will send the deficiency notice via an e-mail to the Applicant and one other contact party if identified in the Application. It is the Applicant's responsibility to ensure that e-mails sent from TDHCA staff to the Applicant or contact are not electronically blocked or redirected by a security feature as they will be considered to be received once they are sent. The time period for responding to a deficiency notice commences on the first business day following the deficiency notice date. Deficiency notices may be sent to an Applicant prior to or after the end of the Application Acceptance Period and may also be sent in response to reviews on post-award submissions. Responses are required to be submitted electronically as a PDF or multiple PDF files and must be uploaded to the Application's ServU http file. Emailed responses will not be accepted. A review of the response provided by the Applicant may reveal that issues initially identified as an Administrative Deficiency are actually determined to be beyond the scope of an Administrative Deficiency process, meaning they are Material Deficiencies not susceptible to being resolved. Department staff may in good faith provide an Applicant confirmation that an Administrative Deficiency response has been received or that such response is satisfactory. Communications from staff that the response was satisfactory do not establish any entitlement to points, eligibility status, or to any presumption of having fulfilled any requirements. Final determinations regarding the sufficiency of documentation submitted to cure a Deficiency as well as the distinction between material and non-material missing information are reserved for the Department staff and Board.

(A) It is critical that the use of the deficiency process not unduly slow the review process, and since the process is intended to clarify or explain matters or obtain at the Department's request missing information, there is an expectation that a party responding to an Administrative Deficiency will be able to respond immediately. It is the responsibility of a person who receives a deficiency to address the matter in a timely manner so that staff has the ability to review the response by the close of business on the date by which resolution must be complete and the deficiency fully resolved. Merely submitting materials prior to that time places the responsibility on the responding party that if the materials do not fully resolve the matter there may be adverse consequences such as point deductions, suspension, or termination. Extensions relating to Administrative Deficiency deadlines may only be extended up to five days if documentation needed to resolve the item is needed from a Third Party, the documentation involves Third Party signatures needed on certifications in the Application, or an extension is requested as a reasonable accommodation. A Deficiency response may not contain documentation that did not exist prior to submission of the pre-application or Full Application, as applicable.

(B) Deficiencies for Competitive HTC Applications. Unless an extension has been timely requested and granted prior to the deadline, if a deficiency is not fully resolved to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice, then five (5) points shall be deducted from the selection criteria score for each additional day the deficiency remains unresolved. Points deducted for failure to timely respond to a deficiency will not impact the Pre-Application score. If deficiencies are not resolved by 5:00 p.m. on the seventh business day following the date of the deficiency notice, then the Application shall be terminated, subject to the Applicant's right to appeal.

An Applicant may not change or supplement any part of an Application in any manner after the filing deadline or while the Application is under consideration for an award, and may not add any set-asides, increase the requested credit amount, revise the Unit mix (both income levels and Bedroom mixes), or adjust their self-score except in response to a direct request from the Department to do so as a result of an Administrative Deficiency. (§2306.6708(b); §2306.6708) Applicants may not use the Deficiency Process to increase a scoring item's points or to change any aspect of the proposed Development, financing structure, or other element of the Application. To the extent that the review of deficiency documentation or the imposing of point reductions for late responses alters the score assigned to the Application, such score will be reflected in the updated application log published on the Department's website or a Scoring Notice may be issued.

(C) Deficiencies for Tax-Exempt Bond Developments. Unless an extension has been requested prior to the deadline, deficiencies must be resolved to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice. Applications with unresolved deficiencies after 5:00 p.m. on the fifth business day following the date of the deficiency notice will be suspended from further processing and the Applicant will be provided with notice to that effect. If, on the fifth business day following the date of the suspension notice, there are deficiencies that remain unresolved, the Application will be terminated and the Applicant will be provided notice to that effect.

(D) Deficiencies for Direct Loan-only Applications. Deficiencies must be resolved to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice. Applications with unresolved deficiencies after 5:00 p.m. on the fifth business day following the date of the deficiency notice will be suspended from further processing and the Applicant will be provided with notice to that effect. If, on the fifth business day following the date of the suspension notice, there are deficiencies that remain unresolved, the Application may be terminated and the Applicant will be provided notice to that effect. For purposes of priority under the Direct Loan set-asides, if the outstanding item(s) are resolved during the suspension period, the date by which the final deficient item is submitted shall be the new received date pursuant to §13.5(c) of this title (relating to Multifamily Direct Loan Rule). Applicants should be prepared for additional time needed for completion of staff reviews as described in paragraph (2)(B) of this section. Should an Applicant still desire to move forward with the Development after Termination, a completely new Application must be submitted, along with a new Application Fee, as applicable, pursuant to rule. All of the deficiencies noted in the original deficiency notice must be incorporated into the re-submitted Application, which will have a new Application Acceptance Date.

**(7) Limited Reviews.** If, after the submission of the Application, an Applicant identifies an error in the Application that could likely be the subject of a Deficiency, the Applicant may request a limited review of the specific and limited issues in need of clarification or correction. The issue may not relate to the score of an Application. This limited review may only cover the specific issue and not the entire Application. If the limited review results in the identification of an issue

that requires correction or clarification, staff will request such through the Deficiency process as stated in paragraph (6) of this section, if deemed appropriate. A limited review is intended to address:

(A) Clarification of issues that Department staff would have difficulty identifying due to the omission of information that the Department may have access to only through Applicant disclosure, such as a prior removal from a tax credit transaction or participation in a Development that is not identified in the previous participation portion of the Application; or

(B) Technical correction of non-material information that would cause an Application deemed non- competitive to be deemed competitive and, therefore, subject to a staff review. For example, failure to mark the Nonprofit Set-Aside in an Application that otherwise included complete submission of documentation for participation in the Nonprofit Set-Aside.

**(8) Challenges to Opposition.** Any written statement from a Neighborhood Organization expressing opposition to an Application may be challenged if it is contrary to findings or determinations, including zoning determinations, of a municipality, county, school district, or other local Governmental Entity having jurisdiction or oversight over the finding or determination. If any such comment is challenged, the challenger must declare the basis for the challenge and submit such challenge by the Challenges to Neighborhood Organization Opposition Delivery Date as identified in §11.2 of this chapter and no later than May 1 of the current year for Competitive HTC Applications. The Neighborhood Organization expressing opposition will be given seven calendar days to provide any information related to the issue of whether their assertions are contrary to the findings or determinations of a local Governmental Entity. All such materials and the analysis by staff will be provided to a fact finder, chosen by the Department, for review and a determination. The fact finder will not make determinations as to the accuracy of the statements presented, but only regarding whether the statements are contrary to findings or determinations of a local Governmental Entity. The fact finder's determination will be final and may not be waived or appealed.

### [§11.202.Ineligible Applicants and Applications.](#)

The purpose of this section is to identify those situations in which an Application or Applicant may be considered ineligible for Department funding and subsequently terminated. Such matters may be brought to the attention of staff by anyone, including members of the general public. The items listed in this section include those requirements in Code, §42, Tex. Gov't Code, Chapter 2306, and other criteria considered important by the Department, and does not represent an exhaustive list of ineligibility criteria that may otherwise be identified in applicable rules, federal statutes or regulations, or a specific program NOFA. The Application may include, or Department staff may request, documentation or verification of compliance with any

requirements related to the eligibility of an Applicant, Application, Development Site, or Development. One or more of the matters enumerated in paragraph (1) of this section may also serve as a basis for debarment, or the assessment of administrative penalties, and nothing herein shall limit the Department's ability to pursue any such matter. Failure to provide disclosure may be cause for termination.

**(1) Applicants.** An Applicant may be considered ineligible if any of the criteria in subparagraphs (A) - (N) of this paragraph apply to those identified on the organizational chart for the Applicant, Developer and Guarantor. An Applicant is ineligible if the Applicant, Developer, or Guarantor:

(A) Has been or is barred, suspended, or terminated from participation in a state or Federal program, including those listed in the U.S. government's System for Award Management (SAM); (§2306.0504)

(B) Has been convicted of a state or federal felony crime involving fraud, bribery, theft, misrepresentation of material fact, misappropriation of funds, or other similar criminal offenses within 15 years preceding the received date of Application or Pre-Application submission (if applicable);

(C) Is, at the time of Application, subject to an order in connection with an enforcement or disciplinary action under state or federal securities law or by the NASD; subject to a federal tax lien (other than a contested lien for which provision has been made); or the subject of a proceeding in which a Governmental Entity has issued an order to impose penalties, suspend funding, or take adverse action based on an allegation of financial misconduct or uncured violation of material laws, rules, or other legal requirements governing activities considered relevant by the Governmental Entity;

(D) Has materially breached a contract with a public agency, and, if such breach is permitted to be cured under the contract, has been given notice of the breach and a reasonable opportunity to cure, and failed to cure that breach within the time specified in the notice of breach;

(E) Has misrepresented to a subcontractor the extent to which the Developer has benefited from contracts or financial assistance that has been awarded by a public agency, including the scope of the Developer's participation in contracts with the agency, and the amount of financial assistance awarded to the Developer by the agency;

(F) Has been found by the Board to be ineligible based on a previous participation review performed in accordance with Chapter 1 Subchapter C of this title (relating to Previous Participation and Executive Award Review and Advisory Committee);

(G) Is delinquent in any loan, fee, or escrow payments to the Department in accordance with the terms of the loan, as amended, or is otherwise in default with any provisions of such loans, and for which no repayment plan has been approved by the Department;

(H) Has failed to cure any past due fees owed to the Department within the time frame provided by notice from the Department and at least 10 days prior to the Board meeting at which the decision for an award is to be made;

(I) Would be prohibited by a state or federal revolving door or other standard of conduct or conflict of interest statute, including Tex. Gov't Code §2306.6733, or a provision of Tex. Gov't Code, Chapter 572, from participating in the Application in the manner and capacity they are participating;

(J) Has, without prior approval from the Department, had previous Contracts or Commitments that have been partially or fully Deobligated during the 12 months prior to the submission of the Application, and through the date of final allocation due to a failure to meet contractual obligations, and the Person is on notice that such Deobligation results in ineligibility under this chapter;

(K) Has provided false or misleading documentation or made other intentional or negligent material misrepresentations or omissions in or in connection with an Application (and certifications contained therein), Commitment, or Determination Notice for a Development;

(L) Was the Owner or Affiliate of the Owner of a Department assisted rental Development for which the federal affordability requirements were prematurely terminated and the affordability requirements have not been re-affirmed or Department funds repaid;

(M) Fails to disclose, in the Application, any Principal or any entity or Person in the Development ownership structure who was or is involved as a Principal in any other affordable housing transaction, that has terminated voluntarily or involuntarily within the past 10 years, or plans to or is negotiating to terminate, their relationship with any other affordable housing development. The disclosure must identify the person or persons and development involved, the identity of each other development, and contact information for the other Principals of each such development, a narrative description of the facts and circumstances of the termination or proposed termination, and any appropriate supporting documents. An Application may be referred to the Board for a determination of a person's fitness to be involved as a Principal with respect to an Application, which may include a staff recommendation, using the factors described in clauses (i) - (v) of this subparagraph as considerations:

(i) the amount of resources in a Development and the amount of the benefit received from the Development;

(ii) the legal and practical ability to address issues that may have precipitated the termination or proposed termination of the relationship;

(iii) the role of the person in causing or materially contributing to any problems with the success of the development;

(iv) the person's compliance history, including compliance history on other developments; and

(v) any other facts or circumstances that have a material bearing on the question of the person's ability to be a compliant and effective participant in their proposed role as described in the Application; or

(N) Fails to disclose in the Application any voluntary compliance agreement or similar agreement with any governmental agency that is the result of negotiation regarding noncompliance of any affordable housing Development with any requirements. Any such agreement impacting the proposed Development or any other affordable housing Development controlled by the Applicant must be disclosed.

**(2) Applications.** An Application shall be ineligible if any of the criteria in subparagraphs (A) - (C) of this paragraph apply to the Application:

(A) A violation of Tex. Gov't Code §2306.1113, exists relating to Ex Parte Communication. An ex parte communication occurs when an Applicant or Person representing an Applicant initiates substantive contact (other than permitted social contact) with a board member, or vice versa, in a setting other than a duly posted and convened public meeting, in any manner not specifically permitted by Tex. Gov't Code §2306.1113(b). Such action is prohibited. For Applicants seeking funding after initial awards have been made, such as waiting list Applicants, the ex parte communication prohibition remains in effect so long as the Application remains eligible for funding. The ex parte provision does not prohibit the Board from participating in social events at which a Person with whom communications are prohibited may, or will be present; provided that no matters related to any Application being considered by the Board may be discussed;

(B) The Application is submitted after the Application submission deadline (time or date); is missing multiple parts of the Application; or has a Material Deficiency; or

(C) For any Development utilizing Housing Tax Credits or Tax-Exempt Bonds:

(i) at the time of Application or at any time during the two-year period preceding the date the Application Round begins (or for Tax-Exempt Bond Developments any time during the two-year period preceding the date the Application is submitted to the Department), the Applicant or a Related Party is or has been a person covered by Tex. Gov't Code §2306.6703(a)(1);

(ii) if the Application is represented or communicated about by a Person that would prompt the violations covered by Tex. Gov't Code §2306.6733; or

(iii) the Applicant proposes to replace in less than 15 years any private activity bond financing of the Development described by the Application, unless the exceptions in Tex. Gov't Code §2306.6703(a)(2) are met.

### §11.203.Public Notifications. (§2306.6705(9)).

A certification, as provided in the Application, that the Applicant met the requirements and deadlines identified in paragraphs (1) - (3) of this section must be submitted with the Application. For Applications utilizing Competitive Housing Tax Credits, notifications generally must not be older than three months from the first day of the Application Acceptance Period. For Tax-Exempt Bond Developments and Direct Loan Applications, notifications must not be older than three months prior to the date the complete Application is submitted. If notifications were made in order to satisfy requirements of pre-application submission (if applicable to the program) for the same Application, then no additional notification is required at Application. Should the jurisdiction of the official holding any position or role described in paragraph (2) of this section change between the submission of a pre-application and the submission of an Application, Applicants are required to notify the new entity no later than the Full Application Delivery Date.

#### **(1) Neighborhood Organization Notifications.**

(A) The Applicant must identify and notify all Neighborhood Organizations on record with the county or the state as of 30 days prior to the beginning of the Application Acceptance Period and whose boundaries include the entire proposed Development Site. As used in this section, "on record with the state" means on record with the Secretary of State.

(B) The Applicant must list, in the certification form provided in the pre-application and Application, all Neighborhood Organizations on record with the county or state as of 30 days prior to the beginning of the Application Acceptance Period and whose boundaries include the proposed Development Site.

**(2) Notification Recipients.** No later than the date the Application is submitted, notification must be sent to all of the entities identified in subparagraphs (A) - (H) of this paragraph. Developments located in an Extra Territorial Jurisdiction (ETJ) of a city are required to notify both city and county officials. The notifications may be sent by e-mail, fax or mail with return receipt requested or similar tracking mechanism. A template for the notification is included in the Application Notification Template provided in the Application. Evidence of notification is required in the form of a certification provided in the Application. The Applicant is required to retain proof of delivery in the event it is requested by the Department. Evidence of proof of

delivery is demonstrated by a signed receipt for mail or courier delivery and confirmation of receipt by recipient for fax and e-mail. Officials to be notified are those in office at the time the Application is submitted. Note that between the time of pre-application (if made) and full Application, the boundaries of their jurisdictions may change. Meetings and discussions do not constitute notification. Recipients include:

- (A) Neighborhood Organizations on record with the state or county as of 30 days prior to the beginning of the Application Acceptance Period whose boundaries include the entire Development Site;
- (B) Superintendent of the school district in which the Development Site is located;
- (C) Presiding officer of the board of trustees of the school district in which the Development Site is located;
- (D) Mayor of the municipality (if the Development Site is within a municipality or its extraterritorial jurisdiction);
- (E) All elected members of the Governing Body of the municipality (if the Development Site is within a municipality or its extraterritorial jurisdiction);
- (F) Presiding officer of the Governing Body of the county in which the Development Site is located;
- (G) All elected members of the Governing Body of the county in which the Development Site is located; and

In the event that staff is unable to confirm the information contained in the request, the Applicant will be given an opportunity to supplement their case. If, after receiving any supplemental information, staff still cannot confirm the rural nature of the Application, a recommendation for denial will be presented to the Board. The factors include:

(i) the population of the political subdivision or census designated place does not exceed 25,000;

For purposes of this requirement any individual attempting to use the experience of another individual or entity must demonstrate they had the authority to act on their behalf that substantiates the minimum 150 unit requirement.

(C) For competitive HTC Applications, if a Principal is determined by the Department to not have the required experience, a replacement Principal will not be allowed.

(D) Notwithstanding the foregoing, no person may be used to establish such required experience if that Person or an Affiliate of that Person would not be eligible to be an Applicant themselves.

**(7) Financing Requirements.**

(A) Non-Department Debt Financing. Interim and permanent financing sufficient to fund the proposed Total Housing Development Cost less any other funds requested from the Department must be included in the Application. For any Development that is a part of a larger development plan on the same site, the Department may request and evaluate information related to the other components of the development plan in instances in which the financial viability of the Development is in whole or in part dependent upon the other portions of the development plan. capital from funds that are not otherwise committed or pledged. Additionally, a letter from the contributor's bank(s) or depository(ies) must be submitted confirming sufficient funds are readily available to the contributor. The contributor must certify that the funds are and will remain readily available at Commitment and until the required investment is completed. Regardless of the amount, all capital contributions other than syndication equity will be deemed to be a part of, and therefore added to, the Deferred Developer Fee for feasibility purposes under §11.302(i)(2) of this chapter (relating to Underwriting Rules and Guidelines) or where scoring is concerned, unless the contribution is a seller note equal to or less than the acquisition price of the subject Development, the Development is a Supportive Housing Development, the Development is not supported with Housing Tax Credits, or the ownership structure includes a nonprofit organization with a documented history of fundraising sufficient to support the development of affordable housing.

If one or more of the items described in clauses (i) - (vi) of this subparagraph is not applicable based upon the type of occupied structures on the Development Site, the Applicant must provide an explanation of such non- applicability. Site Control items include:

(i) a recorded warranty deed vesting indefeasible title in the Development Owner or, if transferrable to the Development Owner, an Affiliate of the Owner, with corresponding executed settlement statement (or functional equivalent for an existing lease with at least 45 years remaining); or

(ii) a contract or option for lease with a minimum term of 45 years that includes a price; address or legal description; proof of consideration in the form specified in the contract; and expiration date; or

(iii) a contract for sale or an option to purchase that includes a price; address or legal description; proof of consideration in the form specified in the contract; and expiration date.

