

Explanation of At-Risk Pre-Application Log Revised on February 7, 2008

The attached *2008 Pre-Application Log At-Risk Set-Aside* (“At-Risk Pre-Application Log”) only includes applications that applied under the At-Risk Set-Aside and Rehabilitation developments that applied under the USDA Set-Aside. The At-Risk Pre-Application Log, revised on February 7, 2008, is the result of the Department’s Pre-Application evaluation. This log reflects information relating to all 2008 Pre-Applications and *Intent to Request* submissions, pursuant to §50.11(a)(2) of the 2008 Qualified Allocation Plan and Rules (“QAP”). In addition, the At-Risk Pre-Application Log also includes information relating to Developments that have already received a commitment of funds out of the 2008 State Housing Credit Ceiling.

Due to an error in the 2008 Housing Tax Credit Site Demographic Characteristics Report (“Site Demographics”), scores published for points under §50.9(i)(12) of the 2008 QAP, Housing Need Characteristics, were incorrect for some places in the state. Under this scoring item, referred to as the Affordable Housing Needs Score (“AHNS”), up to six points are assigned to places throughout the state based on objective measures of housing need. The AHNS is approved by the Board annually and published on the Housing Resource Center webpage of the Department’s website. Pursuant to §50.9(i)(12) of the QAP, applicants must rely on the Site Demographics report to obtain the AHNS. Staff made an error when reproducing the data to be published with the 2008 Site Demographics report. The incorrect Site Demographics report increased some scores and decreased others. This error impacted 25 of 167 Pre-Applications, with 10 being positively impacted by the error, and 15 being negatively impacted by the error. This error also impacted 4 of 30 Intent to Requests, with all 4 being positively impacted by the error.

On January 31, 2008 the Board ratified staff action related to the error. Staff has addressed the scoring error as follows:

For Pre-Applications where the proposed development is to be located in one of the places affected by the incorrect data in the Site Demographics, the Pre-Application will receive an adjusted score equal to the higher of the two Affordable Housing Needs Scores published to the Department’s website, regardless of whether the higher score originated from the incorrect Site Demographics report or the correct data.

All Applicants should review the Pre-Application Log and notify Audrey Martin, HTC Administrator, of any errors in the information posted. Audrey may be reached at audrey.martin@tdhca.state.tx.us. All requests for changes must be made in writing via email or facsimile. Email requests are preferred; however if email is not accessible, Applicants may send facsimile requests to (512) 475-0764.

As stated above, the At-Risk Pre-Application Log also includes information relating to Developments that have already received a commitment of funds out of the 2008 State Housing Credit Ceiling. These Developments consist of 2007 Forward Commitments and Binding Allocation Agreements for additional credits for 2005 Applications. The

amount of the HTC award for 2007 Forward Commitments and Binding Allocation Agreements has not been subtracted from the credits available for each set-aside, sub-region, or region, as reflected in the “Allocation Information for Region” box at the beginning of each region’s portion of the report. All 2007 Forward Commitments and Binding Allocation Agreements are designated as an Awarded Application, or “A”, in the column, “Status”, which is on the far left side of the report. The awarded applications are also separated from the 2008 Pre-Application and *Intent to Request* submissions by a dotted line, and have been assigned a score of 300.

Information relating to the 2007 Forward Commitments and Binding Allocation Agreements has been separated in an effort to provide Applicants an opportunity to properly assess the one-mile/same-year rule, one-mile/three-year rule and \$2 million credit limit rule. Pursuant to §2306.6711(f) of Texas Government Code, “The board may allocate housing tax credits to more than one development in a single community...only if the developments are or will be located more than one linear mile apart.”. This one-mile/same-year rule applies to Developments located within counties with populations exceeding 1,000 000. These counties include Bexar, Harris, Tarrant, and Dallas Counties. Also, this rule applies to Binding Allocation Agreements, but does not apply to 2007 Forward Commitments.

Pursuant to §2306.6703(a)(3) of Texas Government Code, an application will be considered ineligible if the applicant proposes to construct a new development that is located one linear mile or less from a development that serves the same type of household as the new development and has received an allocation of housing tax credits for new construction at any time during the three-year period preceding the date the application round begins. This one-mile/three-year rule applies to 2007 Forward Commitments and Binding Allocation Agreements.

Pursuant to §2306.6711(b) of Texas Government Code, the Department may not allocate more that \$2 million in housing tax credits to any applicant in a single application round. This \$2 million limit applies to Binding Allocation Agreements, but does not apply to 2007 Forward Commitments.