(C) If the acquisition can be characterized as an identity of interest transaction, as described in §11.302 of this chapter (relating to Underwriting Rules and Guidelines), then the documentation required as further described therein must be submitted in addition to that of subparagraph (B) of this paragraph.

(D) If ingress and egress to a public right of way are not part of the Property described in the site control documentation, the Applicant must provide evidence of an easement, leasehold, or similar documented access, along with evidence that the fee title owner of the property agrees that the LURA may extend to the access easement by the time of Commitment, Determination Notice or Contract (as applicable).

(E) If control of the entire proposed Development Site requires that a plat or right of way be vacated to remove a right of way or similar dedication, evidence that the vacation/re-platting process has started must be included in the Application, and evidence of control of the entire Development Site must be provided by the time of Commitment or Contract (as applicable).

**(11) Zoning.** (§2306.6705(5)) Acceptable evidence of zoning for all Developments must include one of subparagraphs (A) - (D) of this paragraph. In instances where annexation of a Development Site occurs while the Application is under review, the Applicant must submit evidence of appropriate zoning with the Commitment or Determination Notice. Letters evidencing zoning status must be no more than 6 months old at Application submission, except where such evidence is for an area where there is no zoning and such letters must be updated annually by the political subdivision.

(A) No Zoning Ordinance in Effect. The Application must include a letter from a local government official with appropriate jurisdiction stating that the Development is located within the boundaries of a political subdivision that has no zoning. This requirement does not apply to a Development Site located entirely in the unincorporated area of a county, and not within the ETJ of a municipality.

(B) Zoning Ordinance in Effect. The Application must include a letter from a local government official with appropriate jurisdiction stating the Development is permitted under the provisions of the zoning ordinance that applies to the location of the Development.

(C) Requesting a Zoning Change. The Application must include evidence in the form of a letter from a local government official with jurisdiction over zoning matters that the Applicant or Affiliate has made formal application for a required zoning change and that the jurisdiction has received a release whereby the Applicant has agreed to hold the political subdivision and all other parties harmless in the event the appropriate zoning is not granted. Documentation of final approval of appropriate zoning must be submitted to the Department with the Commitment or Determination Notice.

(D) Zoning for Rehabilitation Developments. In an area with zoning, the Application must include documentation of current zoning. If the Property is currently conforming but with an overlay that would make it a non-conforming use as presently zoned, the Application must include a letter from a local government official with appropriate jurisdiction which addresses the items in clauses (i) - (v) of this subparagraph:

- (i) a detailed narrative of the nature of non-conformance;
- (ii) the applicable destruction threshold;
- (iii) that it will allow the non-conformance;
- (iv) Owner's rights to reconstruct in the event of damage; and
- (v) penalties for noncompliance.

**(12) Title Commitment/Policy.** A title commitment or title policy must be submitted that includes a legal description that is consistent with the Site Control. If the title commitment or policy is dated more than six months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications, then a letter from the title company indicating that nothing further has transpired during the six-month period on the commitment or policy must be submitted. Tax-Exempt Bond Developments that do not include a request for Direct Loan or include the Department as the bond issuer are exempt from this requirement.

(A) The title commitment must list the name of the Development Owner as the proposed insured and list the seller or lessor as the current owner of the Development Site.

(B) The title policy must show that the ownership (or leasehold) of the Development Site is vested in the name of the Development Owner.

**(13) Ownership Structure and Previous Participation.**

(A) The Department assumes that the Applicant will be able to form any one or more business entities, such as a limited partnership, that are to be engaged in the ownership of a Development as represented in the Application, and that all necessary rights, powers, and privileges including, but not limited to, Site Control will be transferable to that entity. The formation of the ownership entity, qualification to do business (if needed), and transfer of any such rights, powers, and privileges must be accomplished as required in this chapter and Chapters 12 and 13, as applicable.

(B) Organizational Charts. A chart must be submitted that clearly illustrates the organizational structure of the proposed Development Owner and of any Developer and Guarantor, identifying all Principals thereof and providing the names and ownership percentages of all Persons having an ownership interest in the Development Owner, Developer and Guarantor, as applicable, whether directly or through one or more subsidiaries, whether or not they have Control. Persons having Control should be specifically identified on the chart. Individual board members and executive directors of nonprofit entities, governmental bodies, and corporations, as applicable, must be included in this exhibit and trusts must list all beneficiaries that have the legal ability to control or direct activities of the trust and are not just financial beneficiaries. In the case of Housing Tax Credit Applications only in which private equity fund investors are passive investors in the sponsorship entity, the fund manager, managing member or authorized representative of the fund who has the ability to Control, should be identified on the organizational chart, and a full list of investors is not required. The List of Organizations form, as provided in the Application, must include all Persons identified on the organizational charts, and further identify which of those Persons listed exercise Control of the Development.

(C) Previous Participation. Evidence must be submitted that each individual and entity shown on the organizational charts described in subparagraph (B) of this paragraph has

provided a copy of the completed previous participation information to the Department. Individual Principals of such entities identified on the organizational chart and on the List of Organizations form, must provide the previous participation information, unless excluded from such requirement pursuant to Chapter 1 Subchapter C of this title (relating to Previous Participation and Executive Award Review and Advisory Committee). The information must include a list of all Developments that are, or were, previously under ownership or Control of the Applicant or each Principal, including any Person providing the required experience. All participation in any Department funded or monitored activity, including non-housing activities, as well as Housing Tax Credit developments or other programs administered by other states using state or federal programs must be disclosed. The individuals providing previous participation information must authorize the parties overseeing such assistance to release compliance histories to the Department.

(D) Direct Loan. In addition to the information required in (B) and (C) of this subparagraph, if the Applicant is applying for Direct Loan funds then the Applicant must also include the definitions of Person, Affiliate, Principal, and Control found in 2 CFR Part 180 and 2424, when completing the organizational chart and the Previous Participation information.

**(14) Nonprofit Ownership.** Applications that involve a §501(c)(3) or (4) nonprofit, housing finance corporation or public facility corporation as the General Partner or Owner shall submit the documentation identified in subparagraph (A) or (B) of this paragraph, as applicable. Additionally, a resolution approved at a regular meeting of the majority of the board of directors of the nonprofit, indicating their awareness of the organization's participation in each specific Application, and naming all members of the board and employees who may act on its behalf, must be provided. For Tax-Exempt Bond Developments, a copy of the executed inducement resolution will meet the resolution requirement in this paragraph.

(A) Competitive HTC Applications for the Nonprofit Set-Aside. Applications for Competitive Housing Tax Credits involving a §501(c)(3) or (4) nonprofit General Partner and which meet the Nonprofit Set-Aside requirements, must submit all of the documents described in clauses (i) to (v) of this subparagraph and indicate the nonprofit status on the carryover documentation and IRS Forms 8609. (§2306.6706) Applications that include an affirmative election to not be treated under the Nonprofit Set-Aside and a certification that they do not expect to receive a benefit in the allocation of tax credits as a result of being Affiliated with a nonprofit, only need to submit the documentation in subparagraph (B) of this paragraph. Required documents include:

(i) An IRS determination letter which states that the nonprofit organization has been determined by the Internal Revenue Service to be tax-exempt under §501(c)(3) or (4) of the Code;

(ii) The Nonprofit Participation exhibit as provided in the Application, including a list of the names and contact information for all board members, directors, and officers;

(iii) A Third Party legal opinion stating:

(I) That the nonprofit organization is not Affiliated with or Controlled by a for-profit organization and the basis for that opinion;

(II) That the nonprofit organization is eligible, as further described, for a Housing Credit Allocation from the Nonprofit Set-Aside pursuant to Code, §42(h)(5) and the basis for that opinion;

(III) That one of the exempt purposes of the nonprofit organization is to provide low-income housing;

(IV) That the nonprofit organization prohibits a member of its board of directors, other than a chief staff member serving concurrently as a member of the board, from receiving material compensation for service on the board. If the Application includes a request for Community Housing Development Corporation (CHDO) funds, no member of the board may receive compensation, including the chief staff member;

(V) That the Qualified Nonprofit Development will have the nonprofit entity or its nonprofit Affiliate or subsidiary be the Developer or co-Developer as evidenced in the development agreement; and

(VI) That the nonprofit organization has the ability to do business as a nonprofit in Texas;

(iv) a copy of the nonprofit organization's most recent financial statement as prepared by a Certified Public Accountant; and

(v) evidence in the form of a certification that a majority of the members of the nonprofit organization's board of directors principally reside:

(I) in this state, if the Development is located in a Rural Area; or

(II) not more than ninety (90) miles from the Development, if the Development is not located in a Rural Area.

(B) All Other Applications. Applications that involve a §501(c)(3) or (4) nonprofit, housing finance corporation or public facility corporation as the General Partner or Owner must submit an IRS determination letter which states that the nonprofit organization has been determined by the Internal Revenue Service to be tax-exempt under §501(c)(3) or (4) of the Code; and the Nonprofit Participation exhibit as provided in the Application. If the Application involves a nonprofit that is not exempt from taxation under §501(c)(3) or (4) of the Code, then they must disclose in the Application the basis of their nonprofit status.

Housing finance corporations or public facility corporations that do not have such IRS determination letter shall submit documentation evidencing creation under their respective chapters of the Texas Local Government Code and corresponding citation for an exemption from taxation.

**(15) Feasibility Report.** This report, compiled by the Applicant or Third Party Consultant, and prepared in accordance with this paragraph, which reviews site conditions and development requirements of the Development and Development Site, is required and must meet all of the criteria provided in subparagraphs (A) to (F) of this paragraph. Acquisition and Rehabilitation Applications are exempt from this requirement. If an Application involves Acquisition and Rehabilitation along with other activities, the Feasibility Report is required for the entire Development. Tax-Exempt Bond Developments that do not include a request for Direct Loan or where the Department is not the bond issuer, only subparagraph (D) of this paragraph is required to be submitted.

(A) For all Applications, careful focus and attention should be made regarding any atypical items materially impacting costs or the successful and timely execution of the Development plan. The report must also include the following statement, "any person signing this Report acknowledges that the Department may publish the full report on the Department's website, release the report in response to a request for public information and make other use of the report as authorized by law."

(B) An Executive Summary must provide a narrative overview of the Development in sufficient detail that would help a reviewer of the Application better understand the site, the site plan, off site requirements (including discussion of any seller contributions or reimbursements), any other unique development requirements, and their impact on Site Work and Off- Site Construction costs. It should specifically describe any atypical or unusual factors that will impact site design or costs, including but not limited to: Critical Water Quality Zones, habitat protection requirements, construction for environmental conditions (wind, hurricane, flood), and local design restrictions.

(C) The Report should contain a general statement regarding the level of due diligence that has been done relating to site development (including discussions with local government development offices). Where ordinances or similar information is required, provide website links rather than copies of the ordinance. Additionally, it should contain:

- (i) a summary of zoning requirements;
- (ii) subdivision requirements;
- (iii) property identification number(s) and millage rates for all taxing jurisdictions;
- (iv) development ordinances;

(v) fire department requirements;

(vi) site ingress and egress requirements; and

(vii) building codes, and local design requirements impacting the Development.

(D) Survey as defined by the Texas Society of Professional Surveyors in their Manual of Practice for Land Surveying in Texas (Category 1A - Land Title Survey or Category 1B - Standard Land Boundary Survey). Surveys (excluding those for Rehabilitation Developments) may not be older than 24 months from the beginning of the Application Acceptance Period.

(E) Preliminary site plan for New Construction or Adaptive Reuse Developments prepared by the civil engineer with a statement that the plan materially adheres to all applicable zoning, site development, and building code ordinances. The site plan must identify all structures, site amenities, parking spaces and driveways, topography (using either existing seller topographic survey or U.S. Geological Survey (USGS)/other database topography), site drainage and detention, water and waste water utility tie-ins, general placement of retaining walls, set-back requirements, and any other typical or locally required items. Off-site improvements required for utilities, detention, access or other requirement must be shown on the site plan or ancillary drawings.

(F) Architect or civil engineer prepared statement describing the entitlement, site development permitting process and timing, building permitting process and timing, and an itemization specific to the Development of total anticipated impact, site development permit, building permit, and other required fees.

### [§11.205.Required Third Party Reports.](#)

The Environmental Site Assessment, Scope and Cost Review, Appraisal (if applicable), and the Market Analysis must be submitted no later than the Third Party Report Delivery Date as identified in §11.2(b) of this chapter (relating to Tax-Exempt Bond and Direct Loan Development Dates and Deadlines). For Competitive HTC Applications, the Environmental Site Assessment, Scope and Cost Review, Appraisal (if applicable), and the Primary Market Area map (with definition based on census tracts, and site coordinates in decimal degrees, area of PMA in square miles, and list of census tracts included) must be submitted no later than the Full Application Delivery Date as identified in §11.2(a) of this title (relating to Competitive HTC Deadlines Program Calendar) and the Market Analysis must be submitted no later than the Market Analysis Delivery Date as identified in §11.2(a) of this chapter. For Competitive HTC Applications, if the reports, in their entirety, are not received by the deadline, the Application may be terminated. An electronic copy of the report in the format of a single file containing all information and exhibits clearly labeled with the report type, Development name and

Development location are required. All Third Party reports must be prepared in accordance with Subchapter D of this chapter (relating to Underwriting and Loan Policy). The Department may request additional information from the report provider or revisions to the report as needed. In instances of non-response by the report provider, the Department may substitute in-house analysis. The Department is not bound by any opinions expressed in the report.

**(1) Environmental Site Assessment.** This report, required for all Developments and prepared in accordance with the requirements of §11.305 of this chapter (relating to Environmental Site Assessment Rules and Guidelines), must not be dated more than 12 months prior to the date of Application submission for non-Competitive Applications, or the first day of the Application Acceptance Period for Competitive HTC Applications. If this timeframe is exceeded, then a letter or updated report must be submitted, dated not more than six months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications from the Person or organization which prepared the initial assessment confirming that the site has been re-inspected and reaffirming the conclusions of the initial report or identifying the changes since the initial report.

(A) Existing Developments funded by USDA will not be required to supply this information; however, it is the Applicant's responsibility to ensure that the Development is maintained in compliance with all state and federal environmental hazard requirements.

(B) If the report includes a recommendation that an additional assessment be performed, then a statement from the Applicant must be submitted with the Application indicating that those additional assessments and recommendations will be performed prior to closing. If the assessments require further mitigating recommendations, then evidence indicating that the mitigating recommendations have been carried out must be submitted at cost certification.

**(2) Market Analysis.** The Market Analysis, required for all Developments and prepared in accordance with the requirements of §11.303 of this chapter (relating to Market Analysis Rules and Guidelines), must not be dated more than six months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications. If the report is older than six months, but not more than 12 months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications, the Qualified Market Analyst that prepared the report may provide a statement that reaffirms the findings of the original Market Analysis. The statement may not be dated more than six months prior to the date of Application submission, or Application Acceptance Date for Direct Loan Applications, or the first day of the Application Acceptance Period for Competitive HTC Applications and must be accompanied by the original Market Analysis.

(A) For Acquisition/Rehabilitation or Reconstruction projects that meet the following criteria, a comprehensive market study as outlined in IRS Section 42(m)(1)(A)(iii) shall mean

a location map and a written statement by a disinterested Qualified Market Analyst certifying that the project meets these criteria:

(i) All of the Units in the project contain existing project based rental assistance that will continue for at least the Compliance Period, an existing Department LURA, or the subject rents are at or below 50% AMGI rents;

(ii) The Units are at least 80% occupied at time of Application; and

(iii) Existing tenants have a leasing preference or right to return to the Development as stated in a relocation plan.

(B) The report must be prepared by a disinterested Qualified Market Analyst approved by the Department in accordance with the approval process outlined in §11.303 of this chapter.

(C) Applications in the USDA Set-Aside proposing Rehabilitation with residential structures at or above 80% occupancy at the time of Application submission, the appraisal, required for Rehabilitation Developments and Identity of Interest transactions prepared in accordance with §11.304 of this chapter (relating to Appraisal Rules and Guidelines), will satisfy the requirement for a Market Analysis; however, the Department may request additional information as needed. (§2306.67055; §42(m)(1)(A)(iii))(D). It is the responsibility of the Applicant to ensure that this analysis forms a sufficient basis for the Applicant to be able to use the information obtained to ensure that the Development will comply with fair housing laws.

**(3) Scope and Cost Review (SCR).** This report, required for Rehabilitation (excluding Reconstruction) and Adaptive Reuse Developments and prepared in accordance with the requirements of §11.306 of this chapter (relating to Scope and Cost Review Guidelines), must not be dated more than six months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications. If the report is older than six months, but not more than 12 months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications, the report provider may provide a statement that reaffirms the findings of the original SCR. The statement may not be dated more than six months prior to the date of Application submission or the first day of the Application Acceptance Period for Competitive HTC Applications and must be accompanied by the original SCR. For Developments which require a capital needs assessment from USDA the capital needs assessment may be substituted for the SCR and may be more than six months old, as long as USDA has confirmed in writing that the existing capital needs assessment is still acceptable and it meets the requirements of §11.306 of this chapter. All Rehabilitation Developments financed with Direct Loans must also submit a capital needs assessment estimating the useful life of each major system. This assessment must include a comparison between the local building code and the International Existing Building Code of the International Code Council. The report must be accompanied by the Department's SCR

Supplement in the form of an excel workbook as published on the Department's website. For Rehabilitation (excluding Reconstruction) and Adaptive Reuse Tax-Exempt Bond Developments that do not include a request for Direct Loan or where the Department is not the bond issuer, a Scope and Cost Review prepared by a Third Party is not required. The application must include a Scope of Work Narrative as described in §11.306(k) of this chapter (relating to Scope and Cost Review Guidelines).

**(4) Appraisal.** This report prepared in accordance with the requirements of §11.304 of this chapter (relating to Appraisal Rules and Guidelines), is required for any Application claiming any portion of the building acquisition in Eligible Basis, and Identity of Interest transactions pursuant to Subchapter D of this chapter. The Appraisal must not be dated more than six months prior to the date of Application submission, the Application Acceptance Date for Direct Loan Applications, or the first day of the Application Acceptance Period for Competitive HTC Applications. For Developments that require an appraisal from USDA, the appraisal may be more than six months old, as long as USDA has confirmed in writing that the existing appraisal is still acceptable. Notwithstanding the foregoing, if the Application contains a Market Analysis and the appraisal is not required to fulfill purposes other than establishing the value of land or buildings, an appraisal is not required if no acquisition costs are entered in the development cost schedule.

#### §11.206.Board Decisions (§§2306.6725(c);2306.6731; and 42(m)(1)(A)(iv)).

The Board's decisions regarding awards or the issuance of Determination Notices, if applicable, shall be based upon the Department's staff and the Board's evaluation of the proposed Developments' consistency with, and fulfillment of, the criteria and requirements set forth in this chapter, Chapter 13 of this title (relating to the Multifamily Direct Loan Rule) and other applicable Department rules and other applicable state, federal and local legal requirements, whether established in statute, rule, ordinance, NOFA, official finding, or court order. The Board shall document the reasons for each Application's selection, including any discretionary factors used in making its determination, including good cause, and the reasons for any decision that conflicts with the recommendations made by Department staff. Good cause includes the Board's decision to apply discretionary factors where authorized. The Department reserves the right to reduce the amount of funds requested in an Application, condition the Housing Tax Credit or Direct Loan recommendation or terminate the Application based on the Applicant's inability to demonstrate compliance with program requirements.

#### §11.207.Waiver of Rules.

An Applicant may request a waiver from the Board in writing at or prior to the submission of the pre-application (if applicable) or the Application or subsequent to an award. Waiver

requests on Competitive HTC Applications will not be accepted between submission of the Application and any award for the Application. Staff may identify and initiate a waiver request to remedy an error in the QAP or other Multifamily rules, provide necessary relief in response to a natural disaster, or address facets of an Application or Development that have not been contemplated. The Applicant must submit plans for mitigation or alternative solutions with the waiver request. Any such request for waiver submitted by an Applicant must be specific to an actual proposed Development and must be submitted to the Department in the format required in the Multifamily Programs Procedures Manual. Any waiver, if granted, shall apply solely to the Application and shall not constitute a general modification or waiver of the rule involved. All waiver requests must meet the requirements of paragraphs (1) and (2) of this subsection.

(1) A waiver request made at or prior to pre-application or Application must establish that the need for the waiver is not within the control of the Applicant or is due to an overwhelming need. A recommendation for a waiver may be subject to the Applicant's provision of alternative design elements or amenities of a similar nature or that serve a similar purpose. Waiver requests for items that were elected to meet scoring criteria or where the Applicant was provided a menu of options to meet the requirement will not be considered to satisfy this paragraph, unless the Applicant demonstrates that all potential options have been exhausted.

(2) The waiver request must establish how, by granting the waiver, it better serves the policies and purposes articulated in Tex. Gov't Code §§2306.001, 2306.002, 2306.359, and 2306.6701, (which are general in nature and apply to the role of the Department and its programs, including the Housing Tax Credit program) than not granting the waiver.

(3) The Board may not grant a waiver to provide directly or implicitly any Forward Commitments, unless due to extenuating and unforeseen circumstances as determined by the Board. The Board may not waive any requirement contained in statute. The Board may grant a waiver that is in response to a natural, federally declared disaster that occurs after the adoption of the Qualified Allocation Plan to the extent authorized by a governor declared disaster proclamation suspending statutory or regulatory requirements.

## SUBCHAPTER D. UNDERWRITING AND LOAN POLICY

### 10 TAC §§11.301 - 11.306

---

#### §11.301.General Provisions.

This subchapter applies to the underwriting, Market Analysis, appraisal, Environmental Site Assessment, Direct Loan, and Scope and Cost Review standards employed by the Department. This subchapter provides rules for the underwriting review of an affordable housing Development's financial feasibility and economic viability that ensures the most efficient allocation of resources while promoting and preserving the public interest in ensuring the long-term health of an awarded Application and the Department's portfolio. In addition, this subchapter guides staff in making recommendations to the Executive Award and Review Advisory Committee (EARAC or the Committee), Executive Director, and the Board to help ensure procedural consistency in the determination of Development feasibility (Texas Government Code §§2306.081(c), 2306.185, and 2306.6710(d)). Due to the unique characteristics of each Development, the interpretation of the rules and guidelines described in this subchapter is subject to the discretion of the Department and final determination by the Board.

#### §11.302.Underwriting Rules and Guidelines.

##### **(a) General Provisions.**

(1) Pursuant to Tex. Gov't Code §2306.148 and §2306.185(b), the Board is authorized to adopt underwriting standards as set forth in this section. Furthermore, for Housing Credit Allocation, Code §42(m)(2), requires the tax credits allocated to a Development not to exceed the amount necessary to assure feasibility. Additionally, 24 CFR Parts 92 and 93, as further described in CPD Notices 15-11 and 21-10 require the Department to adopt rules and standards to determine the appropriate Multifamily Direct Loan feasibility. The rules adopted pursuant to the Tex. Gov't Code and the Code are developed to result in an Underwriting Report (Report) used by the Board in decision making with the goal of assisting as many Texans as possible by providing no more financing than necessary based on an independent analysis of Development feasibility. The Report generated in no way guarantees or purports to warrant the actual performance, feasibility, or viability of the Development.

(2) Oversourcing of Funds. The total amount of Department-allocated funds combined with any additional soft funds provided by other units of government may not exceed the total cost of all non-market Units at the development, calculated on a per-unit basis. For purposes of this subsection, soft funds include any grants, below-market interest rate loans,

or similar funds with a total cost to the Applicant that is below commercial-rate financing, but does not include payable loans provided at commercial rates with deferred payments. If the Department determines that a Development is oversourced in accordance with this subsection, the Applicant will be required to reduce the soft funds provided by other units of government so as to no longer be oversourced.

**(b) Report Contents.** The Report provides a synopsis and reconciliation of the Application information submitted by the Applicant. For the purpose of this subchapter the term Application includes additional documentation submitted after the initial award of funds that is relevant to any subsequent reevaluation. The Report contents will be based upon information that is provided in accordance with and within the timeframes set forth in this chapter, Chapters 11, 12, or 13, or in a Notice of Funds Availability (NOFA), as applicable.

**(c) Recommendations in the Report.** The conclusion of the Report, if being recommended, includes a recommended award of funds or Housing Credit Allocation Amount and states any feasibility or other conditions to be placed on the award. The award amount is based on the lesser of the amounts determined using the methods in paragraphs (1) - (3) of this subsection:

(1) Program Limit Method. For Housing Credit Allocations, this method is based upon calculation of Eligible Basis after applying all cost verification measures and program limits as described in this section. The Applicable Percentage used is defined in §11.1(d) of this chapter (relating to Definitions). For Department programs other than Housing Tax Credits, this method is based upon calculation of the funding limit in current program rules or NOFA at the time of underwriting.

(2) Gap Method. This method evaluates the amount of funds needed to fill the gap created by Total Housing Development Cost less total non-Department-sourced funds or Housing Tax Credits. In making this determination, the Underwriter resizes any anticipated Deferred Developer Fee downward (but not less than zero) before reducing the amount of Department funds or Housing Tax Credits. In the case of Housing Tax Credits, the syndication proceeds needed to fill the gap in permanent funds are divided by the syndication rate to determine the amount of Housing Tax Credits. In making this determination and based upon specific conditions set forth in the Report, the Underwriter may assume adjustments to the financing structure (including treatment of a Cash Flow loan as if fully amortizing over its term) or make adjustments to any Department financing, such that the cumulative Debt Coverage Ratio (DCR) conforms to the standards described in this section. For Housing Tax Credit Developments at cost certification, timing adjusters may be considered as a reduction to equity proceeds for this purpose. Timing adjusters must be consistent with and documented in the original partnership agreement (at admission of the equity partner) but relating to causes outside of the Developer's or Owner's control. The equity partner must provide a calculation of the amount of the adjuster to be used by the Underwriter.

(3) The Amount Requested. The amount of funds that is requested by the Applicant. For Housing Tax Credit Developments (exclusive of Tax-Exempt Bond Developments) this amount is limited to the amount requested in the original Application documentation.

**(d) Operating Feasibility.** The operating feasibility of a Development funded by the Department is tested by analyzing its Net Operating Income (NOI) to determine the Development's ability to pay debt service and meet other financial obligations throughout the Affordability Period. NOI is determined by subtracting operating expenses, including replacement reserves and taxes, from rental and other income sources.

(1) Income. In determining the first year stabilized pro forma, the Underwriter evaluates the reasonableness of the Applicant's income pro forma by determining the appropriate rental rate per unit based on subsidy contracts, program limitations including but not limited to Utility Allowances, actual rents supported by rent rolls and Market Rents and other market conditions. Miscellaneous income, vacancy and collection loss limits as set forth in subparagraphs (B) and (C) of this paragraph, respectively, are used unless well-documented support is provided and independently verified by the Underwriter.

(A) Rental Income. The Underwriter will review the Applicant's proposed rent schedule and determine if it is consistent with the representations made throughout the Application. The Underwriter will independently calculate a Pro Forma Rent for comparison to the Applicant's estimate in the Application.

(i) Market Rents. The Underwriter will use the Market Analyst's conclusion of Market Rent if reasonably justified and supported by the attribute adjustment matrix of Comparable Units as described in §11.303 of this chapter (relating to Market Analysis Rules and Guidelines). Independently determined Market Rents by the Underwriter may be used based on rent information gained from direct contact with comparable properties, whether or not used by the Market Analyst and other market data sources. For a Development that contains less than 15% unrestricted units, the Underwriter will limit the Pro Forma Rents to the lesser of Market Rent or the Gross Program Rent at 80% AMI.

(ii) Gross Program Rent. The Underwriter will use the Gross Program Rents for the year that is most current at the time the underwriting begins. When underwriting for a simultaneously funded competitive round, all Applications are underwritten with the Gross Program Rents for the same year. If Gross Program Rents are adjusted by the Department after the close of the Application Acceptance Period, but prior to publication of the Report, the Underwriter may adjust the Effective Gross Income (EGI) to account for any increase or decrease in Gross Program Rents for the purposes of determining the reasonableness of the Applicant's EGI.

(iii) Contract Rents. The Underwriter will review rental assistance contracts to determine the Contract Rents currently applicable to the Development.

Documentation supporting the likelihood of continued rental assistance is also reviewed. The Underwriter will take into consideration the Applicant's intent to request a Contract Rent increase. At the discretion of the Underwriter, the Applicant's proposed rents may be used as the Pro Forma Rent, with the recommendations of the Report conditioned upon receipt of final approval of such an increase. Tenant-based vouchers or tenant-based rental assistance are not included as Income.

(iv) Utility Allowances. The Utility Allowances used in underwriting must be in compliance with all applicable federal guidance, and §10.614 of this title (relating to Utility Allowances). Utility Allowances must be calculated for individually metered tenant paid utilities.

(v) Net Program Rents. Gross Program Rent less Utility Allowance.

(vi) Actual Rents for existing Developments will be reviewed as supported by a current rent roll. For Unstabilized Developments, actual rents will be based on the most recent units leased with occupancy and leasing velocity considered. Actual rents may be adjusted by the Underwriter to reflect lease-up concessions and other market considerations.

(vii) Collected Rent. Represents the monthly rent amount collected for each Unit Type. For rent- assisted units, the Contract Rent is used. In absence of a Contract Rent, the lesser of the Net Program Rent, Market Rent or actual rent is used.

(B) Miscellaneous Income. All ancillary fees and miscellaneous secondary income, including but not limited to, late fees, storage fees, laundry income, interest on deposits, carport and garage rent, washer and dryer rent, telecommunications fees, and other miscellaneous income, are anticipated to be included in a \$5 to \$30 per Unit per month range. Projected income from tenant-based rental assistance will not be considered. Exceptions may be made at the discretion of the Underwriter and must be supported by either the normalized operating history of the Development or other existing comparable properties within the same market area.

(i) The Applicant must show that a tenant will not be required to pay the additional fee or charge as a condition of renting a Unit and must show that the tenant has a reasonable alternative.

(ii) The Applicant's operating expense schedule should reflect an itemized offsetting line-item associated with miscellaneous income derived from pass-through utility payments, pass-through water, sewer and trash payments, and cable fees.

(iii) Collection rates of exceptional fee items will generally be heavily discounted.

(iv) If an additional fee is charged for the optional use of an amenity, any cost associated with the construction, acquisition, or development of the hard assets needed to produce the amenity must be excluded from Eligible Basis.

(C) Vacancy and Collection Loss. The Underwriter uses a normalized vacancy rate of 7.5% (5% vacancy plus 2.5% for collection loss). 100% project-based rental subsidy developments (not including employee-occupied units) may be underwritten at a combined 5% vacancy rate.

(D) Effective Gross Income (EGI). EGI is the total of Collected Rent for all Units plus Miscellaneous Income less Vacancy and Collection Loss. If the Applicant's pro forma EGI is within 5% of the EGI independently calculated by the Underwriter, the Applicant's EGI is characterized as reasonable in the Report; however, for purposes of calculating the underwritten DCR the Underwriter's pro forma will be used unless the Applicant's pro forma meets the requirements of paragraph (3) of this subsection.

(2) Expenses. In determining the first year stabilized operating expense pro forma, the Underwriter evaluates the reasonableness of the Applicant's expense estimate based upon the characteristics of each Development, including the location, utility structure, type, the size and number of Units, and the Applicant's management plan. Historical, stabilized and certified financial statements of an existing Development or Third Party quotes specific to a Development will reflect the strongest data points to predict future performance. The Underwriter may review actual operations on the Applicant's other properties monitored by the Department, if any, or review the proposed management company's comparable properties. The Department's database of properties located in the same market area or region as the proposed Development also provides data points; expense data from the Department's database is available on the Department's website. Data from the Institute of Real Estate Management's (IREM) most recent Conventional Apartments-Income/Expense Analysis book for the proposed Development's property type and specific location or region may be referenced. In some cases local or project-specific data such as PHA Utility Allowances and property tax rates are also given significant weight in determining the appropriate line item expense estimate. Estimates of utility savings from green building components, including on-site renewable energy, must be documented by an unrelated contractor or component vendor.

(A) General and Administrative Expense. (G&A)--Accounting fees, legal fees, advertising and marketing expenses, office operation, supplies, and equipment expenses. G&A does not include partnership related expenses such as asset management, accounting or audit fees. Costs of tenant services are not included in G&A.

(B) Management Fee. Fee paid to the property management company to oversee the operation of the Property and is most often based upon a percentage of EGI as documented in an existing property management agreement or proposal. The

Underwriter will use the Applicant's proposed Management Fee if it is within the range of 4% to 6% of EGI. A proposed fee outside of this range must be documented.

(C) Payroll Expense. Compensation, insurance benefits, and payroll taxes for on-site office, leasing and maintenance staff. Payroll does not include Third-Party security or tenant services contracts. Staffing specific to tenant services, security or other staffing not related to customary property operations should be itemized and included in other expenses or tenant services expense.

(D) Repairs and Maintenance Expense. Materials and supplies for the repairs and maintenance of the Development including Third-Party maintenance contracts. This line-item does not include costs that are customarily capitalized that would result from major replacements or renovations.

(E) Utilities Expense. Gas and electric energy expenses paid by the Development. Estimates of utility savings from green building components, including on-site renewable energy, must be documented by an unrelated contractor or component vendor.

(F) Water, Sewer, and Trash Expense (WST). Includes all water, sewer and trash expenses paid by the Development.

(G) Insurance Expense. Cost of Insurance coverage for the buildings, contents, and general liability, but not health or workman's compensation insurance.

(H) Property Tax. Includes real property and personal property taxes but not payroll taxes.

(i) An assessed value will be calculated based on the capitalization rate published by the county taxing authority. If the county taxing authority does not publish a capitalization rate, a capitalization rate of 10% or a comparable assessed value may be used.

(ii) Other assessed values or property tax estimates may be used based on development specific factors as determined by the Underwriter.

(iii) If the Applicant proposes a property tax exemption or Payment in Lieu of Taxes (PILOT) agreement the Applicant must provide documentation in accordance with §10.402(d) of this title (relating to Documentation Submission Requirements at Commitment of Funds). At the underwriter's discretion, such documentation may be required prior to Commitment or Determination Notice if deemed necessary.

(I) Replacement Reserves. Periodic deposits to a reserve account to pay for the future replacement or major repair of building systems and components (generally items

considered capitalized costs). The Underwriter will use a minimum reserve of \$250 per Unit for New Construction and Reconstruction Developments and \$300 per Unit for all other Developments. The Underwriter may require an amount above \$300 for the Development based on information provided in the Scope and Cost Review (SCR) or, for existing USDA developments, an amount approved by USDA. The Applicant's assumption for reserves may be adjusted by the Underwriter if the amount provided by the Applicant is insufficient to fund capital needs as documented by the SCR during the first fifteen (15) years of the long term pro forma. Higher reserves may be used if documented by a primary lender or syndicator.

(J) Other Operating Expenses. The Underwriter will include other reasonable, customary and documented property-level operating expenses such as audit fees, security expense, telecommunication expenses (tenant reimbursements must be reflected in EGI) and TDHCA's compliance fees. For Developments financed by USDA, a Return to Owner (RTO) may be included as an operating expense in an amount consistent with the maximum approved by USDA or an amount determined by the Underwriter. This category does not include depreciation, interest expense, lender or syndicator's asset management fees, or other ongoing partnership fees.

(K) Resident Services. Resident services are not included as an operating expense or included in the DCR calculation unless:

(i) There is a documented financial obligation on behalf of the Owner with a unit of state or local government to provide resident supportive services at a specified dollar amount. The financial obligation must be identified by the permanent lender in their term sheet and the dollar amount of the financial obligation must be included in the DCR calculation on the permanent lender's 15-year pro forma at Application. If the term sheet has an expiration date, the term sheet must have been signed by the Applicant prior to the expiration date; or

(ii) The Applicant demonstrates a history of providing comparable supportive services and expenses at existing affiliated properties within the local area. Except for Supportive Housing Developments, the estimated expense of supportive services must be identified by the permanent lender in their term sheet and included in the DCR calculation on the 15-year pro forma; and

(iii) On-site staffing or pro ration of staffing for coordination of services only, and not the provision of services, can be included as a supportive services expense without permanent lender documentation.

(L) Total Operating Expenses. The total of expense items described in subparagraphs (A) - (K) of this paragraph (relating to Operating Feasibility). If the Applicant's total expense estimate is within 5% of the final total expense figure calculated by the Underwriter, the Applicant's figure is characterized as reasonable in the Report; however, for purposes of

calculating DCR, the Underwriter's independent calculation will be used unless the Applicant's first year stabilized pro forma meets the requirements of paragraph (3) of this subsection.

(3) Net Operating Income (NOI). The difference between the EGI and total operating expenses. If the Applicant's first year stabilized NOI figure is within 5% of the NOI calculated by the Underwriter, the Applicant's NOI is characterized as reasonable in the Report; however, for purposes of calculating the first year stabilized pro forma DCR, the Underwriter's calculation of NOI will be used unless the Applicant's first year stabilized EGI, total operating expenses, and NOI are each within 5% of the Underwriter's estimates. For Housing Tax Credit Developments at cost certification, actual NOI will be used as adjusted for stabilization of rents and extraordinary lease-up expenses. Permanent lender and equity partner stabilization requirements documented in the loan and partnership agreements will be considered in determining the appropriate adjustments and the NOI used by the Underwriter. For Tax-Exempt Bond Developments that do not include a request for Direct Loan or where the Department is not the bond issuer, the Underwriter will not develop independent estimates of EGI, Total Operating Expenses, or NOI. The Applicant's NOI will generally be characterized as reasonable, subject to review for compliance with Underwriting Rules and Guidelines.

(4) Debt Coverage Ratio. DCR is calculated by dividing NOI by the sum of the debt service payments on all permanent or foreclosable lien(s) with scheduled and periodic payment requirements, including any required debt service on a Direct Loan subject to the applicable Notice of Funding Availability (NOFA) or other program requirements, and any on-going loan related fees such as credit enhancement fees or loan servicing fees. If executed loan documents do not exist, loan terms including principal and interest payments are calculated based on the terms indicated in the most current term sheet(s). Otherwise, actual terms indicated in the executed loan documents will be used. Term sheet(s) must indicate the minimum DCR required by the lender for initial underwriting as well as for stabilization purposes. Unusual or non-traditional financing structures may also be considered.

(A) Interest Rate. The rate documented in the term sheet(s) or loan document(s) will be used for debt service calculations. Term sheets indicating a variable interest rate must provide the base rate index or methodology for determining the variable rate index and any component rates comprising an all-in interest rate. The term sheet(s) must state the lender's underwriting interest rate assumption, or the Applicant must submit a separate statement from the lender with an estimate of the interest rate as of the date of such statement. At initial underwriting, the Underwriter may adjust the underwritten interest rate assumption based on market data collected on similarly structured transactions or rate index history. Private Mortgage Insurance premiums and similar fees are not included in the interest rate but calculated on outstanding principal balance and added to the total debt service payment.

(B) Amortization Period. For purposes of calculating DCR, the permanent lender's amortization period will be used if not less than 30 years and not more than 40 years. Up to 50 years may be used for federally sourced or insured loans. For permanent lender debt with amortization periods less than 30 years, 30 years will be used. For permanent lender debt with amortization periods greater than 40 years, 40 years will be used. For non-Housing Tax Credit transactions a lesser amortization period may be used if the Direct Loans will be fully amortized over the same period as the permanent lender debt.

(C) Repayment Period. For purposes of projecting the DCR over a 30 year period for Developments with permanent financing structures with balloon payments in less than 30 years, the Underwriter will carry forward debt service based on a full amortization at the interest rate stated in the term sheet(s).

(D) Acceptable Debt Coverage Ratio Range. Except as set forth in clauses (i) or (ii) of this subparagraph, the acceptable first year stabilized pro forma DCR must be between a minimum of 1.15 and a maximum of 1.35 (maximum of 1.50 for Housing Tax Credit Developments at cost certification).

(i) If the DCR is less than the minimum, the recommendations of the Report may be based on a reduction to debt service and the Underwriter will make adjustments to the financing structure in the priority order presented in subclauses (I) - (IV) of this clause subject to Direct Loan NOFA requirements and program rules:

(I) A reduction to the interest rate of a Direct Loan;

(II) An increase in the amortization period of a Direct Loan;

(III) A reduction in the principal amount of a Direct Loan; and

(IV) An assumed reduction in the permanent loan amount for non-Department funded loans based upon the rates and terms in the permanent loan term sheet(s) as long as they are within the ranges in subparagraphs (A) and (B) of this paragraph.

(ii) Except for Developments financed with a Direct Loan as the senior debt and the DCR is greater than the maximum, the recommendations of the Report may be based on an increase to debt service and the Underwriter will make adjustments to the assumed financing structure in the priority order presented in subclauses (I) - (III) of this clause subject to Direct Loan NOFA requirements and program rules:

(I) an increase to the interest rate of a Direct Loan up to the lesser of the maximum interest rate pursuant to a Direct Loan NOFA or the interest rate on

any senior permanent debt or if no senior permanent debt a market rate determined by the Underwriter based on current market interest rates;

(II) or a decrease in the amortization period on a Direct Loan but not less than 30 years; and

(III) an assumed increase in the permanent loan amount for non-Department proposed financing based upon the rates and terms in the permanent loan term sheet as long as they are within the ranges in subparagraphs (A) and (B) of this paragraph.

(iii) For Housing Tax Credit Developments, a reduction in the recommended Housing Credit Allocation Amount may be made based on the Gap Method described in subsection (c)(2) of this section as a result of an increased debt assumption, if any.

(iv) For Developments financed with a Direct Loan subordinate to FHA financing, DCR on the Direct Loan will be calculated using 75% of the Surplus Cash (or other amount if identified in a Direct Loan NOFA).

(v) The Underwriter may limit total debt service that is senior to a Direct Loan to produce an acceptable DCR on the Direct Loan and may limit total debt service if the Direct Loan is the senior primary debt.

(5) Long Term Pro forma. The Underwriter will create a 30-year operating pro forma using the criteria provided in subparagraphs (A) to (C) of this paragraph:

(A) The Underwriter's or Applicant's first year stabilized pro forma as determined by paragraph (3) of this subsection.

(B) A 2% annual growth factor is utilized for income and a 3% annual growth factor is utilized for operating expenses except for management fees that are calculated based on a percentage of each year's EGI.

(C) Adjustments may be made to the long term pro forma if satisfactory support documentation is provided by the Applicant or as independently determined by the Underwriter.

**(e) Total Housing Development Costs.** The Department's estimate of the Total Housing Development Cost will be based on the Applicant's Development cost schedule to the extent that costs can be verified to a reasonable degree of certainty with documentation from the Applicant and tools available to the Underwriter. For New Construction Developments, the Underwriter's total cost estimate will be used unless the Applicant's Total Housing Development Cost is within 5% of the Underwriter's estimate. The Department's estimate of the Total Housing Development Cost for Rehabilitation Developments or Adaptive Reuse

Developments will be based on the estimated cost provided in the SCR for the scope of work as defined by the Applicant and §11.306(a)(5) of this chapter (relating to SCR Guidelines); the Underwriter may make adjustments to the SCR estimated costs. If the Applicant's cost estimate is utilized and the Applicant's line item costs are inconsistent with documentation provided in the Application or program rules, the Underwriter may make adjustments to the Applicant's Total Housing Development Cost. For Competitive Housing Tax Credit Applications, the Underwriter will adjust an Applicant's cost schedule line item to meet program rules. Underwriter will not make subsequent adjustments to the application to meet feasibility requirements as a result of the initial adjustment required to meet program rules.

(1) Acquisition Costs.

(A) Land, Acquisition and Rehabilitation, Reconstruction, and Adaptive Reuse Acquisition.

(i) For a non-identity of interest acquisition with no building acquisition cost in basis or when the acquisition is not part of the Direct Loan eligible cost and not subject to the appraisal requirements in the Uniform Relocation Assistance and Act of 1970, the underwritten acquisition cost will be the amount(s) reflected in the Site Control document(s) for the Property. At Cost Certification, the acquisition cost used will be the actual amount paid as verified by the settlement statement.

(ii) For an identity of interest acquisition or when required by the Uniform Relocation Assistance and Acquisition Act of 1970 the underwritten acquisition cost will be the lesser of the amount reflected in the Site Control documents for the property or the appraised value as determined by an appraisal that meets the requirements of §11.304 of this chapter (relating to Appraisal Rules and Guidelines). An appraisal is not required if the land or building are donated to the proposed Development, and no costs of acquisition appear on the Development Cost Schedule. An acquisition will be considered an identity of interest transaction when an Affiliate of the seller is an Affiliate of, or a Related Party to, any Owner at any level of the Development Team or a Related Party lender; and

(I) is the current owner in whole or in part of the Property as of the first date of the Application Acceptance Period or the Application Acceptance Date for Direct Loans; or

(II) has or had within the prior 36 months the legal or beneficial ownership of the property or any portion thereof or interest therein regardless of ownership percentage, control or profit participation prior to the first day of the Application Acceptance Period or in the case of a tax-exempt bond or 4% tax credit application the Application Date.

(iii) For all identity of interest acquisitions, the cost used at cost certification will be limited to the acquisition cost underwritten in the initial Underwriting of the Application.

(iv) In cases where more land will be acquired (by the Applicant or a Related Party) than will be utilized as the Development Site and the remainder acreage is not accessible for use by tenants or dedicated as permanent and maintained green space, the value ascribed to the proposed Development Site will be prorated based on acreage from the total cost reflected in the Site Control document(s) or the appraisal, if an appraisal is required. An appraisal containing segregated values for the total acreage to be acquired, the acreage for the Development Site and the remainder acreage may be used by the Underwriter in making a proration determination based on relative value. The Underwriter will not utilize a prorated value greater than the total amount in the Site Control document(s).

(B) USDA Rehabilitation Developments. The underwritten acquisition cost for developments financed by USDA will be the transfer value approved by USDA.

(C) Eligible Basis on Acquisition of Buildings. Building acquisition cost included in Eligible Basis is limited to the appraised value of the buildings, exclusive of land value, as determined by an appraisal that meets the requirements of §11.304 of this chapter (relating to Appraisal Rules and Guidelines). If the acquisition cost in the Site Control documents is less than the appraised value, Underwriter will utilize the land value from the appraisal and adjust the building acquisition cost accordingly.

(2) Off-Site Costs. The Underwriter will only consider costs of Off-Site Construction that are well documented and certified to by a Third Party engineer on the required Application forms with supporting documentation.

(3) Site Work Costs. The Underwriter will only consider costs of Site Work, including site amenities, that are well documented and certified to by a Third Party engineer on the required Application forms with supporting documentation.

(4) Building Costs.

(A) New Construction and Reconstruction. The Underwriter will use the Marshall and Swift Residential Cost Handbook, other comparable published Third-Party cost estimating data sources, historical final cost certifications of previous Housing Tax Credit developments and other acceptable cost data available to the Underwriter to estimate Building Cost. Generally, the "Average Quality" multiple, townhouse, or single family costs, as appropriate, from the Marshall and Swift Residential Cost Handbook or other comparable published Third-Party data source, will be used based upon details provided in the Application and particularly building plans and elevations. Costs for multi-level parking structures must be supported by a cost estimate from a Third Party contractor

with demonstrated experience in structured parking construction. The Underwriter will consider amenities, specifications and development types not included in the Average Quality standard. The Underwriter may consider a sales tax exemption for nonprofit General Contractors.

(B) Rehabilitation and Adaptive Reuse.

(i) The Applicant must provide a scope of work and narrative description of the work to be completed. The narrative should speak to all Off-Site Construction, Site Work, and building components including finishes and equipment, and development amenities. The narrative should be in sufficient detail so that the reader can understand the work and it must generally be arranged consistent with the line-items on the SCR Supplement and must also be consistent with the Development Cost Schedule of the Application.

(ii) The Underwriter will use cost data provided on the SCR Supplement if adequately described and substantiated in the SCR report as the basis for estimating Total Housing Development Costs.

(5) Contingency. Total contingency, including any soft cost contingency, will be limited to a maximum of 7% of Building Cost plus Site Work and Off-Site Construction for New Construction and Reconstruction Developments, and 10% of Building Cost plus Site Work and Off-Site Construction for Rehabilitation and Adaptive Reuse Developments. For Housing Tax Credit Developments, the percentage is applied to the sum of the eligible Building Cost, eligible Site Work costs and eligible Off-Site Construction costs in calculating the eligible contingency cost.

(6) General Contractor Fee. General Contractor fees include general requirements, contractor overhead, and contractor profit. General requirements include, but are not limited to, on-site supervision or construction management, off-site supervision and overhead, jobsite security, equipment rental, storage, temporary utilities, and other indirect costs. General Contractor fees are limited to a total of 14% on Developments with Hard Costs of \$3 million or greater, the lesser of \$420,000 or 16% on Developments with Hard Costs less than \$3 million and greater than \$2 million, and the lesser of \$320,000 or 18% on Developments with Hard Costs at \$2 million or less. Any contractor fees to Affiliates or Related Party subcontractors regardless of the percentage of the contract sum in the construction contract (s) will be treated collectively with the General Contractor Fee limitations. Any General Contractor fees above this limit will be excluded from Total Housing Development Costs. For Housing Tax Credit Developments, the percentages are applied to the sum of the Eligible Hard Costs in calculating the eligible contractor fees. For Developments also receiving financing from USDA, the combination of builder's general requirements, builder's overhead, and builder's profit should not exceed the lower of TDHCA or USDA requirements. Additional fees for ineligible costs will be limited to the same percentage of ineligible Hard Costs but will not be included in Eligible Basis.

(7) Developer Fee.

(A) For Housing Tax Credit Developments, the Developer Fee included in Eligible Basis cannot exceed 15% of the project's eligible costs, less Developer Fee, for Developments proposing 50 Units or more and 20% of the project's eligible costs, less Developer Fee, for Developments proposing 49 Units or less. If the Development is an additional phase, proposed by any Principal of the existing tax credit Development, the Developer Fee may not exceed 15%, regardless of the number of Units.

(B) For Housing Tax Credit Developments, any additional Developer Fee claimed for ineligible costs will be limited to the same percentage but applied only to ineligible Hard Costs. Any Developer Fee above this limit will be excluded from Total Housing Development Costs. All fees to Affiliates or Related Parties for work or guarantees determined by the Underwriter to be typically completed or provided by the Developer or Principal(s) of the Developer will be considered part of Developer Fee.

(C) For Housing Tax Credit Developments, Eligible Developer Fee is multiplied by the appropriate Applicable Percentage depending on whether it is attributable to acquisition or rehabilitation basis.

(D) For non-Housing Tax Credit Developments, the percentage can be up to 7.5%, but is based upon Total Housing Development Cost less the sum of the fee itself, land costs, the costs of permanent financing, excessive construction period financing described in paragraph (8) of this subsection, reserves, and any identity of interest acquisition cost.

(8) Financing Costs. All fees required by the construction lender, permanent lender and equity partner must be indicated in the term sheets. Eligible construction period interest is limited to the lesser of actual eligible construction period interest, or the interest on one year's fully drawn construction period loan funds at the construction period interest rate indicated in the term sheet(s). For tax-exempt bond transactions up to 24 months of interest may be included. Any excess over this amount will not be included in Eligible Basis. Construction period interest on Related Party or Affiliate construction loans is only included in Eligible Basis with documentation satisfactory to the Underwriter that the loan will be at a market interest rate, fees and loan terms and the Related Party lender can demonstrate that it is routinely engaged in construction financing to unrelated parties.

(9) Reserves. Except for the underwriting of a Housing Tax Credit Development at cost certification, the Underwriter will utilize the amount presented in the Applicant's Development Cost Schedule up to twelve months of stabilized operating expenses plus debt service (up to twenty-four months for USDA or HUD-financed rehabilitation transactions). Reserve amounts exceeding these limits will be excluded from Total Housing Development Costs. Pursuant to §10.404(c) of this title (relating to Operative Reserve Accounts), and for the underwriting of a Housing Tax Credit Development at cost certification, operating reserves that will be maintained for a minimum period of five years and documented in the

Owner's partnership agreement or the permanent lender's loan documents will be included as a development cost.

(10) Soft Costs. Eligible soft costs are generally costs that can be capitalized in the basis of the Development for tax purposes. The Underwriter will evaluate and apply the allocation of these soft costs in accordance with the Department's prevailing interpretation of the Code. Generally the Applicant's costs are used however the Underwriter will use comparative data and Third Party CPA certification as to the capitalization of the costs to determine the reasonableness of all soft costs. For Tax-Exempt Bond Developments that do not include a request for Direct Loan or where the Department is not the bond issuer, the Underwriter will not develop independent estimates for Building Cost or Soft Costs. The Applicant's Total Housing Development Cost and Total Eligible Cost will generally be characterized as reasonable, subject to review for compliance with Underwriting Rules and Guidelines.

(11) Additional Tenant Amenities. For Housing Tax Credit Developments and after submission of the cost certification package, the Underwriter may consider costs of additional building and site amenities (suitable for the Target Population being served) proposed by the Owner in an amount not to exceed 1.5% of the originally underwritten Hard Costs. The additional amenities must be included in the LURA.

(12) Special Reserve Account. For Housing Tax Credit Developments at cost certification, the Underwriter may include a deposit of up to \$1,000 per Unit into a Special Reserve Account as a Development Cost.

**(f) Development Team Capacity and Development Plan.**

(1) The Underwriter will evaluate and report on the overall capacity of the Development Team by reviewing aspects, including but not limited to those identified in subparagraphs (A) - (D) of this paragraph:

(A) Personal credit reports for development sponsors, Developer Fee recipients and those individuals anticipated to provide guarantee(s) in cases when warranted. The Underwriter may evaluate the credit report and identify any bankruptcy, state or federal tax liens or other relevant credit risks for compliance with eligibility and debarment requirements as found in Chapter 2 of this title (relating to Enforcement);

(B) Quality of construction, Rehabilitation, and ongoing maintenance of previously awarded housing developments by review of construction inspection reports, compliance on-site visits, findings of UPCS violations and other information available to the Underwriter;

(C) For Housing Tax Credit Developments, repeated or ongoing failure to timely submit cost certifications, requests for and clearance of final inspections, and timely response to deficiencies in the cost certification process; and

(D) Adherence to obligations on existing or prior Department funded developments with respect to program rules and documentation.

(2) While all components of the Development plan may technically meet the other individual requirements of this section, a confluence of serious concerns and unmitigated risks identified during the underwriting process may result in an Application being determined to be infeasible by the Underwriter. Any recommendation made under this subsection to deny an Application for a Grant, Direct Loan or Housing Credit Allocation is subject to Appeal as further provided for in §11.902 of this chapter (relating to Appeals).

**(g) Other Underwriting Considerations.** The Underwriter will evaluate additional feasibility elements as described in paragraphs (1) - (4) of this subsection.

(1) Interim Operating Income. Interim operating income listed as a source of funds must be supported by a detailed lease-up schedule and analysis.

(2) Floodplains. The Underwriter evaluates the site plan, floodplain map, survey and other information provided to determine if any of the buildings, drives, or parking areas reside within the 100-year floodplain. If such a determination is made by the Underwriter, the Report will include a condition that:

(A) The Applicant must pursue and receive a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR-F); or

(B) The Applicant must identify the cost of flood insurance for the buildings within the 100-year floodplain and certify that the flood insurance will be obtained; and

(C) The Development must be proposed to be designed to comply with the QAP, Program Rules and NOFA, and applicable Federal or state requirements.

(3) Proximity to Other Developments. The Underwriter will identify in the Report any Developments funded or known and anticipated to be eligible for funding within one linear mile of the subject. Distance is measured in a straight line from nearest boundary point to nearest boundary point.

(4) Direct Loans. In accordance with the requirements of 24 CFR §§92.250 and 93.300(b), a request for a Direct Loan will not be recommended for approval if the first year stabilized pro forma Cash Flow, after deducting any payment due to the Developer on a deferred developer fee loan and scheduled payments on cash flow loans, divided by the Development Owner's equity exceeds 10%, or a higher amount not to exceed 12% may be

approved by the underwriter for unique ownership capital structures or as allowed by a federally insured loan program. For this purpose, Cash Flow may be adjusted downward by the Applicant electing to commit any Cash Flow in excess of the limitation to a special reserve account, in accordance with §10.404(d) of this title. For capital structures without Development Owner equity, a maximum of 75% of on-going Cash Flow, after deducting any payment due to the Developer on a deferred developer fee loan and scheduled payments on cash flow loans, may be distributed to the Development Owner and the remaining 25% must be deposited to a special reserve account, in accordance with §10.404(d) of this title. If the Direct Loan is not recommended for approval, the remaining feasibility considerations under this section will be based on a revised sources schedule that does not contain the Direct Loan. This standard will also be used when the Development Owner is seeking approval for a request for a subordination agreement or a refinance.

**(h) Work Out Development.** Developments that are underwritten subsequent to Board approval in order to refinance or gain relief from restrictions may be considered infeasible based on the guidelines in this section, but may be characterized as "the best available option" or "acceptable available option" depending on the circumstances and subject to the discretion of the Underwriter as long as the option analyzed and recommended is more likely to achieve a better financial outcome for the property and the Department than the status quo.

**(i) Feasibility Conclusion.** A Development will be characterized as infeasible if paragraph (1) or (2) of this subsection applies. The Development will be characterized as infeasible if one or more of paragraphs (3) or (4) of this subsection, applies unless paragraph (5)(B) of this subsection also applies.

(1) Gross Capture Rate, AMGI Band Capture Rates, and Individual Unit Capture Rate. The method for determining capture rates for a Development is defined in §11.303 of this chapter (relating to Market Analysis Rules and Guidelines). The Underwriter will verify the conclusions of the capture rates and may, at their discretion, use independently acquired demographic data to calculate demand and may make a determination of the capture rates based upon an analysis of the Sub-market. The Development:

(A) Is characterized as an Elderly Development and the Gross Capture Rate or any AMGI band capture rate exceeds 10%; or

(B) Is outside a Rural Area and targets the general population, and the Gross Capture Rate or any AMGI band capture rate exceeds 10% (or 15% for Tax-Exempt Bond Developments located in an MSA (as defined in the HTC Site Demographics Characteristics Report) with a population greater than one million if the average physical occupancy is 92.5% or greater for all stabilized affordable housing developments located within a 20 minute drive time, as supported by the Market Analyst, from the subject Development); or

(C) Is in a Rural Area and targets the general population, and:

(i) contains total Units of 120 or less, and the Gross Capture Rate or any AMGI band capture rate exceeds 30%; or

(ii) contains more than 120 total Units, and the Gross Capture Rate or any AMGI band capture rate exceeds 10%; or

(D) Is Supportive Housing and the Gross Capture Rate or any AMGI band capture rate exceeds 30%; or

(E) Has an Individual Unit Capture Rate for any Unit Type greater than 65%; and

(F) Developments meeting the requirements of subparagraph (A), (B), (C), (D) or (E) of this paragraph may avoid being characterized as infeasible if clause (i) or (ii) of this subparagraph apply:

(i) Replacement Housing. The proposed Development is comprised of affordable housing which replaces previously existing affordable housing within the Primary Market Area as defined in §11.303 of this chapter (relating to Market Analysis Rules and Guidelines) on a Unit for Unit basis, and gives the displaced tenants of the previously existing affordable housing a leasing preference; or

(ii) Existing Housing. The proposed Development is comprised of existing affordable housing, whether defined by an existing land use and rent restriction agreement or if the subject rents are at or below 50% AMGI rents, which is at least 50% occupied and gives displaced existing tenants a leasing preference as stated in a relocation plan.

(2) Deferred Developer Fee. Applicants requesting an allocation of tax credits where the estimated Deferred Developer Fee, based on the underwritten capitalization structure, is not repayable from Cash Flow within the first 15 years of the long term pro forma as described in subsection (d)(5) of this section.

(3) Initial Feasibility.

(A) Except when underwritten at cost certification, the first year stabilized pro forma operating expense divided by the first year stabilized pro forma Effective Gross Income is greater than 68% for Rural Developments 36 Units or less, and 65% for all other Developments.

(B) The first year DCR is below 1.15 (1.00 for USDA Developments).

(4) Long Term Feasibility. The Long Term Pro forma reflects:

(A) A Debt Coverage Ratio below 1.15 at any time during years two through fifteen; or

(B) Negative Cash Flow at any time throughout the term of a Direct Loan, or at any time during years two through fifteen for applications that do not include a request for a Direct Loan.

(5) Exceptions. The infeasibility conclusions will not apply if:

(A) The Executive Director of the Department finds that documentation submitted by the Applicant at the request of the Underwriter will support unique circumstances that will provide mitigation.

(B) Developments not meeting the requirements of one or more of paragraphs (3)(A) or (4) of this subsection will be re-characterized as feasible if one or more of clauses (i) - (v) of this subparagraph apply. A Development financed with a Direct Loan, including a Supportive Housing Development, will not be re-characterized as feasible with respect to paragraph (4)(B) of this subsection. The Development:

(i) will receive Project-based Section 8 Rental Assistance or the HUD Rental Assistance Demonstration Program for at least 50% of the Units and a firm commitment, with terms including Contract Rent and number of Units, is submitted at Application;

(ii) will receive rental assistance for at least 50% of the Units in association with USDA financing;

(iii) will be characterized as public housing as defined by HUD for at least 50% of the Units;

(iv) meets the requirements under §11.1(d)(125)(E)(i) of this chapter (relating to the Definition of Supportive Housing) and there is an executed guaranty agreement, to fund operating deficits over the entire Affordability Period; or

(v) has other long term project based restrictions on rents for at least 50% of the Units that allow rents to increase based upon expenses and the Applicant's proposed rents are at least 10% lower than both the Net Program Rent and Market Rent.

### §11.303. Market Analysis Rules and Guidelines.

**(a) General Provision.** A Market Analysis prepared for the Department must evaluate the need for decent, safe, and sanitary housing at rental rates or sales prices that eligible tenants can afford. The analysis must determine the feasibility of the subject Development rental rates or sales price, and state conclusions as to the impact of the Development with respect to the

determined housing needs. The Market Analysis must include a statement that the report preparer has read and understood the requirements of this section. The Market Analysis must also include a statement that the person or company preparing the Market Analysis is a disinterested party and will not materially benefit from the Development in any other way than receiving a fee for performing the Market Analysis, and that the fee is in no way contingent upon the outcome of the Market Analysis. The report must also include the following statement, "any person signing this Report acknowledges that the Department may publish the full report on the Department's website, release the report in response to a request for public information and make other use of the report as authorized by law."

**(b) Self-Contained.** A Market Analysis prepared for the Department must allow the reader to understand the market data presented, the analysis of the data, and the conclusions derived from such data. All data presented should reflect the most current information available and the report must provide a parenthetical (in-text) citation or footnote describing the data source. The analysis must clearly lead the reader to the same or similar conclusions reached by the Market Analyst. All steps leading to a calculated figure must be presented in the body of the report.

**(c) Market Analyst Qualifications.** A Market Analysis submitted to the Department must be prepared and certified by an approved Qualified Market Analyst. (§2306.67055) The Department will maintain an approved Market Analyst list based on the guidelines set forth in paragraphs (1) - (2) of this subsection.

(1) The approved Qualified Market Analyst list will be updated and published annually on or about November 1st. If not listed as an approved Qualified Market Analyst by the Department, a Market Analyst may request approval by submitting items in subparagraphs (A) - (F) of this paragraph at least 30 calendar days prior to the first day of the competitive tax credit Application Acceptance Period or 30 calendar days prior to submission of any other application for funding for which the Market Analyst must be approved. An already approved Qualified Market Analyst will remain on the list so long as at least one (1) Market Analysis has been submitted to the Department in the previous 12 months or items (A), (B), (C) and (E) are submitted prior to October 1st. Otherwise, the Market Analyst will automatically be removed from the list. Submission items include:

(A) Franchise Tax Account Status from the Texas Comptroller of Public Accounts (not applicable for sole proprietorships);

(B) A current organization chart or list reflecting all members of the firm who may author or sign the Market Analysis. A firm with multiple offices or locations must indicate all members expected to be providing Market Analysis;

(C) Resumes for all members of the firm or subcontractors who may author or sign the Market Analysis;

(D) General information regarding the firm's experience including references, the number of previous similar assignments and timeframes in which previous assignments were completed;

(E) Certification from an authorized representative of the firm that the services to be provided will conform to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the Application Round in which each Market Analysis is submitted; and

(F) A sample Market Analysis that conforms to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the year in which the sample Market Analysis is submitted.

(2) During the underwriting process each Market Analysis will be reviewed and any discrepancies with the rules and guidelines set forth in this section may be identified and require timely correction. Subsequent to the completion of the Application Round and as time permits, staff or a review appraiser will re-review a sample set of submitted market analyses to ensure that the Department's Market Analysis Rules and Guidelines are met. If it is found that a Market Analyst has not conformed to the Department's Market Analysis Rules and Guidelines, as certified to, the Market Analyst will be notified of the discrepancies in the Market Analysis and will be removed from the approved Qualified Market Analyst list.

(A) In and of itself, removal from the list of approved Market Analysts will not invalidate a Market Analysis commissioned prior to the removal date and at least 90 days prior to the first day of the applicable Application Acceptance Period.

(B) To be reinstated as an approved Qualified Market Analyst, the Market Analyst must amend the previous report to remove all discrepancies or submit a new sample Market Analysis that conforms to the Department's Market Analysis Rules and Guidelines, as described in this section, in effect for the year in which the updated or new sample Market Analysis is submitted.

**(d) Market Analysis Contents.** A Market Analysis for a rental Development prepared for the Department must be organized in a format that follows a logical progression and must include, at minimum, items addressed in paragraphs (1) - (13) of this subsection.

(1) Title Page. Include Development address or location, effective date of analysis, date report completed, name and address of person authorizing report, and name and address of Market Analyst.

(2) Letter of Transmittal. The date of the letter must be the date the report was completed. Include Development's address or location, description of Development, statement as to purpose and scope of analysis, reference to accompanying Market Analysis report with effective date of analysis and summary of conclusions, date of Property inspection, name of

persons inspecting subject Property, and signatures of all Market Analysts authorized to work on the assignment. Include a statement that the report preparer has read and understood the requirements of this section.

(3) Table of Contents. Number the exhibits included with the report for easy reference.

(4) Market Analysis Summary. Include the Department's Market Analysis Summary exhibit.

(5) Assumptions and Limiting Conditions. Include a description of all assumptions, both general and specific, made by the Market Analyst concerning the Property.

(6) Identification of the Real Estate. Provide a statement to acquaint the reader with the Development. Such information includes street address, tax assessor's parcel number(s), and Development characteristics.

(7) Statement of Ownership. Disclose the current owners of record and provide a three year history of ownership for the subject Development.

(8) Primary Market Area. A limited geographic area from which the Development is expected to draw most of its demand. The size and shape of the PMA should be reflective of proximity to employment centers, services and amenities and contain the most significant areas from which to draw demand. All of the Market Analyst's conclusions specific to the subject Development must be based on only one PMA definition. The Market Analyst must adhere to the methodology described in this paragraph when determining the market area. (§2306.67055)

(A) The PMA will be defined by the Market Analyst as:

(i) geographic size based on a base year population no larger than necessary to provide sufficient demand but no more than 100,000 people;

(ii) boundaries based on U.S. census tracts; and

(iii) the population of the PMA may exceed 100,000 if the amount over the limit is contained within a single census tract.

(B) The Market Analyst's definition of the PMA must include:

(i) a detailed narrative specific to the PMA explaining:

(I) How the boundaries of the PMA were determined with respect to census tracts chosen and factors for including or excluding certain census tracts in proximity to the Development;

(II) Whether a more logical market area within the PMA exists but is not definable by census tracts and how this subsection of the PMA supports the rationale for the defined PMA;

(III) What are the specific attributes of the Development's location within the PMA that would draw prospective tenants from other areas of the PMA to relocate to the Development;

(IV) What are the specific attributes, if known, of the Development itself that would draw prospective tenants currently residing in other areas of the PMA to relocate to the Development;

(V) If the PMA crosses county lines, discuss the different income and rent limits in each county and how these differing amounts would affect the demand for the Development;

(VI) For rural Developments, discuss the relative draw (services, jobs, medical facilities, recreation, schools, etc.) of the Development's immediate local area (city or populous area if no city) in comparison to its neighboring local areas (cities, or populous areas if no cities), in and around the PMA. A rural PMA should not include significantly larger more populous areas unless the analyst can provide substantiation and rationale that the tenants would migrate to the Development's location from the larger cities;

(VII) Discuss and quantify current and planned single-family and non-residential construction (include permit data if available); and

(VIII) Other housing issues in general, if pertinent;

(ii) a complete demographic report for the defined PMA;

(iii) a scaled distance map indicating the PMA boundaries showing relevant U.S. census tracts with complete 11-digit identification numbers in numerical order with labels as well as the location of the subject Development and all comparable Developments. The map must indicate the total square miles of PMA; and

(iv) a proximity table indicating distance from the Development to employment centers, medical facilities, schools, entertainment and any other amenities relevant to the potential residents and include drive time estimates.

(C) Comparable Units. Identify developments in the PMA with Comparable Units. In PMAs lacking sufficient rent comparables, it may be necessary for the Market Analyst to collect data from markets with similar characteristics and make quantifiable and

qualitative location adjustments. Provide a data sheet for each comparable development consisting of:

- (i) development name;
- (ii) address;
- (iii) year of construction and year of Rehabilitation, if applicable;
- (iv) property condition;
- (v) Target Population;
- (vi) unit mix specifying number of Bedrooms, number of baths, Net Rentable Area including:
  - (I) monthly rent and Utility Allowance; or
  - (II) sales price with terms, marketing period and date of sale;
- (vii) description of concessions;
- (viii) list of unit amenities;
- (ix) utility structure;
- (x) list of common amenities;
- (xi) narrative comparison of its proximity to employment centers and services relative to targeted tenant population of the subject property; and
- (xii) for rental developments only, the occupancy and turnover.

(9) Market Information.

(A) Identify the number of units for each of the categories in clauses (i) - (vi) of this subparagraph, if applicable:

- (i) total housing;
- (ii) all multi-family rental developments, including unrestricted and market-rate developments, whether existing, under construction or proposed;
- (iii) Affordable housing;

- (iv) Comparable Units;
- (v) Unstabilized Comparable Units; and
- (vi) proposed Comparable Units.

(B) Occupancy. The occupancy rate indicated in the Market Analysis may be used to support the overall demand conclusion for the proposed Development. State the overall physical occupancy rate for the proposed housing tenure (renter or owner) within the defined market areas by:

- (i) number of Bedrooms;
- (ii) quality of construction (class);
- (iii) Target Population; and
- (iv) Comparable Units.

(C) Absorption. State the absorption trends by quality of construction (class) and absorption rates for Comparable Units.

(D) Demographic Reports must include:

- (i) All demographic reports must include population and household data for a five year period with the year of Application submission as the base year;
- (ii) All demographic reports must provide sufficient data to enable calculation of income-eligible, age-, size-, and tenure-appropriate household populations;
- (iii) For Elderly Developments, all demographic reports must provide a detailed breakdown of households by age and by income; and
- (iv) A complete copy of all demographic reports relied upon for the demand analysis, including the reference index that indicates the census tracts on which the report is based.

(E) Demand. Provide a comprehensive evaluation of the need for the proposed housing for the Development as a whole and each Unit Type by number of Bedrooms proposed and rent restriction category within the defined market areas using the most current census and demographic data available.

- (i) Demographics. The Market Analyst should use demographic data specific to the characteristics of the households that will be living in the proposed Development.

For example, the Market Analyst should use demographic data specific to the elderly populations (and any other qualifying residents for Elderly Developments) to be served by an Elderly Development, if available, and should avoid making adjustments from more general demographic data. For HOME-ARP, demand for Qualifying Populations must be identified in accordance with Section VI B.10.a.ii of CPD Notice 21-10. If adjustment rates are used based on more general data for any of the criteria described in subclauses (I) - (V) of this clause, they should be clearly identified and documented as to their source in the report.

(I) Population. Provide population and household figures, supported by actual demographics, for a five year period with the year of Application submission as the base year.

(II) Target. If applicable, adjust the household projections for the qualifying demographic characteristics such as the minimum age of the population to be served by the proposed Development.

(III) Household Size-Appropriate. Adjust the household projections or target household projections, as applicable, for the appropriate household size for the proposed Unit Type by number of Bedrooms proposed and rent restriction category based on 2 persons per Bedroom or one person for Efficiency Units.

(IV) Income Eligible. Adjust the household size appropriate projections for income eligibility based on the income bands for the proposed Unit Type by number of Bedrooms proposed and rent restriction category with:

(-a-) the lower end of each income band calculated based on the lowest gross rent proposed divided by 40% for the general population and 50% for elderly households; and

(-b-) the upper end of each income band equal to the applicable gross median income limit for the largest appropriate household size based on 2 persons per Bedroom (round up) or one person for Efficiency Units.

(V) Tenure-Appropriate. Adjust the income-eligible household projections for tenure (renter or owner). If tenure appropriate income eligible target household data is available, a tenure appropriate adjustment is not necessary.

(ii) Gross Demand. Gross Demand is defined as the sum of Potential Demand from the PMA, Demand from Other Sources, and External Demand.

(iii) Potential Demand. Potential Demand is defined as the number of income-eligible, age-, size-, and tenure-appropriate target households in the designated market area at the proposed placed in service date.

(I) Maximum eligible income is equal to the applicable gross median income limit for the largest appropriate household size.

(II) For Developments targeting the general population:

(-a-) minimum eligible income is based on a 40% rent to income ratio;

(-b-) appropriate household size is defined as two persons per Bedroom (rounded up); and

(-c-) the tenure-appropriate population for a rental Development is limited to the population of renter households.

(III) For Developments consisting solely of single family residences on separate lots with all Units having three or more Bedrooms:

(-a-) minimum eligible income is based on a 40% rent to income ratio;

(-b-) appropriate household size is defined as two persons per Bedroom (rounded up); and

(-c-) Gross Demand includes both renter and owner households.

(IV) For Elderly Developments:

(-a-) minimum eligible income is based on a 50% rent to income ratio; and

(-b-) Gross Demand includes all household sizes and both renter and owner households within the age range (and any other qualifying characteristics) to be served by the Elderly Development.

(V) For Supportive Housing:

(-a-) minimum eligible income is \$1; and

(-b-) households meeting the occupancy qualifications of the Development (data to quantify this demand may be based on statistics beyond the defined PMA but not outside the historical service area of the Applicant).

(VI) For Developments with rent assisted units (Project Based Vouchers, Project-Based Rental Assistance, Public Housing Units):

(-a-) minimum eligible income for the assisted units is \$1; and

(-b-) maximum eligible income for the assisted units is the minimum eligible income of the corresponding affordable unit.

(iv) For External Demand, assume an additional 10% of Potential Demand from the PMA to represent demand coming from outside the PMA.

(v) For Demand from Other Sources:

(I) the source of additional demand and the methodology used to calculate the additional demand must be clearly stated;

(II) consideration of Demand from Other Sources is at the discretion of the Underwriter;

(III) Demand from Other Sources must be limited to households that are not included in Potential Demand; and

(IV) if households with Section 8 vouchers are identified as a source of demand, the Market Study must include:

(-a-) documentation of the number of vouchers administered by the local Housing Authority; and

(-b-) a complete demographic report for the area in which the vouchers are distributed.

(F) Employment. Provide a comprehensive analysis of employment trends and forecasts in the Primary Market Area. Analysis must discuss existing or planned employment opportunities with qualifying income ranges.

(10) Conclusions. Include a comprehensive evaluation of the subject Property, separately addressing each housing type and specific population to be served by the Development in terms of items in subparagraphs (A) - (J) of this paragraph. All conclusions must be consistent with the data and analysis presented throughout the Market Analysis.

(A) Unit Mix. Provide a best possible unit mix conclusion based on the occupancy rates by Bedroom type within the PMA and target, income-eligible, size-appropriate and tenure-appropriate household demand by Unit Type and income type within the PMA.

(B) Rents. Provide a separate Market Rent conclusion for each proposed Unit Type by number of Bedrooms and rent restriction category. Conclusions of Market Rent below the maximum Net Program Rent limit must be well documented as the conclusions may impact the feasibility of the Development under §11.302(i) of this chapter (relating to Feasibility Conclusion). In support of the Market Rent conclusions, provide a separate

attribute adjustment matrix for each proposed Unit Type by number of Bedrooms and rental restriction category. For HOME-ARP, Units for Qualified Populations will be underwritten at \$0 income, unless the Unit has project-based rental assistance or subsidy, or is supported by a capitalized operating reserve agreement.

(i) The Department recommends use of HUD Form 92273.

(ii) A minimum of three developments must be represented on each attribute adjustment matrix.

(iii) Adjustments for concessions must be included, if applicable.

(iv) Adjustments for proximity and drive times to employment centers and services narrated in the Comparable Unit description, and the rationale for the amount of the adjustments must be included.

(v) Total adjustments in excess of 15% must be supported with additional narrative.

(vi) Total adjustments in excess of 25% indicate the Units are not comparable for the purposes of determining Market Rent conclusions.

(C) Effective Gross Income. Provide rental income, secondary income, and vacancy and collection loss projections for the subject derived independent of the Applicant's estimates.

(D) For Demand:

(i) state the Gross Demand for each Unit Type by number of Bedrooms proposed and rent restriction category (e.g. one-Bedroom Units restricted at 50% of AMGI; two-Bedroom Units restricted at 60% of AMGI);

(ii) state the Gross Demand for the proposed Development as a whole. If some households are eligible for more than one Unit Type due to overlapping eligible ranges for income or household size, Gross Demand should be adjusted to avoid including households more than once; and

(iii) state the Gross Demand generated from each AMGI band. If some household incomes are included in more than one AMGI band, Gross Demand should be adjusted to avoid including households more than once.

(E) Relevant Supply. The Relevant Supply of proposed and Unstabilized Comparable Units includes:

(i) the proposed subject Units to be absorbed;

(ii) Comparable Units in previously approved Developments in the PMA that have no achieved 90% occupancy for a minimum of 90 days. Approved Developments should be determined by:

(I) the HTC Property Inventory that is published on the Department's website as of December 31, 2022, for competitive housing tax credit Applications;

(II) the most recent HTC Property Inventory that is published on the Department's website one month prior to the Application date of non-competitive housing tax credit and Direct Loan Applications.

(iii) proposed and Unstabilized Comparable Units that are located in close proximity to the subject PMA if they are likely to share eligible demand or if the PMAs have overlapping census tracts. Underwriter may require Market Analyst to run a combined PMA including eligible demand and Relevant Supply from the combined census tracts; the Gross Capture Rate generated from the combined PMA must meet the feasibility criteria as defined in §11.302(i) (relating to Feasibility Conclusion).

(F) Gross Capture Rate. The Gross Capture Rate is defined as the Relevant Supply divided by the Gross Demand. Refer to §11.302(i) of this chapter (relating to Feasibility Conclusion).

(G) Individual Unit Capture Rate. For each Unit Type by number of Bedrooms and rent restriction categories, the individual unit capture rate is defined as the Relevant Supply of proposed and Unstabilized Comparable Units divided by the eligible demand for that Unit. Some households are eligible for multiple Unit Types. In order to calculate individual unit capture rates, each household is included in the capture rate for only one Unit Type.

(H) Capture Rate by AMGI Band. For each AMGI band (30%, 40%, 50%, 60%, and also 20%, 70%, and 80% if the Applicant will make the Income Average election), the capture rate by AMGI band is defined as Relevant Supply of proposed and Unstabilized Comparable Units divided by the eligible demand from that AMGI band. Some households are qualified for multiple income bands. In order to calculate AMGI band rates, each household is included in the capture rate for only one AMGI band.

(I) Absorption. Project an absorption period for the subject Development to achieve Breakeven Occupancy. State the absorption rate.

(J) Market Impact. Provide an assessment of the impact the subject Development, as completed, will have on existing Developments supported by Housing Tax Credits in the Primary Market. (§2306.67055)

(11) Photographs. Provide labeled color photographs of the subject Property, the neighborhood, street scenes, and comparables. An aerial photograph is desirable but not mandatory.

(12) Appendices. Any Third Party reports including demographics relied upon by the Market Analyst must be provided in appendix form. A list of works cited including personal communications also must be provided, and the Modern Language Association (MLA) format is suggested.

(13) Qualifications. Current Franchise Tax Account Status from the Texas Comptroller of Public Accounts (not applicable for sole proprietorships) and any changes to items listed in subsection (c)(1)(B) and (C) of this section (relating to Market Analyst Qualifications).

**(e) The Department reserves the right to require the Market Analyst to address such other issues** as may be relevant to the Department's evaluation of the need for the subject Development and the provisions of the particular program guidelines.

**(f) In the event that the PMA for a subject Development overlaps the PMA's of other proposed or Unstabilized comparable Developments,** the Underwriter may perform an extended Sub-Market Analysis considering the combined PMA's and all proposed and Unstabilized Units in the extended Sub-Market Area; the Gross Capture Rate from such an extended Sub-Market Area analysis may be used by the Underwriter as the basis for a feasibility conclusion.

**(g) All Applicants shall acknowledge,** by virtue of filing an Application, that the Department shall not be bound by any such opinion or Market Analysis, and may substitute its own analysis and underwriting conclusions for those submitted by the Market Analyst.

#### [§11.304.Appraisal Rules and Guidelines.](#)

##### **(a) General Provision.**

(1) An appraisal prepared for the Department must conform to the Uniform Standards of Professional Appraisal Practice (USPAP) as adopted by the Appraisal Standards Board of the Appraisal Foundation. The appraisal must be prepared by a general certified appraiser by the Texas Appraisal Licensing and Certification Board. The appraisal must include a statement that the report preparer has read and understood the requirements of this section. The appraisal must include a statement that the person or company preparing the appraisal, or reviewing the appraisal, is a disinterested party and will not materially benefit from the Development in any other way than receiving a fee for performing the appraisal and that the fee is in no way contingent upon the outcome of the appraisal.

(2) If an appraisal is required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, the appraisal must also meet the requirements of 49 CFR Part 24 and HUD Handbook 1378. (b) Self-Contained. An appraisal prepared for the Department must describe sufficient and adequate data and analyses to support the final opinion of value. The final value(s) must be reasonable, based on the information included. Any Third Party reports relied upon by the appraiser must be verified by the appraiser as to the validity of the data and the conclusions.

**(b) Appraiser Qualifications.** The appraiser must be appropriately certified or licensed by the Texas Appraiser Licensing and Certification Board.

**(c) Appraisal Contents.** An appraisal prepared for the Department must be organized in a format that follows a logical progression. In addition to the contents described in USPAP Standards Rule 2, the appraisal must include items addressed in paragraphs (1) - (12) of this subsection.

(1) Title Page. Include a statement identifying the Department as the client, acknowledging that the Department is granted full authority to rely on the findings of the report, and name and address of person authorizing report. The title page must also include the following statement, "any person signing this Report acknowledges that the Department may publish the full report on the Department's website, release the report in response to a request for public information and make other use of the report as authorized by law."

(2) Letter of Transmittal. Include reference to accompanying appraisal report, reference to all person(s) that provided significant assistance in the preparation of the report, date of report, effective date of appraisal, date of property inspection, name of person(s) inspecting the property, tax assessor's parcel number(s) of the site, estimate of marketing period, and signatures of all appraisers authorized to work on the assignment including the appraiser who inspected the property. (3) Table of Contents. Number the exhibits included with the report for easy reference.

(4) Disclosure of Competency. Include appraiser's qualifications, detailing education and experience.

(5) Statement of Ownership of the Subject Property. Discuss all prior sales of the subject Property which occurred within the past three years. Any pending agreements of sale, options to buy, or listing of the subject Property must be disclosed in the appraisal report.

(6) Property Rights Appraised. Include a statement as to the property rights (e.g., fee simple interest, leased fee interest, leasehold, etc.) being considered. The appropriate interest must be defined in terms of current appraisal terminology with the source cited.

(7) Site/Improvement Description. Discuss the site characteristics including subparagraphs (A) - (E) of this paragraph.

(A) Physical Site Characteristics. Describe dimensions, size (square footage, acreage, etc.), shape, topography, corner influence, frontage, access, ingress-egress, etc. associated with the Development Site. Include a plat map or survey.

(B) Floodplain. Discuss floodplain (including flood map panel number) and include a floodplain map with the subject Property clearly identified.

(C) Zoning. Report the current zoning and description of the zoning restrictions and any deed restrictions, where applicable, and type of Development permitted. Any probability of change in zoning should be discussed. A statement as to whether or not the improvements conform to the current zoning should be included. A statement addressing whether or not the improvements could be rebuilt if damaged or destroyed, should be included. If current zoning is not consistent with the highest and best use, and zoning changes are reasonable to expect, time and expense associated with the proposed zoning change should be considered and documented. A zoning map should be included.

(D) Description of Improvements. Provide a thorough description and analysis of the improvements including size (Net Rentable Area, gross building area, etc.), use (whether vacant, occupied by owner, or being rented), number of residents, number of stories, number of buildings, type/quality of construction, condition, actual age, effective age, exterior and interior amenities, items of deferred maintenance, energy efficiency measures, etc. All applicable forms of depreciation should be addressed along with the remaining economic life.

(E) Environmental Hazards. It is recognized appraisers are not experts in such matters and the impact of such deficiencies may not be quantified; however, the report should disclose any potential environmental hazards (such as discolored vegetation, oil residue, asbestos-containing materials, lead-based paint etc.) noted during the inspection.

(8) Highest and Best Use. Market Analysis and feasibility study is required as part of the highest and best use. The highest and best use analysis should consider paragraph (7)(A) - (E) of this subsection as well as a supply and demand analysis.

(A) The appraisal must inform the reader of any positive or negative market trends which could influence the value of the appraised Property. Detailed data must be included to support the appraiser's estimate of stabilized income, absorption, and occupancy.

(B) The highest and best use section must contain a separate analysis "as if vacant" and "as improved" (or "as proposed to be improved/renovated"). All four elements (legally

permissible, physically possible, feasible, and maximally productive) must be considered.

(9) Appraisal Process. It is mandatory that all three approaches, Cost Approach, Sales Comparison Approach and Income Approach, are considered in valuing the Property. If an approach is not applicable to a particular property an adequate explanation must be provided. A land value estimate must be provided if the Cost Approach is not applicable.

(A) Cost Approach. This approach should give a clear and concise estimate of the cost to construct the subject improvements. The source(s) of the cost data should be reported.

(i) Cost comparables are desirable; however, alternative cost information may be obtained from Marshall & Swift Valuation Service or similar publications. The section, class, page, etc. should be referenced. All soft costs and entrepreneurial profit must be addressed and documented.

(ii) All applicable forms of depreciation must be discussed and analyzed. Such discussion must be consistent with the description of the improvements.

(iii) The land value estimate should include a sufficient number of sales which are current, comparable, and similar to the subject in terms of highest and best use. Comparable sales information should include address, legal description, tax assessor's parcel number(s), sales price, date of sale, grantor, grantee, three year sales history, and adequate description of property transferred. The final value estimate should fall within the adjusted and unadjusted value ranges. Consideration and appropriate cash equivalent adjustments to the comparable sales price for subclauses (I) - (VII) of this clause should be made when applicable:

(I) Property rights conveyed;

(II) Financing terms;

(III) Conditions of sale;

(IV) Location;

(V) Highest and best use;

(VI) Physical characteristics (e.g., topography, size, shape, etc.); and

(VII) Other characteristics (e.g., existing/proposed entitlements, special assessments, etc.).

(B) Sales Comparison Approach. This section should contain an adequate number of sales to provide the Underwriter with a description of the current market conditions concerning this property type. Sales data should be recent and specific for the property type being appraised. The sales must be confirmed with buyer, seller, or an individual knowledgeable of the transaction.

(i) Sales information should include address, legal description, tax assessor's parcel number(s), sales price, financing considerations and adjustment for cash equivalency, date of sale, recordation of the instrument, parties to the transaction, three year sale history, complete description of the Property and property rights conveyed, and discussion of marketing time. A scaled distance map clearly identifying the subject and the comparable sales must be included.

(ii) The method(s) used in the Sales Comparison Approach must be reflective of actual market activity and market participants.

(I) Sale Price/Unit of Comparison. The analysis of the sale comparables must identify, relate, and evaluate the individual adjustments applicable for property rights, terms of sale, conditions of sale, market conditions, and physical features. Sufficient narrative must be included to permit the reader to understand the direction and magnitude of the individual adjustments, as well as a unit of comparison value indicator for each comparable.

(II) Net Operating Income/Unit of Comparison. The Net Operating Income statistics for the comparables must be calculated in the same manner. It should be disclosed if reserves for replacement have been included in this method of analysis. At least one other method should accompany this method of analysis.

(C) Income Approach. This section must contain an analysis of both the actual historical and projected income and expense aspects of the subject Property.

(i) Market Rent Estimate/Comparable Rental Analysis. This section of the report should include an adequate number of actual market transactions to inform the reader of current market conditions concerning rental Units. The comparables must indicate current research for this specific property type. The comparables must be confirmed with the landlord, tenant or agent and individual data sheets must be included. The individual data sheets should include property address, lease terms, description of the property (e.g., Unit Type, unit size, unit mix, interior amenities, exterior amenities, etc.), physical characteristics of the property, and location of the comparables. Analysis of the Market Rents should be sufficiently detailed to permit the reader to understand the appraiser's logic and rationale. Adjustment for lease rights, condition of the lease, location, physical characteristics of the property, etc. must be considered.

(ii) Comparison of Market Rent to Contract Rent. Actual income for the subject along with the owner's current budget projections must be reported, summarized, and analyzed. If such data is unavailable, a statement to this effect is required and appropriate assumptions and limiting conditions should be made. The Contract Rents should be compared to the market-derived rents. A determination should be made as to whether the Contract Rents are below, equal to, or in excess of market rates. If there is a difference, its impact on value must be qualified.

(iii) Vacancy/Collection Loss. Historical occupancy data and current occupancy level for the subject should be reported and compared to occupancy data from the rental comparables and overall occupancy data for the subject's Primary Market.

(iv) Expense Analysis. Actual expenses for the subject, along with the owner's projected budget, must be reported, summarized, and analyzed. If such data is unavailable, a statement to this effect is required and appropriate assumptions and limiting conditions should be made. Historical expenses should be compared to comparables expenses of similar property types or published survey data (such as IREM, BOMA, etc.). Any expense differences should be reconciled. Include historical data regarding the subject's assessment and tax rates and a statement as to whether or not any delinquent taxes exist.

(v) Capitalization. The appraiser should present the capitalization method(s) reflective of the subject market and explain the omission of any method not considered in the report.

(I) Direct Capitalization. The primary method of deriving an overall rate is through market extraction. If a band of investment or mortgage equity technique is utilized, the assumptions must be fully disclosed and discussed.

(II) Yield Capitalization (Discounted Cash Flow Analysis). This method of analysis should include a detailed and supportive discussion of the projected holding/investment period, income and income growth projections, occupancy projections, expense and expense growth projections, reversionary value and support for the discount rate.

(10) Value Estimates. Reconciliation of final value estimates is required. The Underwriter may request additional valuation information based on unique existing circumstances that are relevant for deriving the market value of the Property.

(A) All appraisals shall contain a separate estimate of the "as vacant" market value of the underlying land, based upon current sales comparables. The "as vacant" value assumes that there are no improvements on the property and therefore demolition costs should not be considered. The appraiser should consider the fee simple or leased fee interest as appropriate.

(B) For existing Developments with any project-based rental assistance that will remain with the property after the acquisition, the appraisal must include an "as-is as-currently-restricted value at current contract rents." For public housing converting to project-based rental assistance, the appraiser must provide a value based on the future restricted rents. The value used in the analysis may be based on the unrestricted market rents if supported by the appraisal. Regardless of the rents used in the valuation, the appraiser must consider any other on-going restrictions that will remain in place even if not affecting rents. If the rental assistance has an impact on the value, such as use of a lower capitalization rate due to the lower risk associated with rental rates or occupancy rates on project-based developments, this must be fully explained and supported to the satisfaction of the Underwriter.

(C) For existing Developments with rent restrictions, the appraisal must include the "as-is as-restricted" value. In particular, the value must be based on the proposed restricted rents when deriving the value based on the income approach.

(D) For all other existing Developments, the appraisal must include the "as-is" value.

(E) For any Development with favorable financing (generally below market debt) that will remain in place and transfer to the new owner, the appraisal must include a separate value for the existing favorable financing with supporting information.

(F) If required the appraiser must include a separate assessment of personal property, furniture, fixtures, and equipment (FF&E) or intangible items. If personal property, FF&E, or intangible items are not part of the transaction or value estimate, a statement to such effect should be included.

(11) Marketing Time. Given property characteristics and current market conditions, the appraiser(s) should employ a reasonable marketing period. The report should detail existing market conditions and assumptions considered relevant.

(12) Photographs. Provide good quality color photographs of the subject Property (front, rear, and side elevations, on-site amenities, interior of typical Units if available). Photographs should be properly labeled. Photographs of the neighborhood, street scenes, and comparables should be included. An aerial photograph is desirable but not mandatory.

**(d) Additional Appraisal Concerns.** The appraiser(s) must be aware of the Department program rules and guidelines and the appraisal must include analysis of any impact to the subject's value.

## §11.305.Environmental Site Assessment Rules and Guidelines.

**(a) General Provisions.** The Environmental Site Assessments (ESA) prepared for the Department must be conducted and reported in conformity with the standards of the American Society for Testing and Materials (ASTM). The initial report must conform with the Standard Practice for Environmental Site Assessments: Phase I Assessment Process (ASTM Standard Designation: E1527-13 or any subsequent standards as published). Any subsequent reports should also conform to ASTM standards and such other recognized industry standards as a reasonable person would deem relevant in view of the Property's anticipated use for human habitation. The ESA shall be conducted by a Third Party environmental professional at the expense of the Applicant, and addressed to the Department as a User of the report (as defined by ASTM standards). Copies of reports provided to the Department which were commissioned by other financial institutions must either address Texas Department of Housing and Community Affairs as a co-recipient of the report or letters from both the provider and the recipient of the report may be submitted extending reliance on the report to the Department. The ESA report must also include a statement that the person or company preparing the ESA report will not materially benefit from the Development in any other way than receiving a fee for performing the ESA, and that the fee is in no way contingent upon the outcome of the assessment. The report must also include the following statement, "any person signing this Report acknowledges that the Department may publish the full report on the Department's website, release the report in response to a request for public information and make other use of the report as authorized by law." The ESA report must contain a statement indicating the report preparer has read and understood the requirements of this section.

**(b) In addition to ASTM requirements,** the report must:

- (1) State if a noise study is recommended for a property in accordance with current HUD guidelines and identify its proximity to industrial zones, major highways, active rail lines, civil and military airfields, or other potential sources of excessive noise;
- (2) Provide a copy of a current survey, if available, or other drawing of the site reflecting the boundaries and adjacent streets, all improvements on the site, and any items of concern described in the body of the ESA or identified during the physical inspection;
- (3) Provide a copy of the current FEMA Flood Insurance Rate Map showing the panel number and encompassing the site with the site boundaries precisely identified and superimposed on the map;
- (4) If the subject Development Site includes any improvements or debris from pre-existing improvements, state if testing for Lead Based Paint or asbestos containing materials would be required pursuant to local, state, and federal laws, or recommended due to any other consideration;

(5) State if testing for lead in the drinking water would be required pursuant to local, state, and federal laws, or recommended due to any other consideration such as the age of pipes and solder in existing improvements. For all Rehabilitation Developments, the ESA provider must state whether the on-site plumbing is a potential source of lead in drinking water;

(6) Assess the potential for the presence of Radon on the Development Site, and recommend specific testing if necessary;

(7) Identify and assess the presence of oil, gas or chemical pipelines, processing facilities, storage facilities or other potentially hazardous explosive activities (does not include liquified petroleum gas containers with a capacity of less than 125 gallons on-site or within 0.25 miles of the site that could potentially adversely impact the Development. Location of these items must be shown on a drawing or map in relation to the Development Site and all existing or future improvements. The drawing must depict any blast zones (in accordance with HUD guidelines) and include HUD blast zone calculations; and

(8) Include a vapor encroachment screening in accordance with the ASTM "Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transactions" (E2600-10 or any subsequent standards as published).

**(c) If the report recommends further studies** or establishes that environmental hazards currently exist on the Property, or are originating off-site, but would nonetheless affect the Property, the Development Owner must act on such a recommendation, or provide a plan for either the abatement or elimination of the hazard. Evidence of action or a plan for the abatement or elimination of the hazard must be presented upon Application submittal.

**(d) For Developments in programs that allow a waiver of the Phase I ESA** such as an existing USDA funded Development, the Development Owners are hereby notified that it is their responsibility to ensure that the Development is maintained in compliance with all state and federal environmental hazard requirements.

**(e) Those Developments which have or are to receive first lien financing from HUD** may submit HUD's environmental assessment report, provided that it conforms to the requirements of this section.

#### [§11.306.Scope and Cost Review Guidelines.](#)

**(a) General Provisions.** The objective of the Scope and Cost Review Report (SCR) required for Rehabilitation Developments (excluding Reconstruction) and Adaptive Reuse Developments is to provide a self-contained report that provides a comprehensive description and evaluation of the current conditions of the Development and identifies a scope of work for the proposed repairs, replacements and improvements to an existing multifamily property or identifies a

scope of work for the conversion of a non-multifamily property to multifamily use. The SCR author must evaluate the sufficiency of the Applicant's scope of work and provide an independent review of the Applicant's proposed costs. The report must be in sufficient detail for the Underwriter to fully understand all current conditions, scope of work and cost estimates. It is the responsibility of the Applicant to ensure that the scope of work and cost estimates submitted in the Application is provided to the author. The SCR must include a copy of the Development Cost Schedule submitted in the Application. The report must also include the following statement, "any person signing this Report acknowledges that the Department may publish the full report on the Department's website, release the report in response to a request for public information and make other use of the report as authorized by law."

**(b) For Rehabilitation Developments**, the SCR must include analysis in conformity with the ASTM "Standard Guide for Property Condition Assessments. Baseline Property Condition Assessment Process (ASTM Standard Designation: E 2018, or any subsequent standards as published)" except as provided for in subsections (f) and (g) of this section.

**(c) The SCR must include good quality color photographs** of the subject Real Estate (front, rear, and side elevations, on-site amenities, interior of the structure). Photographs should be properly labeled.

**(d) The SCR must also include discussion and analysis of:**

(1) Description of Current Conditions. For both Rehabilitation and Adaptive Reuse, the SCR must contain a detailed description with good quality photographs of the current conditions of all major systems and components of the Development regardless of whether the system or component will be removed, repaired or replaced. For historic structures, the SCR must contain a description with photographs of each aspect of the building(s) that qualifies it as historic and must include a narrative explaining how the scope of work relates to maintaining the historic designation of the Development. Replacement or relocation of systems and components must be described;

(2) Description of Scope of Work. The SCR must provide a narrative of the consolidated scope of work either as a stand-alone section of the report or included with the description of the current conditions for each major system and components. Any New Construction must be described. Plans or drawings (that are in addition to any plans or drawings otherwise required by rule) and that relate to any part of the scope of work should be included, if available;

(3) Useful Life Estimates. For each system and component of the property the SCR must estimate its remaining useful life, citing the basis or the source from which such estimate is derived;

(4) Code Compliance. The SCR must document any known violations of any applicable federal, state, or local codes. In developing the cost estimates specified herein, it is the

responsibility of the Applicant to ensure that the SCR adequately considers any and all applicable federal, state, and local laws and regulations which are applicable and govern any work and potentially impact costs. For Applications requesting Direct Loan funding from the Department, the SCR author must include a comparison between the local building code and the International Existing Building Code of the International Code Council;

(5) Program Rules. The SCR must assess the extent to which any systems or components must be modified, repaired, or replaced in order to comply with any specific requirements of the housing program under which the Development is proposed to be financed, the Department's Uniform Physical Condition Standards, and any scoring criteria including amenities for which the Applicant may claim points. It is the responsibility of the Applicant to inform the report author of those requirements in the scope of work; for Direct Loan Developments this includes, but is not limited to the requirements in the Lead-Based Paint Poisoning Prevention Act (42 USC §§4821-4846), the Residential Lead- Based Paint Hazard Reduction Act of 1992 (42 USC §§4851-4856), and implementing regulations, Title X of the 1992 Housing and Community Development Act at 24 CFR Part 35 (including subparts A, B, J, K, and R), and the Lead: Renovation, Repair, and Painting Program Final Rule and Response to Children with Environmental Intervention Blood Lead Levels (40 CFR Part 745);

(6) Accessibility Requirements. The SCR report must include an analysis of compliance with the Department's accessibility requirements pursuant to Chapter 1, Subchapter B and §11.101(b)(8) of this title (relating to Site and Development Requirements and Restrictions) and identify the specific items in the scope of work and costs needed to ensure that the Development will meet these requirements upon Rehabilitation (including conversion and Adaptive Reuse);

(7) Reconciliation of Scope of Work and Costs. The SCR report must include the Department's Scope and Cost Review Supplement (SCR Supplement) with the signature of the SCR author. The SCR Supplement must reconcile the scope of work and costs of the immediate physical needs identified by the SCR author with the Applicant's scope of work and costs. The costs presented on the SCR Supplement must be consistent with both the scope of work and immediate costs identified in the body of the SCR report and the Applicant's scope of work and costs as presented in the Application. Variations between the costs listed on the SCR Supplement and the costs listed in the body of the SCR report or on the Applicant's Development Cost Schedule must be reconciled in a narrative analysis from the SCR provider. The consolidated scope of work and costs shown on the SCR Supplement will be used by the Underwriter in the analysis to the extent adequately supported in the report; and

(8) Cost Estimates. The Development Cost Schedule and SCR Supplement must include all costs identified below:

(A) Immediately Necessary Repairs and Replacement. For all Rehabilitation developments, and Adaptive Reuse developments if applicable, immediately necessary

repair and replacement should be identified for systems or components which are expected to have a remaining useful life of less than one year, which are found to be in violation of any applicable codes, which must be modified, repaired or replaced in order to satisfy program rules, or which are otherwise in a state of deferred maintenance or pose health and safety hazards. The SCR must provide a separate estimate of the costs associated with the repair, replacement, or maintenance of each system or component which is identified as being an immediate need, citing the basis or the source from which such cost estimate is derived.

(B) Proposed Repair, Replacement, or New Construction. If the development plan calls for additional scope of work above and beyond the immediate repair and replacement items described in subparagraph (A) of this paragraph, the additional scope of work must be evaluated and either the nature or source of obsolescence to be cured or improvement to the operations of the Property discussed. The SCR must provide a separate estimate of the costs associated with the additional scope of work, citing the basis or the source from which such cost estimate is derived.

(C) Reconciliation of Costs. The combined costs described in subparagraphs (A) and (B) of this paragraph should be consistent with the costs presented on the Applicant's Development Cost Schedule and the SCR Supplement.

(D) Expected Repair and Replacement Over Time. The term during which the SCR should estimate the cost of expected repair and replacement over time must equal the lesser of 30 years or the longest term of any land use or regulatory restrictions which are, or will be, associated with the provision of housing on the Property. The SCR must estimate the periodic costs which are expected to arise for repairing or replacing each system or component or the property, based on the estimated remaining useful life of such system or component as described in paragraph (1) of this subsection adjusted for completion of repair and replacement immediately necessary and proposed as described in subparagraphs (A) and (B) of this paragraph. The SCR must include a separate table of the estimated long term costs which identifies in each line the individual component of the property being examined, and in each column the year during the term in which the costs are estimated to be incurred for a period and no less than 30 years. The estimated costs for future years should be given in both present dollar values and anticipated future dollar values assuming a reasonable inflation factor of not less than 2.5% per annum.

**(e) Any costs not identified and discussed in sufficient detail** in the SCR as part of subsection (d)(6), (d)(8)(A) and (d)(8)(B) of this section will not be included in the underwritten Total Development Cost in the Report.

**(f) If a copy of such standards or a sample report have been provided for the Department's review**, if such standards are widely used, and if all other criteria and requirements described in this section are satisfied, the Department will also accept copies of reports commissioned or

required by the primary lender for a proposed transaction, which have been prepared in accordance with:

- (1) Fannie Mae's criteria for Physical Needs Assessments;
- (2) Federal Housing Administration's criteria for Project Capital Needs Assessments;
- (3) Freddie Mac's guidelines for Engineering and Property Condition Reports; and
- (4) USDA guidelines for Capital Needs Assessment.

**(g) The Department may consider for acceptance reports prepared according to other standards** which are not specifically named in this section, if a copy of such standards or a sample report have been provided for the Department's review, if such standards are widely used, and if all other criteria and requirements described in this section are satisfied.

**(h) The SCR shall be conducted by a Third Party at the expense of the Applicant,** and addressed to Texas Department of Housing and Community Affairs as the client. Copies of reports provided to the Department which were commissioned by other financial institutions should address Texas Department of Housing and Community Affairs as a co-recipient of the report, or letters from both the provider and the recipient of the report should be submitted extending reliance on the report to Texas Department of Housing and Community Affairs.

**(i) The SCR report must include a statement that the individual or company preparing the SCR report will not materially benefit from the Development** in any other way than receiving a fee for performing the SCR. Because of the Department's heavy reliance on the independent cost information, the provider must not be a Related Party to or an Affiliate of any other Development Team member. The SCR report must contain a statement indicating the report preparer has read and understood the requirements of this section.

**(j) The SCR report must include the Department's SCR Compliance checklist** containing the signatures of both the Applicant and SCR author.

**(k) Scope of Work Narrative.** For Tax-Exempt Bond Developments that do not include a request for Direct Loan or where the Department is not the bond issuer, a Scope and Cost Review prepared by a Third Party is not required. The application must provide a Scope of Work Narrative, consisting of:

- (1) A detailed description of the current conditions of all major systems and components of the Development regardless of whether the system or component will be removed, repaired or replaced;

(2) For historic structures, a description of each aspect of the building(s) that qualifies it as historic, including a narrative explaining how the scope of work relates to maintaining the historic designation of the Development; and

(3) a narrative of the consolidated scope of work for the proposed rehabilitation for each major system and components.

## SUBCHAPTER E. FEE SCHEDULE, APPEALS, AND OTHER PROVISIONS

### 10 TAC §§11.901 - 11.907

---

#### §11.901.Fee Schedule.

Any unpaid fees, as stated in this section, will cause an Applicant to be ineligible to apply for Department funding, ineligible to receive additional Department funding associated with a Commitment, Determination Notice or Contract, and ineligible to submit extension requests, ownership transfers, and Application amendments until such time the Department receives payment. Payments of the fees shall be in the form of a check and to the extent there are insufficient funds available, it may cause the Application, Commitment, Determination Notice or Contract to be terminated or Allocation rescinded. Other forms of payment may be considered on a case-by-case basis. Applicants will be required to pay any insufficient payment fees charged to the Department by the State Comptroller. The Executive Director may extend the deadline for specific extenuating and extraordinary circumstances, unless prohibited by other parts of this Chapter, provided the Applicant submits a written request for an extension to a fee deadline no later than five business days prior to the deadline associated with the particular fee.

**(1) Competitive Housing Tax Credit Pre-Application Fee.** A pre-application fee, in the amount of \$10 per Unit, based on the total number of Units reflected in the pre-application, must be submitted with the pre-application in order for the pre-application to be considered accepted by the Department. Pre-applications in which a Community Housing Development Corporation (CHDO) or a private Qualified Nonprofit Organization intends to serve as the Managing General Partner of the Development Owner, or Control the Managing General Partner of the Development Owner, may be eligible to receive a discount of 10% off the calculated pre-application fee provided such documentation is submitted with the fee. (§2306.6716(d))

**(2) Refunds of Pre-application Fees.** (§2306.6716(c)) Upon written request from the Applicant, the Department shall refund the balance of the pre-application fee for a pre-application that is withdrawn by the Applicant and that is not fully processed by the Department. The amount of refund will be commensurate with the level of review completed. Initial processing will constitute 50% of the review, threshold review prior to a deficiency being issued will constitute 30% of the review, and review after deficiencies are submitted and reviewed will constitute 20% of the review. In no instance will a refund of the pre-application fee be made after the Full Application Delivery Date.

**(3) Application Fee.** Each Application must be accompanied by an Application fee.

(A) Housing Tax Credit Applications. For Applicants having submitted a Competitive Housing Tax Credit pre-application which met the pre-application threshold requirements, and for which a pre-application fee was paid, the Application fee will be \$20 per Unit based on the

total number of Units in the full Application. Otherwise, the Application fee will be \$30 per Unit based on the total number of Units in the full Application. Applications in which a CHDO or Qualified Nonprofit Organization intends to serve as the Managing General Partner of the Development Owner, or Control the Managing General Partner of the Development Owner, may be eligible to receive a discount of 10% off the calculated Application fee, provided such documentation is submitted with the fee. (§2306.6716(d))

(B) Direct Loan Applications. The fee will be \$1,000 per Application except for those Applications that are layered with Housing Tax Credits and submitted simultaneously with the Housing Tax Credit Application. Pursuant to Tex. Gov't Code §2306.147(b), the Department is required to waive Application fees for private nonprofit organizations that offer expanded services such as child care, nutrition programs, job training assistance, health services, or human services and if HOME funds are awarded. In lieu of the Application fee, these organizations must include proof of their exempt status and a description of their supportive services as part of the Application. The Application fee is not a reimbursable cost under the HOME Program.

**(4) Refunds of Application Fees.** Upon written request from the Applicant, the Department shall refund the balance of the Application fee for an Application that is withdrawn by the Applicant and that is not fully processed by the Department. The withdrawal must occur prior to any Board action regarding eligibility or appeal. The amount of refund will be commensurate with the level of review completed. Initial processing will constitute 10% of the review, the site visit will constitute 10% of the review, program evaluation review will constitute 40% of the review, and the underwriting review will constitute 40% of the review. For Competitive HTC Applications, in no instance will a refund of the Application fee be made after final awards are made in July.

**(5) Third Party Underwriting Fee.** Applicants will be notified in writing prior to the evaluation in whole or in part of a Development by an independent external underwriter if such a review is required. The fee must be received by the Department prior to the engagement of the underwriter. The fees paid by the Development Owner to the Department for the external underwriting will be credited against the Commitment or Determination Notice Fee, as applicable, established in paragraphs (6) and (7) of this section, in the event that a Commitment or Determination Notice is issued by the Department to the Development Owner.

**(6) Housing Tax Credit Commitment Fee.** No later than the expiration date in the Commitment, a fee equal to 4% of the annual Housing Credit Allocation amount must be submitted. If the Development Owner has paid the fee and returns the credits by November 1 of the current Application Round, then a refund of 50% of the Commitment Fee may be issued upon request.

**(7) Tax Exempt Bond Development Determination Notice Fee.** No later than the expiration date in the Determination Notice, a fee equal to 4% of the annual Housing Credit Allocation amount must be submitted. If the Development Owner has paid the fee and is not able close on the bonds, then a refund of 50% of the Determination Notice Fee may be issued upon request.

The refund must be requested no later than 30 days after the Certificate of Reservation deadline.

**(8) Tax-Exempt Bond Credit Increase Request Fee.** Requests for increases to the credit amounts to be issued on IRS Forms 8609 than what was reflected in the Determination Notice for Tax-Exempt Bond Developments must be submitted with a fee equal to 4% of the amount of the credit increase for one year.

**(9) Extension Fees.** All extension requests for deadlines relating to the Carryover, 10% Test (submission and expenditure), Construction Status Reports, or Cost Certification requirements submitted at least 30 calendar days in advance of the applicable original deadline will not be required to submit an extension fee. Any extension request submitted fewer than 30 days in advance or after the original deadline must be accompanied by an extension fee of \$2,500. Fees for each subsequent extension request on the same activity will increase by increments of \$500, regardless of whether the first request was submitted thirty (30) calendar days in advance of the applicable deadline. An extension fee will not be required for extensions requested on Developments that involve Rehabilitation when the Department or U.S. Department of Agriculture (USDA) is the primary lender, if USDA or the Department is the cause for the Applicant not meeting the deadline. For each Construction Status Report received after the applicable deadline, extension fees will be automatically due (regardless of whether an extension request is submitted). Unpaid extension fees related to Construction Status Reports will be accrued and must be paid prior to issuance of IRS Forms 8609. For purposes of Construction Status Reports, each report will be considered a separate activity.

**(10) Amendment Fees.** An amendment request for a non-material change that has not been implemented will not be required to pay an amendment fee. Material amendment requests (whether implemented or not), or non-material amendment requests that have already been implemented will be required to submit an amendment fee of \$2,500 in order for the request to be processed. Fees for each subsequent amendment request related to the same Application will increase by increments of \$500. A subsequent request, related to the same Application, regardless of whether the first request was non-material and did not require a fee, must include a fee of \$3,000. Amendment fees and fee increases are not required for the Direct Loan programs during the Federal Affordability Period.

**(11) Right of First Refusal Fee.** Requests for approval of the satisfaction of the Right of First Refusal provision of the Land Use Restriction Agreement (LURA) must be accompanied by a non-refundable fee of \$2,500.

**(12) Qualified Contract Pre-Request Fee.** A Development Owner must file a preliminary Qualified Contract Request to confirm eligibility to submit a Qualified Contract request. The Pre-Request must be accompanied by a non-refundable processing fee of \$250.

**(13) Qualified Contract Fee.** Upon eligibility approval of the Qualified Contract Pre-Request, the Development Owner may file a Qualified Contract Request. Such request must be accompanied by a non-refundable processing fee of \$3,000.

**(14) Ownership Transfer Fee.** Requests to approve an ownership transfer must be accompanied by a non-refundable processing fee of \$1,000. Ownership Transfer fees are not required for Direct Loan only Developments during the Federal Affordability Period.

**(15) Unused Credit or Penalty Fee for Competitive HTC Applications.** Development Owners who have more tax credits allocated to them than they can substantiate through Cost Certification will return those excess tax credits prior to issuance of IRS Form 8609. A penalty fee equal to the one year credit amount of the lost credits (10% of the total unused tax credit amount) will be required to be paid by the Owner prior to the issuance of IRS Form 8609 if the tax credits are not returned, and 8609's issued, within 180 days of the end of the first year of the credit period. This penalty fee may be waived without further Board action if the Department recaptures and re-issues the returned tax credits in accordance with Code, §42. If an Applicant returns a full credit allocation after the Carryover Allocation deadline required for that allocation, the Executive Director may recommend to the Board the imposition of a penalty on the score for any Competitive Housing Tax Credit Applications submitted by that Applicant or any Affiliate for any Application in an Application Round occurring concurrent to the return of credits as further provided for in §11.9(f) of this chapter (relating to Factors Affecting Scoring and Eligibility in current and future Application Rounds), or if no Application Round is pending, the Application Round immediately following the return of credits. If any such point penalty is recommended to be assessed and presented for final determination by the Board, it must include notice from the Department to the affected party not less than 14 calendar days prior to the scheduled Board meeting. The Executive Director may, but is not required to, issue a formal notice after disclosure if it is determined that the matter does not warrant point penalties.

**(16) Compliance Monitoring Fee.** Upon receipt of the cost certification for HTC Developments, HTC Developments that are layered with Direct Loan funds, or upon the completion of the 24-month development period and the beginning of the repayment period for Direct Loan only Developments, the Department will invoice the Development Owner for compliance monitoring fees. For HTC only the amount due will equal \$40 per low-income unit. For Direct Loan Only Developments the fee will be \$34 per Direct Loan Designated Units. Developments with both HTCs and Direct Loan will only pay one fee equal to \$40 per low income unit. Existing HTC developments with a Land Use Restriction Agreement that require payment of a compliance monitoring fee that receive a second allocation of credit will pay only one fee; the fee required by the original Land Use Restriction Agreement will be disregarded. For HTC Developments, the fee will be collected, retroactively if applicable, beginning with the first year of the credit period. For Direct Loan only Developments, the fee will be collected beginning with the first year of after Project completion. The invoice must be paid prior to the issuance of IRS Form 8609 for HTC properties. For Direct Loan only Developments, the fee must be paid prior to the release of final retainage. Subsequent anniversary dates on which the compliance monitoring

fee payments are due shall be determined by the month the first building is placed in service. Compliance fees may be adjusted from time to time by the Department.

**(17) Public Information Request Fee.** Public information requests are processed by the Department in accordance with the provisions of Tex. Gov't Code, Chapter 552. The Department uses the guidelines promulgated by the Office of the Attorney General to determine the cost of copying and other costs of production.

**(18) Adjustment of Fees by the Department and Notification of Fees.** (§2306.6716(b)) All fees charged by the Department in the administration of the Housing Tax Credit and Direct Loan programs may be revised by the Department from time to time as necessary to ensure that such fees compensate the Department for its administrative costs and expenses. Unless otherwise determined by the Department, all revised fees shall apply to all Applications in process and all Developments in operation at the time of such revisions.

#### [§11.902.Appeals Process.](#)

(a) For Competitive HTC Applications, an Applicant or Development Owner may appeal decisions made by the Department pursuant to Tex. Gov't Code §2306.0321 and §2306.6715 using the process identified in this section. For Tax-Exempt Bond Developments and Direct Loan Developments (not layered with a Competitive HTC Application), an Applicant or Development Owner may appeal decisions made by the Department pursuant to §1.7 of this title (relating to Appeals). Matters that can be appealed include:

- (1) A determination regarding the Application's satisfaction of applicable requirements, Subchapter B of this chapter (relating to Site and Development Requirements and Restrictions) and Subchapter C of this chapter (relating to Application Submission Requirements, Ineligibility Criteria, Board Decisions and Waiver of Rules for Applications), pre-application threshold criteria, and underwriting criteria;
- (2) The scoring of the Application under the applicable selection criteria;
- (3) A recommendation as to the amount of Department funding to be allocated to the Application;
- (4) Misplacement of an Application or parts of an Application, mathematical errors in scoring an Application, or procedural errors resulting in unequal consideration of the Applicant's proposal;
- (5) Denial of a requested change to a Commitment or Determination Notice;
- (6) Denial of a requested change to a loan agreement;

## SUBCHAPTER F. SUPPLEMENTAL HOUSING TAX CREDITS

### 10 TAC §11.1001 - 11.1009

---

#### §11.1001.General.

(a) This subchapter applies only to 2023 Housing Tax Credits (HTC) requested to supplement Competitive HTC awards from the 2021 ceilings or forward commitments of 2022 9% Housing Tax Credits made in 2021, hereinafter referred to as Supplemental Credits. Applications eligible for Supplemental Allocations are only those that received an award from the Competitive 9% HTC ceiling in 2021, including forward commitments of credits made during that year. Applications receiving 2023 credits as part of the regular 2023 Housing Credit Cycle are not subject to the policies in this subchapter. Applicants with 2018, 2019, and 2020 allocations that received Force Majeure treatment in 2021 are prohibited from requesting Supplemental allocations, as are 2022 applicants.

(b) Submissions required to make such a request are considered a supplement to the Original Application. Requests for Supplemental Allocations are not considered Applications under the 2023 HTC Competitive Cycle nor are they part of the 2023 Application Round.

(c) Requests for Supplemental Allocations are not considered an Amendment to the Original Application. Requests for Supplemental Allocations may only include the items described in this subchapter, and submissions may not include changes to the Application that would be classified as an Amendment under §10.405 of this title (relating to Amendments and Extensions). Applicants that have Application changes that would constitute an Amendment must pursue approval of those changes separately by following the process for Amendments identified in §10.405 of this title. Issuance of a Supplemental Allocation does not constitute implicit approval of any items that may require approval as an Amendment.

(d) Any and all required notifications, submissions, satisfaction of deadlines, or resolutions required in association with Housing De-concentration Factors and satisfaction of Housing De-concentration Factor requirements, or resolution of any deficiencies, undertaken by an Applicant in association with their Original Application were satisfactorily addressed in the year of the Original Application, as evidenced by having received an allocation, are considered by extension to have been sufficiently satisfied for the Supplemental Credits with no further actions required by the Applicant.

(e) Funding decisions, satisfaction of deadlines, final scoring, or other Departmental processes that were undertaken in the award year are considered, by extension, to have been sufficiently satisfied for the Supplemental Credits; revisions to costs will not have an impact on points originally awarded for Costs of Development per Square Foot or Leveraging (§§11.9(e)(2) and (4) of this title, respectively).

(f) Developments that have Placed in Service are not eligible to receive Supplemental Credits. Applications awarded in 2021 that have already closed their financing, Applications requesting or being awarded Multifamily Development Loans, and Applications originally funded in 2021 that have been approved for force majeure consideration by the Department's Board are eligible to receive Supplemental Credits. However, for Developments that have contracted for Multifamily Loan funds, the increased expenses must have occurred after the execution date of the Multifamily Contract.

(g) Except where preempted by federal or state law, the Qualified Allocation Plan (QAP) for the year of the original award will continue to apply. Proposed Developments and Applications will maintain their eligibility determinations from the Original Application, along with having met threshold requirements under Subchapters B and C of this Chapter, unless specifically stated otherwise in this subchapter.

(h) All awards of Supplemental Credits will constitute the Department's approval of the original allocation being qualified for Force Majeure and the original allocation will be accompanied with Force Majeure treatment. The previously-executed Carryover Allocation Agreement will be void and a new Carryover Allocation Agreement will be issued that reflects a new total allocation that includes the full amount of the original award plus any Supplemental Credits awarded. The Department's Governing Board may impose a deadline that is earlier than the Placed in Service Deadline and may impose conditions that were not placed on the original allocation.

### §11.1002. Program Calendar for Supplemental Housing Tax Credits.

Supplemental HTC Deadlines. Non-statutory deadlines specifically listed in the Program Calendar may be extended by the Department for a period of not more than 5 business days provided that the Applicant has, in writing, requested an extension prior to the date of the original deadline and has established to the reasonable satisfaction of the Department that there is good cause for the extension.

§11.1003. Maximum Supplemental Housing Tax Credits, Requests, and Award Limits.

(a) Applications for which a request for Supplemental Credits is submitted will not be eligible to receive an allocation from the 2023 Competitive Housing Tax Credit ceiling.

(b) Maximum Supplemental Request Limit for any given Development. Supplemental Allocations are limited to the increase in eligible costs. Supplemental Allocations will not be awarded for costs that were excluded from basis in the underwriting of the original Application.

The limit on Supplemental Credit requests will be announced by the Department no later than December 1, 2022, but will not exceed 15% of the original allocation for each Application that requests Supplemental Credits. The final limit on Supplemental requests may be lower than 15% of the original allocation. For all requests, the Department will consider the amount in the funding request of the Application to be the amount of Housing Tax Credits requested and will reduce the Applicant's request to the maximum allowable under this subsection through the Cost Certification process. (§2306.6711(b)).

(c) Increase in Eligible Basis (30% Boost). Applications having received an increase in Eligible Basis in their Original Application are determined by the Department, on the basis of having been previously determined eligible for this purpose, to be eligible for the basis boost for the Supplemental Allocation. However, at Cost Certification, the credit allocation will be adjusted so that the Development is not over sourced, as determined by the Department.

#### §11.1004.Competitive HTC Set-Asides. (§2306.111(d)).

All Supplemental Allocation amounts will be associated with the Set-Aside for which the Original allocation qualified. Developments having been awarded under a set-aside in 2021 will be considered to meet the set-aside requirements for that same set-aside in 2023. Supplemental Credits issued by the Board will be attributed to each 2023 Set-aside for the 2023 Application round as appropriate (for instance, for a 2021 development awarded out of the 2021 Non-Profit Set-Aside, now receiving \$100,000 in Supplemental Credits, \$100,000 would be attributed to the 2023 Non-Profit Set-Aside).

#### §11.1005.Supplemental Credit Allocation Process.

(a) Intent to Request a Supplemental Allocation. Only those Applicants who submit an Intent to Request a Supplemental Allocation form to the Department by the deadline specified in §11.1002 of this Subchapter (relating to Program Calendar for Supplemental Housing Tax Credits) are eligible to submit a Request for Supplemental Allocation. The Intent to Request a Supplemental Allocation must include at a minimum, the application name and number, the year of the award, the subregion and an estimate of the amount of Supplemental credits being requested.

(b) Request for Supplemental Allocation. Requests for Supplemental Allocations must be received by the deadline specified in §11.1002 of this Subchapter (relating to Program Calendar for Supplemental Housing Tax Credits) in the format required by the Department. Changes in the amount of the Supplemental credits requested between submission of an Intent to Request a Supplemental Allocation and the actual Request for Supplemental Allocation are permitted.

(c) Third Party Requests for Administrative Deficiency. Due to the nature of the Supplemental Credit process and reliance on the Original Application and scores, the Third Party Request for Administrative Deficiency process will not be utilized during the Supplement Allocation process under this subchapter.

#### §11.1006.Procedural Requirements for Supplemental Credit Application Submission.

(a) The procedures and requirements of §11.201 of this chapter (relating to Procedural Requirements for Application Submission) will generally apply to the Supplemental Credit Application, unless otherwise specified in this Subchapter.

(b) The Original Application will be relied upon, as deemed final and reviewed by staff as part of the original award; the request for Supplemental Credits must only include the items authorized in this subchapter. Architectural drawings, or other documents that relate to changes to the Application other than revisions to the financing structure may not be submitted. The Applicant must submit the required documents as a single PDF document and all spreadsheet exhibits must also be provided in a usable spreadsheet format as further specified in the Department's released materials, which will be incorporated into the Original Application by staff, and become the full request for Supplemental Allocation.

#### §11.1007.Required Documentation for Supplemental Credit Application Submission.

The purpose of this section is to identify the threshold documentation that is specific to the request for Supplemental Allocation submission, unless specifically indicated or otherwise required by Department rule. Only those documents listed herein may be submitted.

**(1) Certification, Acknowledgement, and Consent of Development Owner.** A certification of the information in this subchapter as well as Subchapter B of this chapter must be executed by the Development Owner and addresses the specific requirements associated with the Development. The Person executing the certification is responsible for ensuring all individuals referenced therein are in compliance with the certification and that they have given it with all required authority and with actual knowledge of the matters certified. Applicants must certify that there has been no change to the Applicant Eligibility or Original Owner Certification since the Original Application was submitted.

**(2) Site Requirements and Restrictions.** The Applicant must certify that there have been no changes from the Original Application that would require additional disclosure or mitigation, or

**(3) Financing Requirements.** If the Development also has Multifamily Direct Loan Funding from the Department that has not closed by the deadline to submit the Notice to Intent for Supplemental Allocations, the request must include updated exhibits and supporting information required under §11.204(7) of this chapter (relating to Required Documentation for Application Submission), along with construction contracts or contractor bids with a detailed schedule of values to support the Development Cost Schedule. The Financing Narrative should describe changes to the financial structure of the Supplemental Credit Application since the Original Application was submitted. Applicants should utilize 2022 rents in their updated exhibits; any resulting changes to operating expenses must include an explanation and rationale for the changes. Requests must include evidence from the Applicant's equity investor that the additional credits will be purchased and state the dollar value associated with that purchase. Eligible cost increases are not limited to construction costs, additionally, all cost increases must be substantiated. Supplemental Credit Applications that include Rehabilitation or Adaptive Reuse activities must include a letter from the Original Application Scope and Cost Review provider certifying that the scope of the project has not changed from the Original Application; the Development Cost Schedule must be supported by either:

(A) construction contracts or contractor bids, or

(B) an updated Scope and Cost Review Supplement.

**(4) Site Control.** Applicants must certify that there has been no change to Site Control, other than extensions or purchase by the Applicant, since the Original Application was submitted. If the nature of Site Control has changed, Supplemental Credit Applicants must submit the appropriate documentation as described in §11.204(10) of this chapter.

**(5) Zoning.** (§2306.6705(5)) If the zoning status of the Development has changed since the Original Application, the Supplemental Credit Application must include all requirements of §11.204(11) of this chapter (relating to Zoning).

### [§11.1008. Supplemental Credit Applications Underwriting and Loan Policy.](#)

In requests for Supplemental Credits the Total Developer Fee and Developer Fee included in Eligible Basis cannot exceed the Developer Fee amounts in the published Real Estate Analysis report for the Original Application. Requests may not reduce the Deferred Developer Fee from the amount included in the published Real Estate Analysis report for the Original Application, and any updates made to the Original Application that is reflected in an executed Multifamily

Direct Loan Contract. The Real Estate Analysis Division will publish a memo for the Supplemental allocation serving as a supplement to the report for the Original Application.
